Rusty is a friendly robot, but not a very happy one; he's feeling down about the way that he sounds. The other robots on Planet Robotone - Belle, Twango, Hoot and Boom-Bot - show Rusty that being a little bit different is the best way to be, and together make a raucous song and dance that celebrates their differences. This charming story about friendship, self-discovery and the strength of pooling everyone's talents together has a strong, empowering message of acceptance and embracing individuality. With wonderful, contemporary illustrations that will appeal to young children and parents alike, the story will provoke thought - and conversation - about being different, and how we should all embrace our characteristics and be comfortable and confident in ourselves.

Phonics for Reading Jolly Learning Limited

One in four school students struggle to read. The Phonics Handbook has been written to give assistance to teachers in helping students with reading difficulties. Taking a phonological approach, the book is set out in the form of lesson plans designed to be used instantly, requiring no preparation. The book is based on the wisdom gained from working with hundreds of students who have attended the author's after-school reading clinic. This is reflected in the practical approach to helping students of all ages including those with English as a second language and those with a range of difficulties including, special needs, motivational and attention problems. Phonics Handbook includes lesson plans for every phonics skill from the basic alphabet sounds through to blends, digraphs, syllable breaking and decoding Latin and Greek words. Each lesson is followed by a worksheet for students. Using this format, the book incorporates diagnostic assessment to measure what students need at the outset of teaching, as well as measuring whether the tutoring has been effective. Additional teaching strategies are given to reinforce spelling and assist reading comprehension. Strategies for 'hard to teach' students and information on reporting to parents are included, incorporating research on the best tutoring methods.

The Writing Book Capstone

I have made this Phonics Letter of the Week unit to address the Kindergarten(Prep) level of learning. The contents of this packet provide teachers with a variety of games, activities and worksheets to help teach correct letter formation, written letter identification and recognition of initial letter sound. My aim when creating this book was to provide a unit for teaching one letter of the alphabet at a time. There is a great emphasis on letter sounds, which makes this an ideal tool for phonics teaching. There are 30 games, activities and worksheets that can be used to help you teach the letter Bb at the beginning of the year and to reinforce and consolidate what has been learnt throughout the year.
