### Organizational Behaviour in Sport

Penguin

\* Finalist for the National Book Award in Poetry \* \* Winner of the National Book Critics Circle Award in Poetry \* Finalist for the National Book Critics Circle Award in Criticism \* Winner of the NAACP Image Award \* Winner of the L.A. Times Book Prize \* Winner of the PEN Open Book Award \* ONE OF THE BEST BOOKS OF THE YEAR: The New Yorker, Boston Globe, The Atlantic, BuzzFeed, NPR. Los Angeles Times, Publishers Weekly, Slate, Time Out New York, Vulture, Refinery 29, and many more . . . A provocative meditation on race, Claudia Rankine's long-awaited follow up to her groundbreaking book Don't Let Me Be Lonely: An American Lyric. Claudia Rankine's bold new book recounts mounting racial aggressions in ongoing encounters in twenty-first-century daily life and in the media. Some of these encounters are slights, seeming slips of the tongue, and some are intentional offensives in the classroom, at the supermarket, at home, on the tennis court with Serena Williams and the soccer field with Zinedine Zidane, online, on TV-everywhere, all the time. The accumulative stresses come to bear on a person's ability to speak, perform, and stay alive. Our addressability is tied to the state of our belonging, Rankine argues, as are our assumptions and expectations of citizenship. In essay, image, and poetry, Citizen is a powerful testament to the individual and collective effects of racism in our contemporary, often named "post-race" society.

### Ghost Boys Zola Books

On July 29th 1914, the world's peace was shattered as the artillery of the Austria-Hungary Empire began shelling the troops of the country to its south. What followed was like a row of falling dominoes as one European country after another rushed into war. Soon most of Europe was fighting in this calamitous war that could have been avoided. This was, of course, the First World War. But who could have guessed that on December 25 the troops would openly defy their commanding officers by stopping the fighting and having a spontaneous celebration of Christmas with their "enemies"?

**Shooting at the Stars** Biteback Publishing

"Coyle spent three years researching the question of what makes a successful group tick, visiting some of the world's most productive groups--including Pixar, Navy SEALs, Zappos, IDEO, and the San Antonio Spurs. Coyle discovered that high-performing groups ... generate three key messages that enable them to excel: 1. Safety (we are connected), 2. Shared risk (we are vulnerable together), 3. Purpose (we are part of the same story)"--

Little, Brown Books for Young Readers  
It was one of history's most powerful -- yet forgotten -- Christmas stories. It took place in the improbable setting of the mud, cold rain and senseless killing of the trenches of World War I. It happened in spite of orders to the contrary by superiors; it happened in spite of language barriers. And it still stands as the only time in history that peace spontaneously arose from the lower ranks in a major conflict, bubbling up to the officers and temporarily turning sworn enemies into friends. Silent Night, by renowned military historian Stanley

Weintraub, magically restores the 1914 Christmas Truce to history. It had been lost in the tide of horror that filled the battlefields of Europe for months and years afterward. Yet in December 1914 the Great War was still young, and the men who suddenly threw down their arms and came together across the front lines -- to sing carols, exchange gifts and letters, eat and drink and even play friendly games of soccer -- naively hoped that the war would be short-lived, and that they were fraternizing with future friends. It began when German soldiers lit candles on small Christmas trees, and British, French, Belgian and German troops serenaded each other on Christmas Eve. Soon they were gathering and burying the dead, in an age-old custom of truces. But as the power of Christmas grew among them, they broke bread, exchanged addresses and letters and expressed deep admiration for one another. When angry superiors ordered them to recommence the shooting, many men aimed harmlessly high overhead. Sometimes the greatest beauty emerges from deep tragedy. Surely the forgotten Christmas Truce was one of history's most beautiful moments, made all the more beautiful in light of the carnage that followed it. Stanley Weintraub's moving re-creation demonstrates that peace can be more fragile than war, but also that ordinary men can bond with one another despite all efforts of politicians and generals to the contrary.

**The Greek Revolution** Scholastic Inc.  
 \* Instant NEW YORK TIMES and USA TODAY bestseller \* \* GOODREADS CHOICE AWARD WINNER for BEST DEBUT and BEST ROMANCE of 2019 \* \* BEST BOOK OF THE YEAR\* for VOGUE, NPR, VANITY FAIR, and more! \* What happens when America's First Son falls in love

