*Why Him? Why Her?* Harper Collins  
 This book presents the powerful basics of the original Teachings of Abraham. Within these pages, you'll learn how all things, wanted and unwanted, are brought to you by this most powerful law of the universe, the Law of Attraction (that which is like unto itself is drawn). You've most likely heard the saying "Like attracts like," "Birds of a feather flock together," or "It is done unto you as you believe" (a belief is only a thought you keep thinking); and although the Law of Attraction has been alluded to

by some of the greatest teachers in history, it has never before been explained in as clear and practical terms as in this latest book by New York Times best-selling authors, Esther and Jerry Hicks. Learn here about the omnipresent Laws that govern this Universe and how to make them work to your advantage. The understanding that you'll achieve by reading this book will take all the guesswork out of daily living. You'll finally understand just about everything that's happening in your own life as well as in the lives of those you're interacting with. This book will help you to joyously be, do, or have anything that you desire!

*The Rules of Enticement*: A woman should never surrender to a man without knowing his intentions. A man should never seduce a woman for the purposes of revenge. *Rules of Society* After nine years, Hannah Setterington has decided to sell the Distinguished Academy of Governesses and explore the secrets of her past. To that end she has agreed to be a companion to the elderly aunt of Lord Raeburn, a man enshrouded by dark mystery and haunted by the rumor that he murdered his wife. A strong-minded woman accustomed to the vagaries of nobility, Hannah believes the rumor to be so much piffle, until she comes face to face with Lord Raeburn. *Rules of Fascination* Dougald Pippard, Lord Raeburn, is deviously satisfied when his plan to trap Hannah springs itself successfully. But his satisfaction is short-lived as the indomitable Hannah draws the battle lines and kisses him with the pent-up passion Dougald hasn't felt for nine long years. The fire that has always flared between them rages again with every touch, every glance, until Dougald is almost ready to forget his wounded memories and plans of revenge for just one more night with her. *Rules of Attraction*

**X and Why** HarperCollins

Now available as an eBook, a simple step-by-step guide that allows you to realistically apply the Law of Attraction to improve your life and achieve the next level of practical understanding. The Law of Attraction is one of the most popular topics in the area of self-help. At the same time, it is also one of the most misunderstood. Why is that? There are three main reasons: First, there are hundreds of Law of Attraction books available, and most either rehash the same information or completely differ on what they teach, which results in confusion. Second, the big-name "experts" on the Law of Attraction never teach the real secrets in their books, as they mainly try to convince you to enroll in their expensive courses, which supposedly teach the real secrets. And lastly, the majority of Law of Attraction books are either motivational and/or inspirational while lacking practicality. In this economic recession, people more than ever need the Law of Attraction to find a new job, earn more money, or simply to improve their lives. What exactly is the Law of Attraction? Plain and simple, it is the process of tapping into the hidden powers of our subconscious mind to "manifest" what we desire into our physical reality. *Total Law Of Attraction* explains in plain language that it's our emotions, not so much our thoughts, that play a greater role in attracting what we want. *Total Law Of Attraction* avoids the need to search through many different Law of Attraction books to get the most important information. In one book, Dr. David Che has made the most powerful secrets of the Law of Attraction accessible for any individual who seeks them.

Incisive, controversial and startlingly funny, *The Rules of Attraction* examines a group of affluent students at a small, self-consciously bohemian, liberal-arts college on America's East Coast. Lauren, who changes the man in her bed even more often than she changes course, is dating Victor but sleeping with Sean. Sean - cool, ambivalent and deeply cynical - might be in love with Lauren, but he's not going to let that stop him from bedding Paul. Paul,

as shrewd as he is passionate, is Lauren's ex-lover and the final point in this curious triangle. This is a breathtaking tale of sex, expectation, desire and frustration.

**The Last Law of Attraction Book You'll Ever Need To Read** Short Books

A groundbreaking book about how your personality type determines who you love. Why do you fall in love with one person rather than another? In this fascinating and informative book, Helen Fisher, one of the world's leading experts on romantic love, unlocks the hidden code of desire and attachment. Each of us, it turns out, primarily expresses one of four broad personality types—Explorer, Builder, Director, or Negotiator—and each of these types is governed by different chemical systems in the brain. Driven by this biology, we are attracted to partners who both mirror and complement our own personality type. Until now the search for love has been blind, but Fisher pulls back the curtain and reveals how we unconsciously go about finding the right match. Drawing on her unique study of 40,000 men and women, she explores each personality type in detail and shows you how to identify your own type. Then she explains why some types match up well, whereas others are problematic. (Note to Explorers: be prepared for a wild ride when you hitch your star to a fellow Explorer!) Ultimately, Fisher's investigation into the complex nature of romance and attachment leads to astonishing new insights into the essence of dating, love, and marriage. Based on entirely new research—including a detailed questionnaire completed by seven million people in thirty-three countries—*Why Him? Why Her?* will change your understanding of why you love him (or her) and help you use nature's chemistry to find and keep your life partner.

**The Art Of Seduction** Vintage

Many people believe that successful people must have a certain secret. The secret is what makes them rich, abundant, and success. Thus, they want to find out this secret. That's why they keep reading books, attending seminars, listening to CDs, etc. Unfortunately, there is no such secret. Even if there is a secret, it is in your mind. You don't have to look it everywhere. You can find it in your mind. But how do we find it? How do we search our minds? Well, this book can help you. This book is going to help you. This book is going to help you to master your mind. This book is going to teach you how to use the power of your mind to manifest your dreams. Some books probably discuss the Law of Attraction from the Quantum Physics perspective. Some also discuss it from the spiritual perspective. But I am going to discuss it from how the mind works, or the science of the mind. In order to master the Law of Attraction, you don't need to understand the theory of Quantum Physics or the Law of Physics. It is much more important to master your mind. Once you have mastered your mind, you will be able to master your life, as well as the Law of Attraction. It's because everything begins from the mind. Your thoughts create your reality. You are what you think. There are 21 chapters in this book, more exactly, they are 21 DAYS. I want you to read this book one chapter per day. Why should you do that? Are you not allowed to read all the chapters at once? You can read all the chapters at once, or read it in accordance with your pace. But I would like to suggest you to read this book one chapter per day. Based on the study I read before, after reading a book, someone will forget 90% of the content of the book after 3 days. Imagine in just 3 days, we forget about 90% of the content. I don't want you to just read this book. I want you to read and understand it. And I want you practice everything what I have written in this book.

*The Basics of the Teachings of Abraham* Simon and Schuster

In the last century it was argued that men are from Mars and women are from Venus - but things have moved on a long way since then. In this timely new approach to the debate, Tom Whipple travels far and wide - from a Home Counties swingers' party to a gay penguin sanctuary in Germany - and draws on the latest studies

in behavioural science as well as fascinating explorations into anthropology to present a surprising tale of expectations and mismatches. If you are currently single, this book is about your place in the dating market - your successes, your failures and what they mean. If you are in a relationship, it is about why you chose the person you are with, why they chose you - and the circumstances in which either of you might put it all at risk and stray. In *X and Why*, Tom Whipple delves into the sexual subconscious to explain the inner workings of character and desire. It will change the way you see yourself and everyone around you.

The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power.

(From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In *The 48 Laws of Power*, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends.
