Greenhill Books

This book explores the representation of intra-state conflicts. It offers a distinctive approach by looking at narrative forms and strategies associated with civil war testimony, historiography and memory. The volume seeks to reflect current research in civil war in a number of disciplines and covers a range of geographical areas, from the advent of modern forms of testimonies, history writing and public remembering in the early modern period, to the present day. In focusing on narrative, broadly defined, the contributors not only

explore civil war testimonies, historiography and memory as separate fields of inquiry, but also highlight the interplay between these areas, which are shown to share porous boundaries. Chapters look at the ways in which various narrative forms feed off each other, be they oral, written or visual narratives, personal or collective accounts, or testimonies from victims or perpetrators.

San Francisco : H.H. Bancroft

A massive compilation casting light not only upon the pain, suffering and sheer insanity of war, but also upon the unique comradeship and exhilaration of battle...

this is a valuable addition to the literature of reference.' - The Spectator Peter Tsouras brings 4,000 years of military history to life through the words of more than 800 soldiers, commanders, military theorists and commentators on war. Quotes by diverse personalities - Napoleon, Machiavelli, Atatürk, 'Che' Guevara, Rommel, Julius Caesar, Wellington, Xenophon, Crazy Horse, Wallenstein, T.E. Lawrence, Saladin, Zhukov, Eisenhower and many more - sit side by side to build a comprehensive picture of war across the ages. Broken down into more than 480 categories, covering courage, danger, failure, leadership, luck, military intelligence,

tactics, training, guerrilla warfare and victory, this definitive guide draws on the collected wisdom of those who have experienced war at every level. From the brutality and suffering of war, to the courage and camaraderie of soldiers, to the glory and exhilaration of battle, these quotes offer an insight into the turbulent history of warfare and the lives and deeds of great warriors.

Harvard University Press

This is a collection of essays in honour of eminent Professor Robert O'Neill. Each chapter was written by prominent academics and practitioners who have had a professional connection with Professor O'Neill during

his long and distinguished career. The overarching themes running throughout the book are war, strategy and history. All the essays are shaped by the role that Professor O'Neill has played over the last 50 years in the debates in Australia, Europe and the US. This book covers not only Professor O'Neill's impressive career, but also the evolution of strategy in practice, and of strategic studies as an internationally recognised academic discipline.

A History of Military Thought BRILL

This innovative and original book explores the relationship between blockchain and antitrust, highlighting the mutual benefits that stem from cooperation between

the two and providing a unique perspective on how law and technology could cooperate.

The Westminster Review Routledge

The Essential 25000 English-French Law Dictionary is a great resource anywhere you go; it is an easy tool that has just the words you want and need! The entire dictionary is an alphabetical list of Law words with definitions. This eBook is an easy-to-understand guide to Law terms for anyone anyways at any time. The content of this eBook is only to be used for informational purposes and an invaluable legal reference for any legal system. It's always a good idea to consult a professional lawyer or attorney with legal

issues. Just remember one thing that learning never stops! Read, Read, Read! And Write, Write, Write! A thank you to my wonderful wife Beth (Griffo) Nguyen and my amazing sons Taylor Nguyen and Ashton Nguyen for all their love and support, without their emotional support and help, none of these educational language eBooks and audios would be possible. The Essential 25000 Anglais-Français Law Dictionary est une excellente ressource partout où vous allez; il est un outil facile qui a seulement les mots que vous voulez et avez besoin! L'ensemble du dictionnaire est une liste alphabétique des mots Droit des définitions. Cet eBook est un guide facile à

comprendre pour les termes de droit pour toute personne de toute façon à tout moment. Le contenu de cet eBook est à utiliser uniquement à des fins d'information et une référence juridique précieux pour tout système juridique. Il est toujours une bonne idée de consulter un avocat ou un mandataire professionnel des questions juridiques. Rappelez-vous juste une chose que l'apprentissage ne cesse jamais! Lire, lire, lire! Et écrire, écrire, écrire! Un grand merci à ma merveilleuse épouse Beth (Griffo) Nguyen et mes fils étonnantes Taylor Nguyen et Nguyen Ashton pour leur amour et leur soutien, sans leur soutien affectif et de l'aide,

aucun de ces livres électroniques et audios de langue d'enseignement serait possible.

