Is a willful little darling driving you to distraction? The New Strong-Willed Child is the resource you need—a classic bestseller completely rewritten, updated, and expanded for a new generation of parents and teachers. Challenging as they are to raise, strong-willed children can grow up to be men and women of

strong character—if lovingly guided with understanding and the right kind of discipline. If you are struggling to raise and teach children who are convinced they should be able to live by their own rules, The New Strong-Willed Child is a must-read! (This new edition is part of Dr.

James Dobson's Building A Family Legacy initiative.)

THE KEY TO DISCIPLINE IS NOT PUNISHMENT, BUT MUTUAL RESPECT All parents try to do their best--but the best of intentions don't always produce the best results. Dr. Jane Nelsen, an experienced psychologist, educator, and mother, believes that children misbehave when they feel thwarted in their need to belong and in their need for love and attention. An authoritative approach, using phrases like " Because I said so!" , will only lead to rebellious behavior. Instead, parents need basic principles that bring them and their children closer. They need Positive

Discipline. Dr. Nelsen explains that parents who use kindness and firmness to teach life skills will encourage self-respect, self-discipline, cooperation, good behavior, and problem-solving skills in their children. In *Positive Discipline*, revised and updated for the '90s, she shows all of us, parents and teachers alike, exactly how her practical program works--answering, step-by-step, such important questions as: \*What works better than punishment to teach children positive, good behavior? \*What mistakes do most parents make " in the name of love" ? \*How can parents turn their mistakes into assets? \*How can praise be dangerous? \*What are the dangers of trying to be " Super Mom" ? \*How can teachers avoid discipline problems in the classroom? " It is

positive! It works! It saves your sanity! And it is easy to share with others." -- Julie Pope, Parent Sacramento, CA " As a parent and psychotherapist, I have found enormous value and practical wisdom in Positive Discipline. It conveys a win/win atmosphere for parents and children. The techniques are so easy to learn and fun to use...Anyone following these concepts will see almost instant results and big smiles on the faces of their children." --Katherine Dusay, Psychotherapist San Francisco, CA

Educar con Disciplina y Amor está dirigido a los padres como guía para que a través de la inteligencia emocional en el entorno familiar se expresen deseos, sentimientos y emociones, se consigan objetivos, se convivan con las normas y

límites como parte normal de la vida. El objetivo es que a través de la disciplina y el respeto se construya la base de las relaciones entre padres e hijos basadas en la comunicación asertiva, empatía y muestras de amor. Aporta ideas para que complementen su forma de educar con un sistema basado en el respeto mutuo, la firmeza y reconocimiento emocional a fin de contribuir al desarrollo de individuos con autoconocimiento, autorregulación, motivación, empatía y habilidades sociales que lo preparen para el futuro. Es una propuesta para que los papás, partiendo del conocimiento de las habilidades, destrezas y capacidades del niño, lo guíen en su desarrollo cognitivo, físico y emocional. Busca complementar el estilo de crianza de

cada familia con el de respeto y consideración, basándose en el niño como ser único y dándoles la oportunidad a los padres de que a través de las emociones concilien sentimientos, disciplina y amor.

reveals why spouses react negatively to each other and how they can deal with conflict quickly, easily and biblically. A New York Times best-seller with over 2.1 million copies sold. Cracking the communication code between husband and wife involves understanding one thing: that unconditional respect is as powerful for him as unconditional love is for her.
