 The Year that Defined American Journalism explores the succession of remarkable and decisive moments in American journalism during 1897 - a year of significant transition that helped redefine the profession and shape its modern contours. This defining year featured a momentous clash of paradigms pitting the activism of

William Randolph Hearst's participatory 'journalism of action' against the detached, fact-based antithesis of activist journalism, as represented by Adolph Ochs of the New York Times, and an eccentric experiment in literary journalism pursued by Lincoln Steffens at the New York Commercial-Advertiser. Resolution of the three-sided clash of paradigms would take years and result ultimately in the ascendancy of the Times' counter-activist model, which remains the defining standard for mainstream American journalism. The Year That Defined American Journalism introduces the year-study methodology to mass communications research and enriches our understanding of a pivotal moment in media history.

This book argues that journalism should

treat itself as an academic discipline on a par with history, geography and sociology, and as an art form in its own right. Time, space, social relations and imagination are intrinsic to journalism. Chris Nash takes the major flaws attributed to journalism by its critics—a crude empiricism driven by an un-reflexive 'news sense'; a narrow focus on a de-contextualised, transient present; and a too intimate familiarity with powerful sources—and treats them as methodological challenges. Drawing on the conceptual frameworks of Pierre Bourdieu, David Harvey, Henri Lefebvre, Michel-Rolph Trouillot and Gaye Tuchman, he explores the ways in which rigorous journalism practice can be theorised to meet these challenges. The argument proceeds through detailed case studies of work by two leading iconoclasts—the artist Hans Haacke and the 20th century journalist I.F. Stone. This deeply

provocative and original study concludes that the academic understanding of journalism is fifty years behind its practice, and that it is long past time for scholars and practitioners to think about journalism as a disciplinary research practice. Drawing on an award-winning professional career and over three decades teaching journalism practice and theory, Chris Nash makes these ideas accessible to a broad readership among scholars, graduate students and thoughtful journalists looking for ways to expand the intellectual range of their work.

**What is Journalism?** Capstone

Provides information on using and contributing to Wikipedia, covering such topics as evaluating the reliability of articles, editing existing articles, adding new articles, communicating with other users, and resolving content disputes.

**Everyday Reading** Corwin Press

An edited collection describing key issues in supporting literacy development, this book helps to 'unlock' the mysteries behind helping children learn to read, write, speak and listen. It explores ways to help children develop their skills in literacy, thinking and learning, and shows how literacy teaching can be used creatively and imaginatively with children of all ages and abilities. The new edition of this well-known text: reflects the importance of creativity and the new Primary Strategy offers approaches to teaching literacy that accord with and beyond the literacy hour includes coverage of the Foundation Stage curriculum in every chapter covers the inclusion agenda and supporting EAL pupils highlights the importance of popular culture and visual literacy in children's lives. Interweaving pedagogy with theory and practical suggestions, this book is firmly based in classroom and academic research to support both trainee and practising teacher in the realities of teaching and learning in literacy.

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The

Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

**The Modern Family Cookbook** Routledge

Exploring poetry scrapbooks, old-time radio show recordings, advertising verse, corporate archives, and Hallmark greeting cards, among other unconventional sources, Mike Chasar casts American poetry as an everyday phenomenon consumed and created by a vast range of readers. He shows how American poetry in the first half of the twentieth century and its reception helped set the stage for the dynamics of popular culture and mass media today. Poetry was then part and parcel of American popular culture, spreading rapidly as the consumer economy expanded and companies exploited its profit-making potential. Poetry also offered ordinary Americans

creative, emotional, political, and intellectual modes of expression, whether through scrapbooking, participation in radio programs, or poetry contests. Reenvisioning the uses of twentieth-century poetry, Chasar provides a richer understanding of the innovations of modernist and avant-garde poets and the American reading public's sophisticated powers of feeling and perception.

**The College Courant** Routledge

Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

Inspired by his blog of the same name (which is inspired by what the author considers to be one of the great all-time "Simpsons" quotes), *So, Do You Like Stuff?* is a collection of Mike Kenny's funniest material. Follow the author as he questions whether or not he picked up the correct child from daycare. Watch and learn as he interprets nonsensical hit songs. Feel for him as he attempts to accomplish the mundane tasks assigned to him by his father-in-law. Hide in fear

with him as he passively fights off grizzly bears by hoping they go away. *So, Do You Like ... Stuff?* is a compilation of newly improved, reedited columns and blog posts, as well as original, previously unreleased material. "Stuff may cover a wide range of topics, but the themes here are common to everyone family, work, health, cat condominiums. The usual. Just, unusually funny.

**The Advocate** Routledge  
Revising and Editing for Translators provides guidance and learning materials for translation students and professional translators learning to revise the work of others or edit original writing, and those wishing to improve their self-revision

ability. Revising and editing are seen as reading skills aimed at spotting problematic passages. Changes are then made to meet some standard of quality that varies with the text and to tailor the text to its readership. Mossop offers in-depth coverage of a wide range of topics, including copyediting, stylistic editing, checking for consistency, revising procedures and principles, and translation quality assessment—all related to the professional situations in which revisers and editors work. This revised fourth edition provides new chapters on revising machine outputs and news trans-editing, a new section on reviser competencies, and a completely new grading scheme for assignments. The inclusion of suggested activities and exercises, numerous real-world examples, and a reference glossary make this an indispensable coursebook for professional translation programmes.
