The national directory addresses the dimensions and perspectives in the formation of deacons and the model standards for the formation, ministry, and life of deacons in the United States. It is intended as a guideline for formation, ministry, and life of permanent deacons and a directive to be utilized when preparing or updating a diaconate program in formulating policies for the ministry and life of deacons. This volume also includes Basic Standards for Readiness for the formation of permanent deacons in the United States, from the bishops' Committee on the Diaconate, and the committee document Visit of Consultation Teams to Diocesan Permanent Diaconate Formation Programs.

Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls, and—perhaps most chillingly—kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren't joking. What's more, they're back—and they're fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious "Goat Lab," to Uri Geller's covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read—if only because it is all true and is still happening today.

Though most Christians refrain from predicting exactly when our world will end, many believe that when earth's finale does arrive, it will be a catastrophe. They expect that before Christ comes back to reclaim His own, Satan will escape his chains and return to wreak havoc on our planet. Details

vary, but the general assumption is the same: things will get much, much worse before they get better. But is this really what the Bible teaches? Leaving aside the theological terms that often confuse and muddle this question, Douglas Wilson instead explains eschatology as the end of the greatest story in the world - the story of humanity. He turns our attention back to the stories and prophecies of Scripture and argues for "hopeful optimism": the belief that God will be true to His promises, that His will shall be done on earth as it is in heaven, and that the peace and good will we sing about at Christmas will one day be a reality here on earth.

The Reverend Clarence Larkin was one of the most widely influential thinkers on end-times prophecies of the early twentieth century, and his writings remain vital to appreciating the apocalyptic Christian thought that today enjoys widespread popularity. This 1919 book serves as a study guide for the Book of Revelation, the Bible's prophetic final chapter. Larkin explains the concepts of the Beast and the False Prophet, the Seven Seals and the Seven Trumpets, and the importance of the Book of Daniel in understanding the Rapture. Charts and illustrations depict the "Pale Horse Rider," "Daniel's Four Wild Beasts," "Egyptian Plagues Compared," and more. Also available from Cosimo Classics: Larkin's The Spirit World, Rightly Dividing the Word, and The Second Coming of Christ. American Baptist pastor and author CLARENCE LARKIN (1850-1924) was born in Pennsylvania, and later set up his ministry there. He wrote extensively and popularly on a wide range of Biblical and theological matters.

In recent years, more and more Christians have come to appreciate the Bible's teaching that the ultimate blessed hope for the believer is not an otherworldly heaven; instead, it is full-bodied participation in a new heaven and a new earth brought into fullness through the coming of God's kingdom. Drawing on the full sweep of the biblical narrative, J. Richard Middleton unpacks key Old Testament and New Testament texts to make a case for the new earth as the appropriate Christian hope. He suggests its ethical and ecclesial implications, exploring the difference a holistic eschatology can make for living in a broken world.

New York Times bestselling author John Eldredge offers readers a breathtaking look into God's promise for a new heaven and a new earth. This revolutionary book about our future is based on the simple idea that, according to the Bible, heaven is not our eternal home--the New Earth is. As Jesus says in the gospel of Matthew, the next chapter of our story begins with "the renewal of all things," by which he means the earth we love in all its beauty, our own selves, and the things that make for a rich life: music, art, food, laughter and all that we hold dear. Everything shall be

renewed "when the world is made new." More than anything else, how you envision your future shapes your current experience. If you knew that God was going to restore your life and everything you love any day; if you believed a great and glorious goodness was coming to you--not in a vague heaven but right here on this earth--you would have a hope to see you through anything, an anchor for your soul, "an unbreakable spiritual lifeline, reaching past all appearances right to the very presence of God" (Hebrews 6:19). Most Christians (most people for that matter) fail to look forward to their future because their view of heaven is vague, religious, and frankly boring. Hope begins when we understand that for the believer nothing is lost. Heaven is not a life in the clouds; it is not endless harp-strumming or worship-singing. Rather, the life we long for, the paradise Adam and Eve knew, is precisely the life that is coming to us. And that life is coming soon.

This tremendous exposition of the capstone of Scripture issues from years of teaching, dedicated study, and sound evangelical scholarship. The author defends the premillennial position, but at crucial points considers other views as well.

**Revelation** Canon Press & Book Service

In this groundbreaking new book by Gordon and Sandra Lawrence, the complex mysteries of Revelation are divided into SEVEN BASIC STAGES in an attempt to provide the reader with a comprehensive view of past history and future prophecy. It is the author's hope to paint a realistic picture of the second coming of Christ, and to prepare the next generation of Christians for inevitable persecution and unprecedented global crisis. Section 1, Chapters 1-4 provide critical background information: Israel, The Apple of God's eye; The Spirit of Amalek; Daniel, Man of Prophecy; The Olivet Discourse; Section 2, Chapters 1-7 outline the book of Revelation as follows: The Beginning of Birth Pangs; The Tribulation; Gathering His Church; The Wrath of God Begins; The Day of Atonement; The Millennium; The New Jerusalem; Lawrence addresses what he calls 'the great theological debate of the 21st century': the issue of the Pre-Tribulation Rapture vs the Pre-Wrath rapture of the Church. The Day of Atonement chapter provides unique scriptural insight called: The Journey of the Mighty Angel. The author describes this book as: expository, encyclopedic and editorial. The reader will delight, perhaps for the first time, in learning the systematic progression of events that break the code of end-time mystery. Be prepared to learn new truth from the pages of scripture. A great tool for small group study!
