George Orwell's *Nineteen Eighty-Four* is unquestionably the most famous dystopian novel of all times. Written in the year of 1948, the author swapped the last two digits while describing a future totalitarian society where the minds, attitudes and actions of the subjects are thoroughly scrutinized by the "Thought Police", suspected dissidents tracked down and where the worship of the mythical party leader Big Brother is forced upon the masses. The low-ranking party member Winston Smith begins secretly to question the whole system and initiates a forbidden love affair with another party member.

Before She Was Found Macmillan International Higher Education
I like these songs better than all the rest, and someday you will too, Franz Schubert told the friends who were the first to hear his

song cycle, *Winterreise*. These lieder have always found admiring audiences, but the poetry he chose to set them to has been widely regarded as weak and trivial. In *Retracing a Winter's Journey*, Susan Youens looks not only at Schubert's music but at the poetry, drawn from the works of Wilhelm Müller, who once wrote in his diary, "perhaps there is a kindred spirit somewhere who will hear the tunes behind the words and give them back to me!" Youens maintains that Müller, in depicting the wanderings of the alienated lover, produced poetry that was simple but not simple-minded, poetry that embraced simplicity as part of its meaning. In her view, Müller used the ruder folk forms to give his verse greater immediacy, to convey more powerfully the wanderer's complex inner state. Youens addresses many different aspects of *Winterreise*: the cultural milieu to which it belonged, the genesis of both the poetry and the music, Schubert's transformation of poetic cycle into music, the philosophical dimension of the work, and its musical structure. SLJ. Ashgate Publishing, Ltd.

The Diary of an Old Soul is a book of poems written by George MacDonald that can be read as daily devotionals. George MacDonald was a Scottish author and Christian minister who is considered to be one of the main pioneers of the fantasy genre of fiction. MacDonald's books influenced many great authors that followed such as C.S. Lewis, J.R.R. Tolkien, and Edith Nesbit. MacDonald wrote many classics such as *Lilith*, *Phantastes*, *The Princess and the Goblin*, and *At the Back of the North Wind*. In this volume of verse, MacDonald offers a poem for every day of the year; each is intended to prompt introspection and prayerful contemplation.

The Letterbooks of John Evelyn Springer

The poet and author's "beautiful . . . wise and warm" journal of time spent in her New Hampshire home alone with her garden, her books, the seasons, and herself (Eugenia Thornton, Cleveland Plain Dealer). "Loneliness is the poverty of self; solitude is richness of self." —May Sarton May Sarton's parrot chatters away as Sarton looks out the window at the rain and contemplates returning to her "real" life—not friends, not even love, but writing. In her bravest and most revealing memoir, Sarton casts her keenly observant eye on both the interior and exterior worlds. She shares insights about everyday life in the quiet New Hampshire village of Nelson, the desire for friends, and need for solitude—both an exhilarating and terrifying state. She likens writing to "cracking open the inner world again," which sometimes plunges her into depression. She confesses her fears, her disappointments, her unresolved angers. Sarton's garden is her great, abiding joy, sustaining her through seasons of psychic and emotional pain. *Journal of a Solitude* is a moving and profound meditation on creativity, oneness with nature, and the courage it takes to be alone. Both uplifting and cathartic, it sweeps us along on Sarton's pilgrimage inward. This ebook features an extended biography of May Sarton.

"In the diaries [Rilke] kept from 1898 to 1900, now translated for the first time . . . the overall impression is that of a genius just coming into his own powers."—Boston Phoenix In April 1898 Rainer Maria Rilke, not yet twenty-three, began a diary of his Florence visit. It was to record, in the form of an imaginary dialogue with his mentor and then-lover, Lou Andreas-Salome, his firsthand experiences of early Renaissance art. The project quickly expanded to include not only thoughts on life, history, and artistic genius, but also unguarded moments of revulsion, self-doubt, and manic expectation. The result is an intimate glimpse into the young Rilke, already experimenting brilliantly with language and metaphor. "For the lover of Rilke, this superb translation of the poet's early diaries will be a watershed.