The Decentralization

Formula Oxford University Press, USA
The 'personal rule' of Louis XIV witnessed a massive increase in the size of the French army and an apparent improvement in the quality of its officers, its men and the War Ministry. However, this is the first book to treat the French army under Louis XIV as a living political, social and economic organism, an institution which reflected the dynastic interests and personal concerns of the king and his privileged subjects. The book explains the development of the army between the end of Cardinal Mazarin's

ministry and the outbreak of the War of the Spanish Succession, emphasising the awareness of Louis XIV and his ministers of the need to pay careful attention to the condition of the king's officers, and to take account of their military, political, social and cultural aspirations.

Entertaining and Instructive Exercises, with the Rules of the French Syntax Science de la marine: le service et l'art de la guerre sur mer, etcInternational LawOr, Rules Regulating the Intercourse of States in Peace and War
Anders Engberg-Pedersen shows how the Napoleonic Wars inspired a new discourse on knowledge in the West.

Soldiers returning from battle were forced to reconsider what it is possible to know and how decisions are made in a fog of imperfect knowledge. Chance no longer appeared exceptional but normative—a prism for understanding the modern world.

A New and Enlarged Military Dictionary ANU Press

Professor Michael Bothe is one of the most prominent and influential scholars of international humanitarian law. His publications on legal restraints on the use of military force were not only important at the time of their publication. They continue to be relevant for the interpretation and further development of this highly important area

of international law. This volume uniquely collects a wealth of writings that demonstrate that political ideals coupled with a sense of human responsibility can benefit from solid doctrinal underpinnings in international law. Michael Bothe's work brings together idealism, pragmatism and the law in a unique fashion that not only provides insights into important matters of every day politics but also serves as a stimulus for future contributions to the field. The volume thus provides guidance, food for thought and incentives for debate in the international legal community, among practitioners and academics alike. Michael's doctrinal

skills, combined with his contextualized assessment of the law, and his deep empathy for the needs of human beings in difficult situations, with a particular view to the victims of armed conflict, will provide a stimulus to scholars to address these issues in the future.

Springer

Two centuries after Carl von Clausewitz wrote *On War*, it lines the shelves of military colleges around the world and even showed up in an Al Qaeda hideout. Though it has shaped much of the common parlance on the subject, *On War* is perceived by many as a “metaphysical fog,” widely known but

hardly read. In *War as Paradox*, Yuri Cormier lifts the fog on this iconic work by explaining its philosophical underpinnings. Building up a genealogy of dialectical war theory and integrating Hegel with Clausewitz as a co-founders of the method, Cormier uncovers a common logic that shaped the fighting doctrines and ethics of modern war. He explains how Hegel and Clausewitz converged on method, but nonetheless arrived at opposite ethics and military doctrines. Ultimately, Cormier seeks out the limits to dialectical war theory and explores the greater paradoxes the method reveals: can so-called “rational” theories of war hold up under the pressures of

irrational propositions, such as lone-wolf attacks, the circular logic of a “war to end all wars,” or the apparent folly of mutually assured destruction? Since the Second World War, commentators have described war as obsolete. War as Paradox argues that dialectical war theory may be the key to understanding why, despite this, it continues.

A New Classified Catalogue of the Library of the Royal Institution of Great Britain Manchester University Press
Today, the ideas of Carl von Clausewitz (1780-1831) are employed almost ubiquitously in strategic studies, military history and defence literatures, but

often in a manner which distorts their true meaning. In this book, Waldman explores Clausewitz’s central theoretical device for understanding war - the ‘remarkable trinity’ of politics, chance and passion. By situating the great Prussian in historical context, he presents a conception truer to Clausewitz’s intention. Seeking to achieve this through an in-depth reinterpretation of *On War* and Clausewitz’s other writings, conducted through the prism of the trinity, this book draws on existing studies but argues that there is room for clarification. It presents fresh perspectives into aspects of Clausewitz’s thought and emphasises elements of his theory that have

often been neglected. Furthermore, it provides a solid basis from which debate on the nature of modern war can move forward. *Catalogue of Books to be purchased by the Peabody Institute, etc.* (No. 2.). Edward Elgar Publishing
