LOZANO SHEPARD

The Simple Guide to Making Soap Quickly, Safely, and Reliably, Or How to Make Luxurious

Soaps for Family, Friends, and Yourself Phaidon

Press

THINK Currency. THINK Issues. THINK Relevancy. THINK Sociology. With an engaging visual design and just 15 chapters,

THINK Sociology is the Australian Sociology text your students will want to read. This text thinks their thoughts, speaks their language, grapples with the current-day problems they face, and grounds sociology in real world experiences. THINK Sociology is informed with the latest research and the most contemporary examples, allowing you to bring current events directly into your unit with little additional work.

The Orphan Train

Courier Corporation
For courses in Introduction to Fiber Optics and Introduction to Optical Networking in departments of Electronics Technology and Electronics Engineering Technology. Also suitable for corporate

training programs. Ideal for technicians, entry-level engineers, and other nonspecialists, this best-selling practical, thorough, and accessible introduction to fiber optics reflects the expertise of an author who has followed the field for over 25 years. Using a non-theoretical/non-mathematical approach, it explains the principles of optical fibers, describes components and how they work, explores the tools and techniques used to work with them and the devices used to connect fiber network, and concludes with applications showing how fibers are used in modern communication systems. It covers both existing systems and

developing technology, so students can understand present systems and new developments.

Blueberry Muffin

Murder HarperCollins UK

... examines the practical issues surrounding energy efficiency, and renewable energy concepts and systems. And a more appropriate author for such a work could not be found ... combines the expertise earned from decades of practical and scholarly research with the most up-to-date analysis of the energy scene.- From the Foreword by Dan E. Arvizu, President, Alliance for Sustainable Energy, and Manager and Operator of the National Renewable Energy Laboratory.

Ancient Child Harper Collins

SPECIAL NOTE! -- ANNE WILL PERSONALLY ANSWER ANY QUESTION OF YOURS AFTER READING THIS BOOK. ASK ON HER WEB SITE, AND YOU'LL NORMALLY HEAR BACK WITHIN HOURS! Maybe you've made melt-and-pour soap and want to move on to something more challenging and rewarding. Maybe traditional soapmaking appeals to you, but you figure that working with lye is too difficult or dangerous. Or maybe you're already doing it, but outmoded ideas and methods are complicating the process and slowing you down. No matter which of these fits you, you'll find "Smart Soapmaking" practical, helpful, and refreshing. Written by a former

professional soapmaker, this book explodes the myths about soapmaking and shows you how to make luxurious soap from scratch with the least fuss and bother. With both customary and metric measurements, plus a list of suppliers in five countries, "Smart Soapmaking" is the first truly international book on the craft!

////////////////////////////////////

////////////////////////////////////
 Anne L. Watson is the first author to have introduced modern techniques of home soapmaking and lotionmaking to book readers. She has made soap under the company name Soap Tree, and before her retirement from professional life, she was a historic preservation

architecture consultant. Anne and her husband, Aaron Shepard, live in Friday Harbor, Washington.

*****RECOMMENDED BY THE HANDCRAFTED SOAP & COSMETIC GUILD***** "Should become THE book for soapmaking. . . . It's about time someone wrote a book like this. Most are idealistic and inaccurate. This book has a wonderful common sense approach that is SO long overdue. . . . I can recommend it with 100% confidence." -- Susan Kennedy, Oregon Trail Soaps, Rogue River, Oregon "Smart it is A simple, no-nonsense book that cuts through the curmudgery of stifling soap bibles like no other." -- Shellie

Humphries, Harstine Island, Washington "Way overdue. . . . A gift of common sense caution, proven methods, tried-and-true shortcuts, and some excellent recipes as well, for both the professional/experienced soapmaker and the eager beginner." -- Deb Petersen, Shepherd's Soap Co., Shelton, Washington "A great book for beginners, with clear and easy instructions." -- Anne-Marie Faiola, Bramble Berry Inc., Bellingham, Washington "I learned more from Smart Soapmaking than from any other soaping book, and I have read quite a few. . . . It's written with the average person in mind, not a chemistry major. Directions are very simple and easy to understand. It really

takes the mystery out of making soap." -- Jackie Pack, Stuart, Virginia "Groundbreaking Anne L. Watson [is the] universally respected and loved author/crafter/curator of this lost art for thousands of aspiring soapers Unquestionably the best book with which to begin. To be precise, it's probably the most accessible, most reader-friendly, and most immediately useful container of information a first-time soapmaker could hope to find." -- Wishing Willow (blog) BalboaPress The first major and in-depth retrospective monograph on JR, the enigmatic and anonymous Parisian photographer/street artist/activist behind

