Easy English Grammar-TM Kumon Reading Workbooks

As featured in 'The Times' (18 Feb 2017). Professor Michael McCarthy, internationally renowned applied linguist, co-author of the 900-page 'Cambridge Grammar of English', author, co-author and editor of more than 50 books and 100 articles on the English language and the teaching of English, winner of an English-Speaking Union prize for one of his dictionaries, answers the awkward questions that regularly bother us all about English grammar. Most of us only vaguely remember what we were taught at school and are put off by long, tedious, dense and pedantic grammar manuals. This book is written in a concise, chatty, humorous and informal style. The A to Z format makes it easy to access and to find what you're looking for. It tells you in simple, plain language the difference between things that look similar (for example, 'alternate' versus 'alternative', 'made of

versus 'made from', 'its' versus 'it's'). It explains how to avoid going wrong with issues such as agreement between subjects and verbs or the choice of pronouns after prepositions. It presents solutions to a host of common, everyday grammatical problems and gives guidance on appropriate usage where more than one way of saying something exists. The entries also include advice on vocabulary, spelling, pronunciation, punctuation and style. Mike McCarthy believes in describing present-day standard English as it really is, not how people think it is or how they think it should be. He has worked for the last 35 years with computerised corpora of everyday written and spoken English texts and is known especially for his work on the differences between the grammar of speaking and the grammar of writing. The example sentences he presents are clear, transparent illustrations of the grammatical conventions, based on his work with corpora and his extensive, detailed field-notes covering decades, gleaned from literature, correspondence, the media and ordinary conversation. He tells you what the traditional rules are as well as what people are writing or saying now, and gives reasons why you might choose one or the other. He is not afraid of change and sees the grammar of English as a living, evolving organism, which he demonstrates with occasional glances at grammars written in the distant and recent past. He loves and respects the many accents, varieties and dialects of English but tells you what the educated standard forms are, so that you can speak and write appropriately in different situations. He shows that speaking is not the same as writing, and that what can often pass unnoticed in speech may stick out like a grammatical sore thumb in formal writing. This book helps you to navigate the maze of grammatical alternatives and to make the right choice for the right occasion. It is a book to browse and enjoy, as well as being a useful reference work to keep on your bookshelf.

Simple Solutions English Grammar and Writing Mechanics Level 6, TE John Wiley & Sons

A new edition of a successful undergraduate textbook on contemporary international Standard English grammar, based on Huddleston and Pullum's earlier award-winning work, *The Cambridge Grammar of the English Language* (2002). The analyses defended there are outlined here more briefly, in an engagingly accessible and informal style. Errors of the older tradition of English grammar are noted and corrected, and the excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called 'incorrect' and show why those authorities are mistaken. Intended for students in colleges or universities who have little or no background in grammar or linguistics, this teaching resource contains numerous exercises and online resources suitable for any course on the structure of English in either linguistics or English departments. A thoroughly modern undergraduate textbook, rewritten in an easy-to-read conversational style with a minimum of technical and theoretical terminology.

English Grammar For Dummies John Wiley & Sons

Primary School English Grammar & Composition (PSEGC) and Middle School English Grammar & Composition (MSEGC) is a set of two books designed to be used as a prequel to the highly popular English grammar reference book, *High School English Grammar & Composition*. Both PSEGC and MSEGC provide ample guidance and practice in sentence building, correct usage, comprehension, composition and other related areas so as to equip the learners with the ability to communicate effectively in English.

Simple Solutions English Grammar and Writing Mechanics Level 6, SE New Saraswati House India Pvt Ltd

An Introduction to English grammar provides a comprehensive overview of all aspects of English grammar, and can be used in the classroom, for self-study, or as a reference book. The book is organised in two parts – on grammar and its applications – and provides everything a beginning student needs to get to grips with the theory and practice of English usage, including sections on style, punctuation and spelling. This third edition has been fully revised and updated to include an expanded section on English in Use, usage notes highlighting common errors, updated exercises, a glossary and a companion website with further graded exercises.

English for Everyone English Grammar Guide Practice Book OXFORD University Press

The easy way to brush up on your English skills Is it good or well? There, their, or they're? Some people don't have to think twice about using proper English, but for the rest of us it can get tricky and confusing. Whether you're writing or speaking, it's all too easy to fall prey to simple mistakes that will represent you in a less-than-desirable light—which can potentially cost you a job or put you in an embarrassing social situation. Avoiding complicated grammar rules, *Basic English For Dummies* sticks to the basics and makes it easy to get up and running on what you need to know to partake in successful everyday communication, no matter your audience or medium. Inside, you'll find plenty of examples and exercises, guidance on how to structure sentences to make yourself easily understood, and so much more. In no time, you'll leave the 'me or I?' debate at the door and speak and write confidently and correctly. Plus, you'll expand your vocabulary, find the right tone and style you want to convey in your communication, and avoid common English language pitfalls. Includes quizzes and self-tests Provides guidance on composing letters, emails, texts, and phone calls Explains in plain English how to improve your English skills Gives you instruction and exercises on putting your skills to practice right away If English is your first language, but you missed or have forgotten the nuances that were taught in school, *Basic English For Dummies* is your go-to guide. It is also ideal for those learning English as a second language.

