The strategic stalemate that prevented a*

direct military conflict between the United States and the Soviet Union displaced violent superpower competition to areas of the Third World where the two blocs could invest in local and regional wars without risking direct confrontation. The Soviet Union tended to approach such conflicts cautiously even when they involved other Communist states. The Cold War in Central America, 1975–1991 (Chapter 10 ...The Cold War was a conflict between the Soviet Union and the United States (see Box 10.1). The two powers that emerged from World War II as pre-eminent in world politics became engaged in a protracted global contest that, although actual combat between them never eventuated, involved the largest and most destructive military

arsenals in history. The Cold War and after (Chapter 10) - An Introduction to ...During the first ten years after the Second World War, events in the Balkans contributed significantly to the shaping of the Cold War world. The outbreak of fratricidal bloodshed in Greece in December 1944, which later escalated into a full-scale civil war, became the first major conflict of the Cold War. In May 1945, even before the German capitulation, an ideologically induced confrontation over control of Trieste threatened to draw the Communist Yugoslav People's Army and the British ...The Cold War in the Balkans, 1945–1956 (Chapter 10) - The ...Start studying Cold War: Chapter 10.