with the Prince of Wales? When his mother became President, Alex Claremont-Diaz was promptly cast as the American equivalent of a young royal. Handsome, charismatic, genius—his image is pure millennial-marketing gold for the White House. There's only one problem: Alex has a beef with the actual prince, Henry, across the pond. And when the tabloids get hold of a photo involving an Alex-Henry altercation, U.S./British relations take a turn for the worse. Heads of family, state, and other handlers devise a plan for damage control: staging a truce between the two rivals. What at first begins as a fake, Instagramable friendship grows deeper, and more dangerous, than either Alex or Henry could have imagined. Soon Alex finds himself hurtling into a secret romance with a surprisingly unstuffy Henry that could derail the campaign and upend two nations and begs the question: Can love save the world after all? Where do we find the courage, and the power, to be the people we are meant to be? And how can we learn to let our true colors shine through? Casey McQuiston's *Red, White & Royal Blue* proves: true love isn't always diplomatic. "I took this with me wherever I went and stole every second I had to read! Absorbing, hilarious, tender, sexy—this book had everything I crave. I'm jealous of all the readers out there who still get to experience *Red, White & Royal Blue* for the first time!" - Christina Lauren, New York Times bestselling author of *The Unhoneymooners* "Red, White & Royal Blue is outrageously fun. It is romantic, sexy, witty, and thrilling. I loved every second." - Taylor Jenkins Reid, New York Times bestselling author of *Daisy Jones & The Six*

**An Unwritten Truce** Basic Books  
 The study of metaphor is now firmly

established as a central topic within cognitive science and the humanities. This book explores the critical role that conceptual metaphors play in language, thought, cultural and expressive actions. It evaluates the arguments and evidence for and against conceptual metaphors across academic disciplines.

*16 Days* Simon and Schuster

Presents the further adventures of Mowgli, a boy reared by a pack of wolves, and the wild animals of the jungle. Also includes other short stories set in India.

*The Truce* Cornell University Press

Provides an account of the first years of the Cold War, with insights into the state of the world after the Second World War and vivid portraits of such personalities as Stalin, Beria, Churchill, Roosevelt, deGaulle, and Truman

**The Radical Feminism of Andrea Dworkin** Penguin

SHORTLISTED FOR THE 2019 BOOKER PRIZE Baking a multitude of tartes tatin for local restaurants, an Ohio housewife contemplates her four kids, husband, cats and chickens. Also, America's ignoble past, and her own regrets. She is surrounded by dead lakes, fake facts, Open Carry maniacs, and oodles of online advice about survivalism, veil toss duties, and how to be more like Jane Fonda. But what do you do when you keep stepping on your son's toy tractors, your life depends on stolen land and broken treaties, and nobody helps you when you get a flat tire on the interstate, not even the Abominable Snowman? When are you allowed to start swearing? With a torrent of consciousness and an intoxicating coziness, Ducks, Newburyport lays out a whole world for you to tramp around in, by turns frightening and funny. A heart-rending indictment of America's barbarity, and a

lament for the way we are blundering into environmental disaster, this book is both heresy—and a revolution in the novel.

Metaphor Wars Cambridge University Press

In late December 1914, German and British soldiers on the western front initiated a series of impromptu, unofficial ceasefires. Enlisted men across No Man's Land abandoned their trenches and crossed enemy lines to sing carols, share food and cigarettes, and even play a little soccer. Collectively known as the Christmas Truce, these fleeting moments of peace occupy a mythical place in remembrances of World War I. Yet new accounts suggest that the heartwarming tale ingrained in the popular imagination bears little resemblance to the truth. In this detailed study, Terri Blom Crocker provides the first comprehensive analysis of both scholarly and popular portrayals of the Christmas Truce from 1914 to present. From books by influential historians to the Oscar-nominated French film *Joyeux Noel* (2006), this new examination shows how a variety of works have both explored and enshrined this outbreak of peace amid overwhelming violence. The vast majority of these accounts depict the soldiers as acting in defiance of their superiors. Crocker, however, analyzes official accounts as well as private letters that reveal widespread support among officers for the *détentes*. Furthermore, she finds that truce participants describe the temporary ceasefires not as rebellions by disaffected troops but as acts of humanity and survival by professional soldiers deeply committed to their respective causes. The Christmas Truce studies these ceasefires within the wider war, demonstrating how generations of scholars have promoted

interpretations that ignored the nuanced perspectives of the many soldiers who fought. Crocker's groundbreaking, meticulously researched work challenges conventional analyses and sheds new light on the history and popular mythology of the War to End All Wars. *Last Days at Hot Slit* Routledge  
 This title was first published in 2001. This text reviews terrorist activity carried out ceaselessly and systematically in one of the most otherwise alluring spots on our planet. The rise of militancy, not only in Kashmir, but also in Punjab and in India's North-East, is related also to analogous belligerency in and around the borders of Pakistan and Afghanistan. Following preliminary information on the land, people, the past and the constitutional history of Kashmir, this work focuses on the rise of political violence and its consequences, following the evolution of democracy from the period of the provisional government. While dwelling mostly on the example of Jammu and Kashmir, the study endeavours to underline once more the need for an anti-terrorist international regime.