some of the world's most provocative large-scale public photography projects. Created in close collaboration with JR, this book includes all bodies of his work, his collaborations with other artists and institutions such as the New York Ballet and previously unpublished behind-the-scenes documentation of his studios in Paris and New York, where he and his creative collaborators live and work. Introducing JR 's story is a specially commissioned graphic novel by comic artist Joseph Remnant, which charts his rise from graffiti roots and his decision to become a full-time artist. Features a survey essay by Nato Thompson, Chief Curator of Creative

Time, New York.

JR: Can Art Change the World? Anchorage Press (UK)

A visiting celebrity baker is cut down in the kitchen in the New York Times-bestselling series: “A delightful confection.”—Library Journal Preparations are under way for Lake Eden, Minnesota’s annual Winter Carnival—and Hannah Swensen will be extra busy at her shop, The Cookie Jar. Too bad the honor of creating the official Winter Carnival cake went to famous lifestyle maven Connie Mac—a half-baked idea, in Hannah's opinion. She suspects Connie Mac’s sweet cable-TV image is a cover for something more bitter. Hannah’s suspicions are confirmed when Connie Mac’s limo rolls into

town. Turns out America's "Cooking Sweetheart" is bossy, bad-tempered, and downright domineering. Things finally boil over when Hannah arrives at The Cookie Jar to find the Winter Carnival cake destroyed—and Connie Mac lying dead in her pantry, struck down while eating one of Hannah's famous blueberry muffins. Next thing Hannah knows, the police have declared The Cookie Jar's kitchen crime scene off-limits. She's a baker without an oven—and the Carnival is right around the corner. Her only alternative is to cook up a plan to save her business—by finding the killer herself... Includes seven original cookie and dessert recipes for you to try!

"Delicious food descriptions and recipes, warm and familiar characters who grow into real people...a vivid picture of the small lake town and a well-crafted mystery provide the ingredients for yet another tempting feast that should satisfy all fans, old and new."—Publishers Weekly

 The Tao of MermaidsUnlocking the Universal Code with the Angels and MermaidsBalboaPress
Need You Tonight (Loving on the Edge, Book 5) The Tao of MermaidsUnlocking the Universal Code with the Angels and Mermaids
 The Tao of Mermaids contains positive,

inspiring and effective messages, exercises, and instructions to help you unlock the universal code, manifest your heart's desire, and live the life of your dreams. This book will explain to you the magic of the Mermaids and the water element, teach you how to decode Angel, Mermaid and Dolphin messages in dreams, crystals and numbers, and give you access to the ancient civilizations of Lemuria and Atlantis, showing you how to apply this knowledge to enrich your life today. In a practical, enjoyable way you will learn how to use the wisdom of the Tao to improve your daily life and heal yourself, discover the links between food and spirituality, and learn how to manifest your

soul mate. This book also contains the very personal story of how Kitty Bishop attracted her own soul mate eleven years ago by following the techniques outlined in this book. The teachings in this book are tried and tested they work. This book gives you the keys to unlocking the code. All you have to do is step through the door.

Think Sociology

Kensington Books

A Loving on the Edge novel perfect for fans of Fifty Shades of Grey.

The Tao of Mermaids

Entertaining, nontechnical demonstrations of the meaning of relativity theory trace development from basis in geometrical, cosmological ideas of the ancient Greeks,

plus work by Kepler, Galileo, Newton, others. 1983 edition.

Principles of Sustainable Energy

In his first novel since the Pulitzer Prize-winning *House Made of Dawn*, N. Scott Momaday shapes the ancient Kiowa myth of a boy who turned into a bear into a timeless American classic. *The Ancient Child* juxtaposes Indian lore and Wild West legend into a hypnotic, often lyrical contemporary novel--the story of Locke Setman, known as Set, a Native American raised far from the reservation by his adoptive father. Set

feels a strange aching in his soul and, returning to tribal lands for the funeral of his grandmother, is drawn irresistibly to the fabled bear-boy. When he meets Grey, a beautiful young medicine woman with a visionary gift, his world is turned upside down. Here is a magical saga of one man's tormented search for his identity--a quintessential American novel, and a great one.