Through Edward Snow's and Michael Winkler's brilliantly supple and faithful translation . . . a new and more balanced picture of Rilke will emerge."—Ralph Freedman

The Wisdom of Writing Diaries for Your Children HMH

American education as we know it today—guaranteed by the state to serve every child in the country—is still less than a hundred years old. It's no wonder we haven't agreed yet as to exactly what role education should play in our society. In these Tanner Lectures, Danielle Allen brings us much closer, examining the ideological impasse between vocational and humanistic approaches that has plagued educational discourse, offering a compelling proposal to finally resolve the dispute. Allen argues that education plays a crucial role in the cultivation of political and social equality and economic fairness, but that we have lost sight of exactly what that role is and should be. Drawing on thinkers such as John Rawls and Hannah Arendt, she sketches out a humanistic baseline that re-links education to equality, showing how doing so can help us reframe policy questions. From there,

she turns to civic education, showing that we must reorient education's trajectory toward readying students for lives as democratic citizens. Deepened by commentaries from leading thinkers Tommie Shelby, Marcelo Suárez-Orozco, Michael Rebell, and Quiara Alegria Hudes that touch on issues ranging from globalization to law to linguistic empowerment, this book offers a critical clarification of just how important education is to democratic life, as well as a stirring defense of the humanities. *From "A Journal of Love": The Unexpurgated Diary of Anaïs Nin, 1934-1937* Penguin

A gripping thriller about three young girlfriends, a dark obsession and a chilling crime that shakes up a quiet Iowa town, from the New York Times bestselling author of *The Weight of Silence*. For twelve-year-old Cora Landry and her friends Violet and Jordyn, it was supposed to be an ordinary sleepover—movies and Ouija and talking about boys. But when they decide to sneak out to go to the abandoned rail yard on the outskirts of town, little do they know that their innocent games will have dangerous consequences. Later that night, Cora Landry is discovered on the tracks, bloody and clinging to life, her friends nowhere to be found. Soon their small rural town is thrust into a maelstrom. Who would want to hurt a young girl like Cora—and why? In an investigation that leaves no stone unturned, everyone is a suspect and no one can be trusted—not even those closest to Cora. *Before She Was Found* is a timely and gripping thriller about friendship and betrayal, about the power of social pressure and the price of needing to fit in. It is about the great lengths a parent will go to protect their child and keep them safe—even if that means burying the truth, no matter the cost. And don't miss Heather's latest book, *AN OVERNIGHT GUEST!* You'll be chilled and riveted from start to finish with this story of an unexpected visitor and a deadly snowstorm! Check out these other riveting novels of suspense by bestselling author Heather Gudenkauf: *The Weight of Silence* *These Things Hidden One Breath Away* *Little Mercies* *Missing Pieces* *Not a Sound* *This is How I Lied*

The renowned diarist continues the story begun in *Henry and June* and *Incest*. Drawing from the author's original, uncensored journals, *Fire* follows Anaïs Nin's journey as she attempts to liberate herself sexually, artistically, and emotionally. While referring to her relationships with psychoanalyst Otto Rank and author Henry Miller, as well as a new lover, the Peruvian Gonzalo Moré, she also reveals that her most passionate and enduring affair is with writing itself.

Journal of a Solitude Nineteen Eighty-Four

The prolonged conflict in Iraq has shown us war's transformative effect. Civilians rivet themselves to events happening halfway around the world, while young soldiers return home from battlefields, coping with the memories of those events. *How We Are Changed by War* examines our sense of ourselves through the medium of diaries and wartime correspondence, beginning with the colonists of the early seventeenth century, and ending with the diaries and letters from Iraqi war vets. The book tracks the effects of war in private writings regardless of the narrator's historical era allowing the writers to 'speak' to each other across time to reveal a profound commonality of cultural experience. Finally, interpreting the narratives by how the writers conveyed the content adds a richer layer of meaning through the lenses of psychology and literary criticism, providing a model for any society to examine itself through the medium of its members' informal writings.

Conflicts in Feminism proposes new strategies for negotiating and practicing conflict in feminism. Noted scholars and writers examine the most critically divisive issues within feminism today

with sensitivity to all sides of the debates. By analyzing how the debates have worked for and against feminism, and by promoting dialogue across a variety of contexts, these provocative essays explore the roots of divisiveness while articulating new models for a productive discourse of difference.

Horses, People and Parliament in the English Civil War

Wipf and Stock Publishers

This book provides an account of how, in the years 1800-1825, enlightened entrepreneur and budding reformer Robert Owen used his cotton mill village of New Lanark, Scotland, as a test-bed for a set of political intuitions which would later form the bedrock of early socialism in Britain. Drawing from previously unpublished archival sources, this study shows that New Lanark was not merely on the receiving end of Owen's innovative brand of industrial paternalism, but also acted as a major source of inspiration for many aspects of his social system, including his desire to remodel society along communitarian lines. This book therefore reaffirms the centrality of New Lanark as the cradle of socialism in Britain, and provides a contextualised, social history of Owen's ideas, tracing direct continuities between his early years as a paternalistic businessman, and his later career as a radical political leader. In doing so, it eschews the myth of New Lanark as a unidimensional 'model' village and addresses the ambiguities of Owen's journey from paternalism to socialism.