*The Truce* The Floating Press  
 From the leading bloggers in the fat-acceptance movement comes an empowering guide to body image- no matter what the scales say. When it comes to body image, women can be their own worst enemies, aided and abetted by society and the media. But Harding and Kirby, the leading bloggers in the "fatosphere," the online community of the fat acceptance movement, have written a book to help readers achieve admiration for-or at least a truce with-their bodies. The authors believe in "health at every size"-the idea that weight does not necessarily determine well-being and that exercise

and eating healthfully are beneficial, regardless of whether they cause weight loss. They point to errors in the media, misunderstood and ignored research, as well as stories from real women around the world to underscore their message. In the up-front and honest style that has become the trademark of their blogs, they share with readers twenty-seven ways to reframe notions of dieting and weight, including: accepting that diets don't work, practicing intuitive eating, finding body-positive doctors, not judging other women, and finding a hobby that has nothing to do with one's weight.

*The Culture Code* Graywolf Press  
 A rising China, climate change, terrorism, a nuclear Iran, a turbulent Middle East, and a reckless North Korea all present serious challenges to America's national security. But it depends even more on the United States addressing its burgeoning deficit and debt, crumbling infrastructure, second class schools, and outdated immigration system. While there is currently no great rival power threatening America directly, how long this strategic respite lasts, according to Council on Foreign Relations President Richard N. Haass, will depend largely on whether the United States puts its own house in order. Haass lays out a compelling vision for restoring America's power, influence, and ability to lead the world and advocates for a new foreign policy of Restoration that would require the US to limit its involvement in both wars of choice, and humanitarian interventions. Offering essential insight into our world of continual unrest, this new edition addresses the major foreign and domestic debates since hardcover publication, including US intervention in Syria, the balance between individual

privacy and collective security, and the continuing impact of the sequester.

Quit Dieting and Declare a Truce with Your Body Castrovilli Giuseppe

The Armed Forces and American Social Change is a powerful depiction of black Americans' struggle for equality told through the lens of uniformed military service. Troy Mosley uses superb storytelling, personal vignettes, and historical examples to show how millions of Americans have lifted themselves from oppression through opportunities gleaned from military service. Collectively, these efforts exerted positive outward pressure on American society, which by and large has resisted social change. One unique aspect of combat is that rarely are Americans more equal than when thrust into harm's way. It has been said there are no atheists in combat; similarly, racism, sexism, and homophobia quickly go by the wayside when under enemy fire. Yet in the 19th century and well into the 21st, America's military policies regarding the use of manpower could best be described as an awkward attempt to balance the requirement to win the nation's wars while supporting a socio-political caste system. President Harry Truman signed Executive Order 9981 on July 26, 1948 in response to police violence perpetrated against black veterans. His actions broke this trend and set the military on the path toward true meritocracy. Today, retired General Lloyd Austin is the first black American Secretary of Defense in part due to the barriers broken down by those who served before him. The armed services fiercely resisted integration, gender equality, and LGBTQ equality, but over time have grown to value America's wellspring of diversity as a strategic and operational advantage. Under the Trump

administration, many military policies supporting transgender inclusion were reversed. This reversal thrust the U.S. military, among other institutions, into the ideological tug of war that lies at the heart of present-day polarization in American society. This ideological divide is the crux of the public discourse surrounding Critical Race Theory, America's racist and sexist past, and how we contextualize our history going forward for the betterment of the nation. As far as America has come, we still have work to do for Truman's vision of equality of opportunity to become a reality for all Americans. Join this thought-provoking narrative that celebrates brave American military pioneers and challenges us all to continue pushing for a better expression of America.

*Truce* MIT Press

This chapter (1.3) from the book "Zeugnisse der Unterbrechung von Gewalt im Krieg - Grundlegung einer Theologischen Ethik des nicht suspendierten Zweifels" Michael Schober, Hildesheim 2019 (2012) - is entitled "The Meaning of 'The Interruption of Violence'" and is a preamble to the theologian's analysis of the Christmas Truce 1914. His thesis, examining other "interruptions of violence" in the First and Second World War and drawing on primary sources and eye witness accounts, is based on a deep belief in peace ethics and inspired by the American political theorist Michael Walzer.

*An American Lyric* Abacus

This in-depth historical account focuses on the life, accomplishments and influence of Robert I, also known as Robert the Bruce, who was the king of Scots in the period 1306-1329. Offering a detailed and even-handed look at the

king, Murison's remarkable feat of scholarship will reward those with an interest in the period.

*Tale, Terror, Truce* Simon and Schuster  
 Revolution. Bloodshed. Glory 1793.  
 Returning triumphant from Corsica, Lieutenant John Pearce receives a mixed welcome. But with the siege of Toulon escalating in violence and the French Revolutionary Army preparing to attack, all thoughts of revenge must be put on hold as Pearce is entrusted with a dangerous mission. When their assignment goes awry, it is up to Pearce and his comrades to prevent the inevitable bloodshed, but challenging the Revolutionaries as well as their navy could be a fatal mistake... Set against the backdrop of the bloody French Revolution, *A Flag of Truce* brilliantly combines a gripping adventure with intricate historical detail, to explosive effect.