Easy Grammar Ultimate Series: 180 Daily Teaching Lessons Grade 11 Zephyros Press

PLEASE NOTE - this is a replica of the print book and you will need paper and a pencil to complete the exercises. Puzzled by past tenses? Confused by comparatives? This clearly structured and beautifully presented workbook includes grammar practice activities that make learning English grammar incredibly easy. The English for Everyone English Grammar Guide Practice Book is an essential companion to the English for Everyone English Grammar Guide, a comprehensive reference book that makes even the trickiest grammar rules clear and simple. The Practice Book mirrors the unit-by-unit structure of the Grammar Guide. Each Practice Book unit is full of carefully graded grammar exercises to drill and reinforce the grammar you have learned in the corresponding English Grammar Guide unit. These exercises will help you build up your confidence and become more fluent, giving you the chance to practise using the most important English grammar constructions again and again. Ideal for learners at all levels, and covering CEFR levels A1 to C1, the English for Everyone English Grammar Guide Practice Book presents basic (beginner), intermediate, and advanced English grammar in one easy-to-navigate book. Like all books in the innovative English for Everyone series, it uses a visual learning method: many of

the exercises are accompanied by attractive illustrations that put grammar practice points into context and give you visual cues to help you understand the exercises. Whether you want to improve your grammar for work, study, travel, or exams, the English for Everyone Grammar Guide Practice Book offers you a simple way to learn English grammar, remember it, and use it with confidence.

Basic English Grammar Book 1 John Wiley & Sons

High School English Grammar & Composition provides ample guidance and practice in sentence building, correct usage, comprehension, composition and other allied areas so as to equip the learners with the ability to communicate effectively in English.

Grammar, Grades 7 - 8 John Wiley & Sons

This two-book series was written specifically for English language learners and covers all the basic grammar topics for beginners. Contains clear and concise explanations of the rules and illustrates them with numerous examples. The "Did You Know?" and "Grammar Help" notes add further to the understanding of basic grammar. These books will give English language learners a clear understanding of core grammar skills and help lay a strong foundation for good English. Each book includes 150-pages plus a grammar examples and instruction. Topics include: nouns, pronouns, adjectives, verbs and tenses, subject/verb agreement, adverbs, prepositions, conjunctions, interjections, sentences, punctuation. Recommended for grades 3 to 6.

Simple Solutions English Grammar and Writing Mechanics Level 4, TE Carson-Dellosa Publishing

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades – no, for centuries – have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar – and you certainly don't have to diagram sentences – in order to speak and write correct English. So rest assured – *English Grammar For Dummies* will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With *English Grammar For Dummies*, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs – oh my! Preposition propositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you!

Understanding and Using English Grammar Student Book (with Answer Key) and Online Access Simple Solutions

The big difference between grammar and rocket science is that most of us can get by just fine in life without knowing anything about rocket science. Not so grammar. "Do I say 'him and me, ' or 'he and I'?" is a major question on many writers' minds. "How about who and whom? or then and than? you're and your?" These valid questions send many people to their keyboard, seeking online solutions because, up to now, there hasn't been an easy-to-read, encouraging, actually fun resource to answer people's basic questions about writing and grammar. Carolyn Henderson's "Grammar Despair" is such a resource, providing, as she promises, quick simple solutions to a variety of common grammar and writing questions, including that "He and I" and "Him and Me" one. Short, fast-paced, informative and entertaining, *Grammar Despair* can be read in one sitting, then set on the desk (or in the e-reader) for repeated referral. Carolyn's clear, concise explanations to common problems avoids what she calls *Grammar Speak*, providing solutions in everyday language, without the expectation that the reader be an expert in grammar. *Grammar Despair* begins with Words That Sound the Same but Are Used Differently -- It's and Its; Their/There/They're; Will and Well; Two/To/Too, and more; then progresses to some basics on Writing Mechanics: varying sentence structure so that you don't sound like a robot or a six-year-old child; formal versus informal writing and when to use each; capitalization essentials. And, because more and more people are blogging and writing online, Carolyn touches upon Things We Didn't Worry About 150 Years ago like Search Engine Optimization and how it can affect your writing; overuse of meaningless words, like "intention;" and the gender question -- do you use "he" when you don't know the gender of the person you're talking about, or he/she, or they? Writers of all caliber and experience levels enjoy *Grammar Despair* as a user friendly resource to some of the most common writing issues in the English language.

The English Grammar Workbook for Grades 6, 7, and 8 Cambridge University Press

Comprehensive course divided into 20 units, each focusing on a different grammar point. With glossary of grammar points, various exercises, illustrations, examples, and answers. Suitable for self-study, building vocabulary, and developing grammar skills.
