*Savita: The Tragedy that shook a nation* Unofficial Guides  
 WINNER OF THE 2020 RBC TAYLOR PRIZE • "Readers might well wonder if Jonathan Swift at his edgiest has been at work."—RBC Taylor Prize Jury Citation • "A remarkable biography of an even more remarkable 17th-century individual ... Beautifully written and endlessly thought-provoking."—Maclean's Murderer. Salesman. Pirate. Adventurer. Cannibal. Co-founder of the Hudson's Bay Company. Known to some as the first European to explore the upper Mississippi, and widely as the namesake of ships and hotel chains, Pierre-Esprit Radisson is perhaps best described, writes Mark Bourrie, as "an eager hustler with no known scruples." Kidnapped by Mohawk warriors at the age of fifteen, Radisson assimilated and was adopted by a powerful family, only to escape to New York City after less than a year. After being recaptured, he defected from a raiding party to the Dutch and crossed the Atlantic to Holland—thus beginning a

lifetime of seized opportunities and frustrated ambitions. A guest among First Nations communities, French fur traders, and royal courts; witness to London's Great Plague and Great Fire; and unwitting agent of the Jesuits' corporate espionage, Radisson double-crossed the English, French, Dutch, and his adoptive Mohawk family alike, found himself marooned by pirates in Spain, and lived through shipwreck on the reefs of Venezuela. His most lasting venture as an Arctic fur trader led to the founding of the Hudson's Bay Company, which operates today, 350 years later, as North America's oldest corporation. Sourced from Radisson's journals, which are the best first-hand accounts of 17th century Canada, Bush Runner tells the extraordinary true story of this protean 17th-century figure, a man more trading partner than colonizer, a peddler of goods and not worldview—and with it offers a fresh perspective on the world in which he lived.

*Senegal* Farrar, Straus and Giroux

This book tells the story of the author's life, work, travel and experiences. The book also deals with the geopolitical circumstances of the world specifically of Asia and South Asia during his life time and provides some dream-like options for

future. The book also vividly describes some conflicts - economic, social, political and familial- that the author experiences at personal, national, regional levels. It is a real life captivating story.

*Estonia* Random House

Seventeen weeks pregnant and facing a miscarriage, Savita Halappanavar and her husband Praveen walked into an Irish maternity ward in October 2012. Unwittingly, the couple also walked into that deeply controversial arena in which Ireland's legislative position on abortion remained unresolved. A week later, Savita was dead from septicaemia. Reports of her death and of the refusal to allow Savita a termination of her pregnancy sent shockwaves across Ireland and around the world. Once again the subject of abortion was catapulted to the very top of the agenda in Ireland. With the pro-life and pro-choice camps claiming the moral high ground, both sides in the bitterly contested battle sought to appropriate Savita's story and her image. In the midst of the ensuing rage and furore, the marches and protests, the threats and counter-threats that exploded across political and media platforms, Savita and the complete circumstances of her death were lost. In *Savita: The Tragedy That Shook A Nation*, Kitty Holland addresses this imbalance as she reveals the truth behind the headlines and explores many unanswered questions: Who was Savita? How significant was it that she was a non-Irish, non-Catholic woman in search of help on Irish soil? And how did her husband and her community's reaction to her death shape the parameters of the debate which followed? Holland's exposé also looks at how the tragic circumstances of Savita's death played a part in compelling the Irish Government to finally legislate on abortion and how activists on each side succeeded or failed in shaping that legislation.

*Erie Uprising* Biblioasis

This Second Edition has been updated to include a brand new chapter on yield management, plus a human resources chapter refocused to cover current trends in training, employee empowerment, and reducing turnover. In addition, you'll discover how to increase efficiency with today's hospitality technology-- from electronic lock to front office equipment.

*21st Century Hotel* Bradt Travel Guides

USER-FRIENDLY LAYOUT With helpful icons, and organised by neighbourhood to help you pick the best spots to spend your time.

*Hotel Front Office Management* Partridge Publishing

A New York Times Book Review Editors' Choice. Finalist for the Costa Biography Award and long-listed for the Andrew Carnegie Medal for Excellence. Named a Best Book of 2018 by Esquire and Foreign Policy. An Amazon Best Book of November, the Guardian Bookshop Book of November, and one of the Evening Standard's Books to Read in November "Now, thanks to Hilsum's deeply reported and passionately written book, [Marie Colvin] has the full accounting that she deserves." --Joshua Hammer, The New York Times The inspiring and devastating biography of Marie Colvin, the foremost war reporter of her generation, who was killed in Syria in 2012, and whose life story also forms the basis of the feature film *A Private War*, starring Rosamund Pike as Colvin. When Marie Colvin was killed in an artillery attack in Homs, Syria, in 2012, at age fifty-six, the world lost a fearless and iconoclastic war correspondent who covered the most significant global calamities of her lifetime. In *Extremis*, written by her fellow reporter Lindsey Hilsum, is a thrilling investigation into Colvin's epic life and tragic death based on exclusive access to her intimate diaries from age thirteen to her death, interviews with people from every corner of her life, and impeccable research. After growing up in a middle-class Catholic family on Long Island, Colvin studied with the legendary journalist John Hersey at Yale, and eventually started working for The Sunday Times of London, where she gained a reputation for bravery and compassion as she told the stories of victims of the major conflicts of our time. She lost sight in one eye while in Sri Lanka covering the civil war, interviewed Gaddafi and Arafat many times, and repeatedly risked her life covering conflicts in Chechnya, East Timor, Kosovo, and the Middle East. Colvin lived her personal life in extremis, too: bold, driven, and complex, she was married twice, took many lovers, drank and smoked, and rejected society's expectations for women. Despite PTSD, she refused to give up reporting. Like her hero Martha Gellhorn, Colvin was committed to bearing witness to the horrifying truths of war, and to shining a light on the profound suffering of ordinary people caught in the midst of conflict. Lindsey Hilsum's *In Extremis* is a devastating and revelatory biography of one of the greatest war correspondents of her generation.

