The Middle Stories Sterling Publishing Company, Inc.

Sally J. Freedman was ten when she made herself a movie star. She would have been happy to reach stardom in New Jersey, but in 1947 her older brother Douglas became ill, so the Freedman family traveled south to spend eight months in the sunshine of Florida. That's where Sally met her friends Andrea, Barbara, Shelby, Peter, and Georgia Blue Eyes—and her unsuspecting enemy, Adolf Hitler. Dear Chief of Police: You don't know me but I am a detective from New Jersey. I have uncovered a very interesting case down here. I have discovered that Adolf Hitler is alive and has come to Miami Beach to retire. He is pretending to be an old Jewish man... While she watches and waits, and keeps a growing file of letters under her bed, Sally's Hitler will play an important—though not quite starring—role in one of her grandest movie spectaculars.

Sheila Munro is the daughter of one of the world's most admired fiction writers: Alice Munro, three-time winner of Canada's prestigious Governor General's Award. In *Lives of Mothers and Daughters*, she reveals what it was like to grow up with a mother of such tremendous renown. At the core of the book lies a loving and intimate biography of Alice, presented as only a daughter can. Sheila traces the story back to her ancestors, who left

Scotland in the early 19th century, before telling of Alice's birth in 1931, her youth growing up on an Ontario farm, and her two marriages, and two grandchildren--Sheila's own children. Sheila has a tale to tell that's her own as well, involving her writerly aspirations and her efforts to forge a unique path while following in her mother's footsteps. And so, from her perspective as both an author and a mother, Sheila writes frankly about her mother and her mother's writing. The legions of devoted Alice Munro fans will glimpse real-life settings, situations and characters that have worked their way into her fiction as Sheila offers a behind-the-scenes tour (replete with Munro family snapshots) of the inspirations for the tales Munro fans know and love.

From the author of How Should a Person Be? ("one of the most talked-about books of the year"—Time Magazine) and the New York Times Bestseller Women in Clothes comes a daring novel about whether to have children. In Motherhood, Sheila Heti asks what is gained and what is lost when a woman becomes a mother, treating the most consequential decision of early adulthood with the candor, originality, and humor that have won Heti international acclaim and made How Should A Person Be? required reading for a generation. In her late thirties, when her friends are asking when they will become mothers, the narrator of Heti's intimate and urgent novel considers whether she will do so at all. In a narrative spanning several years, casting among the influence of her peers, partner, and her duties to her forbearers, she struggles to make a wise and moral choice. After seeking guidance from philosophy, her body, mysticism, and chance, she discovers her answer much closer to home. Motherhood is a courageous, keenly felt, and starkly original novel that will surely spark lively conversations about womanhood, parenthood, and about how—and for whom—to live.
