Get to grips with the tools, services, and functions needed for application migration to help you move from legacy applications to cloud-native on Google Cloud Key Features Discover how a sample legacy application can be transformed into a cloud-native application on Google Cloud Learn where to start and how to apply application modernization techniques and tooling Work with real-world use cases and instructions to modernize an application on Google Cloud Book Description Legacy applications, which comprise 75–80% of all enterprise applications, often end up being stuck in data centers. Modernizing these applications to make them cloud-native enables them to scale in a cloud environment without taking months or years to start seeing the benefits. This book will help software developers and solutions architects to modernize their

applications on Google Cloud and transform them into cloud-native applications. This book helps you to build on your existing knowledge of enterprise application development and takes you on a journey through the six Rs: rehosting, replatforming, rearchitecting, repurchasing, retiring, and retaining. You'll learn how to modernize a legacy enterprise application on Google Cloud and build on existing assets and skills effectively. Taking an iterative and incremental approach to modernization, the book introduces the main services in Google Cloud in an easy-to-understand way that can be applied immediately to an application. By the end of this Google Cloud book, you'll have learned how to modernize a legacy enterprise application by exploring various interim architectures and tooling to develop a cloud-native microservices-based application. What you will learn Discover the principles and best practices for building

cloud-native applications
 Study the six Rs of migration strategy and learn when to choose which strategy
 Rehost a legacy enterprise application on Google Compute Engine
 Replatform an application to use Google Load Balancer and Google Cloud SQL
 Refactor into a single-page application (SPA) supported by REST services
 Replatform an application to use Google Identity Platform and Firebase Authentication
 Refactor to microservices using the strangler pattern
 Automate the deployment process using a CI/CD pipeline with Google Cloud Build
 Who this book is for
 This book is for software developers and solutions architects looking to gain experience in modernizing their enterprise applications to run on Google Cloud and transform them into cloud-native applications.
 Basic knowledge of Java and Spring Boot is necessary. Prior knowledge of Google Cloud is useful but not mandatory.

 The Official Guide for GMAT Review 2017

(9781119347620) was previously published as The Official Guide for GMAT Review 2017 (9781119253884). Errors were found in the original printing that have been corrected in subsequent printings. Otherwise, all other content in both 2017 versions is identical. If you have already purchased a copy of the original The Official Guide for GMAT Review 2017 (9781119253884), you can access an errata (correction) document as well as additional information at: <http://wileyactual.com/gmat>
 The premier GMAT review guide for fully personalized preparation
 The Official Guide for GMAT Review 2017 is the ultimate preparation kit from the makers of the GMAT exam. You'll find success strategies and test-taking tips from the experts at The Graduate Management Admission Council, along with in-depth grammar and math review—but you'll also find so much more. This book is designed to provide you with a targeted preparation experience customized to your strengths and weaknesses. A diagnostic test helps you prioritize your study time, while the companion website

(gmat.wiley.com) allows you to create your own practice tests focused on the areas you need to improve. Over 900 past exam questions are answered with explanations, and actual example essays are included with scoring information to help you plan your approach in advance. This new 2017 edition contains never-before-seen material, including 61 quantitative, 61 verbal, and 8 integrated reasoning questions with full explanations to enhance your level of preparation. The GMAT's scope and importance make it a high-pressure exam. Don't waste valuable time going over what you already know. This book helps you discover what you don't know, and tailor your review to turn weaknesses into strengths. Develop a personalized review plan based on a 100-question diagnostic test to help make the most of your study time
 Read actual essay topics, sample responses, and scoring information
 Review over 900 exam questions, 61 quantitative, 61 verbal, and 8 online integrated reasoning questions
 Comprehensive grammar and math review

Questions organized in order of difficulty to focus your study Updated to include all the corrections from the first printing Confidence is key, but actual knowledge is what drives a high score. Thorough preparation is the most valuable advantage you can have on the GMAT, and The Official Guide for GMAT Review 2017 delivers a personalized review plan tailored to you.

Guide to the Internal Revenue Service for Congressional Staff Disha Publications

In 1991 Walter L. Buenger and the late Robert A.

Calvert compiled a pioneering work in Texas historiography: *Texas Through Time*, a seminal survey and critique of the field of Texas history from its inception through the end of the 1980s. Now, Buenger and Arnolde De León have assembled an important new collection that assesses the current state of Texas historiography, building on the many changes in understanding and interpretation that have developed in the nearly twenty years since the publication of the original volume. This new work, *Beyond Texas Through Time*, departs from the earlier volume's emphasis on the dichotomy between traditionalism and revisionism as they applied to various eras. Instead, the studies in this book consider the topical and thematic understandings of Texas historiography embraced by a new generation of Texas historians as they reflect analytically on the work of the past two decades. The resulting approaches thus offer the potential of informing the study of themes and topics other than those specifically introduced in this volume, extending its usefulness well beyond a review of the literature. In

addition, the volume editors' introduction proposes the application of cultural constructionism as an important third perspective on the thematic and topical analyses provided by the other contributors. *Beyond Texas Through Time* offers both a vantage point and a benchmark, serving as an important reference for scholars and advanced students of history and historiography, even beyond the borders of Texas. *Complete Guide to Federal and State Garnishment, 2020 Edition (IL)* John Wiley & Sons

GO TO Guide for CLAT & other Law Admission Tests with latest-pattern Passage based Questions, as the name suggests, is a One Stop Solution for all your requirements for all the Law Admission Tests - CLAT, AILET, SLAT etc. The new edition is now empowered with 2021 CLAT & AILET Papers. The DISTINCT and MOST VALUABLE feature of the

book comprises newly created passage based questions on General Knowledge, Logical Reasoning (Puzzles, Problem Solving), Elementary Mathematics (Data Interpretation & Data Analysis) exactly in the LATEST pattern of CLAT which will not be found in any other book till date. The book also covers the Passage-based Questions in the various sections as per the latest pattern of CLAT. The book covers different sections of the exams divided into more than 50 chapters - Legal Aptitude (8 chapters), English Language (10 chapters), Logical Reasoning (16 chapters), Elementary Mathematics (15 chapters) & General Knowledge (5 chapters). A separate section - Indian Constitution and Polity -

divided into 10 chapters has been provided in the book to help aspirants master the topic. Special emphasis has been laid on this section for the purpose of building the aspirants' basic foundation for the Legal Aptitude section. It will help the aspirants understand every legal aspect, implication and relevance of Indian Constitution and Polity, so that cracking the Legal Aptitude section of CLAT becomes a cakewalk for them. The book covers Previous Years' Questions of CLAT as well as AILET from 2015 - 2021 in the respective chapters of the different sections. A large number of questions for extensive practice have been given under every chapter with the solutions provided at the end of the chapter. In all the book contains 3300+ MCQs.