How Puritanism made modern Britain In order to understand the English Revolution and Civil War, it is essential to get a grasp on the nature of Puritanism. In this classic work of social history, Christopher Hill reveals Puritanism as a living faith, one responding to social as well as religious needs. It was a set of beliefs that answered the hopes and fears of yeomen and gentlemen, as well as merchants and artisans, in a time of tribulation and extraordinary turbulence. Over this period, Puritanism was interwoven into daily life. Here Hill looks at how rituals and practices such as oath-taking, the Sabbath, bawdy courts, and poor relief offered a way to bring order to social upheaval. He even offers an explanation for the emergence of the seemingly paradoxical figure of the age—the Puritan revolutionary.

Horses played a major role in the military, economic, social and cultural history of early-modern England. This book uses the supply of horses to parliamentary armies during the English Civil War to make two related points. Firstly it shows how control of resources - although vital to success - is contingent upon a variety of logistical and political considerations. It then demonstrates how competition for resources and construction of individuals' identities and allegiances fed into each other. Resources, such as horses, did not automatically flow out of areas which were nominally under Parliament's control. Parliament had to construct administrative systems and make them work. This was not easy when only a minority of the population actively supported either side and property rights had to be negotiated, so the success of these negotiations was never a foregone conclusion. The study also demonstrates how competition for resources and construction of identities fed into each other. It argues that allegiance was not a fixed underlying condition, but was something external and changeable. Actions were more important than thoughts and to secure victory, both sides needed people to do things rather than feel vaguely sympathetic.

Furthermore, identities were not always self-fashioned but could be imposed on people against their will, making them liable to disarmament, sequestration, fines or imprisonment. More than simply a book about resources and logistics, this study poses fundamental questions of identity construction, showing how culture and reality influence each other. Through an exploration of Parliament's interaction with local communities and individuals, it reveals fascinating intersections between military necessity and issues of gender, patriarchy, religion, bureaucracy, nationalism and allegiance.

Hailed as a classic of war writing in the U.K., The Junior Officers' Reading Club is a revelatory first-hand account of a young enlistee's profound coming of age. Attempting to stave off the tedium and pressures of army life in the Iraqi desert by losing themselves in the dusty paperbacks on the transit-camp bookshelves, Hennessey and a handful of his pals from military academy form the Junior Officers' Reading Club. By the time he reaches Afghanistan and the rest of the club are scattered across the Middle East, they are no longer cheerfully overconfident young recruits, hungering for action and glory. Hennessey captures how boys grow into men amid the frenetic, sometimes exhilarating violence, frequent boredom, and almost overwhelming responsibilities that frame a soldier's experience and the way we fight today. Hiding from the Nazis in the "Secret Annexe" of an old office building in Amsterdam, a thirteen-year-old girl named Anne Frank became a writer. The now famous diary of her private life and thoughts reveals only part of Anne's story, however. This book completes the portrait of this remarkable and talented young author. Tales from the Secret Annex is a complete collection of Anne Frank's lesser-known writings: short stories, fables, personal reminiscences, and an unfinished novel. Here, too, are portions of the diary originally withheld from publication by her father. By turns fantastical, rebellious, touching, funny, and heartbreaking, these writings reveal the astonishing range of Anne Frank's wisdom and imagination--as well as her indomitable love of life. Anne Frank's Tales from the Secret Annex is a testament to this determined young woman's extraordinary genius and to the persistent strength of the creative spirit.

The Routledge Handbook of the History of Settler Colonialism examines the global history of settler colonialism as a distinct mode of domination from ancient times to the present day. It explores the ways in which new polities were established in freshly discovered 'New Worlds', and covers the history of many

countries, including Australia, New Zealand, Israel, Japan, South Africa, Liberia, Algeria, Canada, and the USA. Chronologically as well as geographically wide-reaching, this volume focuses on an extensive array of topics and regions ranging from settler colonialism in the Neo-Assyrian and Roman empires, to relationships between indigenes and newcomers in New Spain and the early Mexican republic, to the settler-dominated polities of Africa during the twentieth century. Its twenty-nine interdisciplinary chapters focus on single colonies or on regional

developments that straddle the borders of present-day states, on successful settlements that would go on to become powerful settler nations, on failed settler colonies, and on the historiographies of these experiences. Taking a fundamentally international approach to the topic, this book analyses the varied experiences of settler colonialism in countries around the world. With a synthesizing yet original introduction, this is a landmark contribution to the emerging field of settler colonial studies and will be a valuable resource for anyone interested in the global history of imperialism and colonialism.