The public's appetite for new and excitingly designed hotels is insatiable. Never before have hotels been so earnestly responsive to the zeitgeist. How else can we explain the latest trends in design which at one extreme increasingly blur the border between lodging, lifestyle and living theatre, and at the other seek to reinvent the more discreet manners and style of the grand hotels of the late 19th century? *21st-Century Hotel* highlights the latest examples of these trends and more as the international hotel sector finds newer and more imaginative ways to invent and reinvent itself in order to match the mood of the moment. A large-format bible of style for architects and interior designers, this book outlines the very latest developments in types of hotel design and then showcases the best on international scene through five themed chapters. It features forty six unusual

The Unofficial Guide to Mall of America is the first of its kind. Never before has a guidebook been written about the Mall of America. The Unofficial Guide to Mall of America enhances visitors' experiences by assisting them through the entire process, from finding the right hotel and making the decision whether or not to rent a car or use the hotel shuttle. The various attractions are laid out and analyzed so that Mall of America-goers can decide what activities will enhance their experiences and which are simply tourist traps. In addition to ranking and describing the stores and restaurants, The Unofficial Guide to Mall of America, by Beth Blair, offers insight and tips that will not only make the visit fun for those looking for a general Mall of America experience but will also highlight things for people with special interests.

#### **DK Eyewitness Travel Guide Norway** Xlibris Corporation

The Pillars of Destiny is an action packed slickly crafted thriller with a stunning climax. It is a gripping sequel to *In the Shadows of Destiny* where Durga emerges as prime minister of India, following the biggest terror strike the world has ever seen. Widespread skepticism of Durga's ascension seems justified as India reels under blows from China's Peoples Liberation Army and Pakistans Inter-Services Intelligence. The Indian aircraft carrier *Vikramaditya* is crippled by a highly innovative strike by Major Dingbang even as Chinese and Pakistan instigated insurgent attacks overwhelm India. The top Indian military leadership is killed by a cruise missile attack and the narrow Siliguri Corridor is almost severed by a PLA attack. Durga takes tough decisions to fan Uyghur resistance in Xinjiang, orders launch of a armor strike against terror bases in Pakistan, gets a giant Chinese oil tanker captured by Somali pirates and authorizes a Special Forces drop to cut the Western Highway joining Tibet and Xinjiang. As the conflict escalates a high tech Indian air attack against a tunnel in the perma frost zone cripples the Lhasa-Golmud high altitude railway line. In sync with instigating widespread internal sabotage and communal riots in India, also abetted by Pakistan, China launches an offensive to cut off north east India through Bhutan. *Princeton Alumni Weekly* Apa Publications (UK) Limited  
Estonia is a country with surprising cultural diversity and a wealth of outdoor attractions.

#### **Topics** Penguin

Environmental extremists harness previously unknown powers of Nature and rebel against the US Government. The story begins with a man who turns his ability to communicate with the Earth's spirits into a power that threatens to overturn American society. Angry over the abuse of nature he witnesses near his home, he discovers his anger originates from the outrage of the rivers and streams themselves. He hones this understanding of the waters in his native Great Lakes Basin into an ability to focus the waters' power on specific actions.

#### **Bush Runner** Cambridge University Press

*Indianapolis Monthly* is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's news. This guide also covers suggested itineraries and tour operators, music, storytelling, wildlife and natural history, indigenous people, Sufism, Touba, Cap-Vert, Nepen Diakha and Ouakam.

#### **Indianapolis Monthly**

An NPR Best Book of 2017 "[Teeth is] . . . more than an exploration of a two-tiered system—it is a call for sweeping, radical change." —New York Times Book Review "Show me your teeth," the great naturalist Georges Cuvier is credited with saying, "and I will tell you who you are." In this shattering new work, veteran health journalist Mary Otto looks inside America's mouth, revealing unsettling truths about our unequal society. Teeth takes readers on a disturbing journey into America's silent epidemic of oral disease, exposing the hidden connections

between tooth decay and stunted job prospects, low educational achievement, social mobility, and the troubling state of our public health. Otto's subjects include the pioneering dentist who made Shirley Temple and Judy Garland's teeth sparkle on the silver screen and helped create the all-American image of "pearly whites"; Deamonte Driver, the young Maryland boy whose tragic death from an abscessed tooth sparked congressional hearings; and a marketing guru who offers advice to dentists on how to push new and expensive treatments and how to keep Medicaid patients at bay. In one of its most disturbing findings, Teeth reveals that toothaches are not an occasional inconvenience, but rather a chronic reality for millions of people, including disproportionate numbers of the elderly and people of color. Many people, Otto reveals, resort to prayer to counteract the uniquely devastating effects of dental pain. Otto also goes back in time to understand the roots of our predicament in the history of dentistry, showing how it became separated from mainstream medicine, despite a century of growing evidence that oral health and general bodily health are closely related. Muckraking and paradigm-shifting, Teeth exposes for the first time the extent and meaning of our oral health crisis. It joins the small shelf of books that change the way we view society and ourselves—and will spark an urgent conversation about why our teeth matter.
