 The Auto Suspension and Steering Shop Manual contains  
 thorough coverage of the tasks listed in the A1 Engine Repair  
 area of the NATEF Task List. Each job in this manual is a hands-on  
 activity, and most jobs correspond to one or more of the NATEF  
 tasks. The jobs have been carefully organized and developed to  
 increase the chances of passing the related ASE tests by having  
 the reader apply what has been learned in the classroom. This  
 manual steps the student through all of the NATEF tasks in the A1  
 Engine Repair area, which include inspecting, diagnosing,  
 removing, and rebuilding engines and related subsystems.
