Can One Girl Win A

War? My name is Kano
Murasaki, but everyone
calls me Risuko.
Squirrel. I am from
Serenity Province,
though I was not born
there. My nation has
been at war for a
hundred years,
Serenity is under

attack and my family is in disgrace, but some people think that I can bring victory. That I can be a very special kind of woman. All I want to do is climb. My name is Kano Murasaki, but everyone calls me Squirrel. Risuko. ~*~ Though Japan has been devastated by a century of civil war, Risuko just wants to climb trees. Growing up far from the battlefields and court intrigues, the fatherless girl finds herself pulled into a plot that may reunite Japan — or may destroy it. She is torn from her home and what is left of her family, but finds new friends at a school that may not be what it seems. Magical but historical, Risuko follows her along the

first dangerous steps to discovering who she truly is. Kano Murasaki, called Risuko (Squirrel) is a young, fatherless girl, more comfortable climbing trees than down on the ground. Yet she finds herself enmeshed in a game where the board is the whole nation of Japan, where the pieces are armies, moved by scheming lords, and a single girl couldn't possibly have the power to change the outcome. Or could she? YOUNG ADULT HISTORICAL ADVENTURE As featured in Kirkus, Foreword, and on the cover of Publishers Weekly! Tight, exciting, and thoughtful... The characters are nicely varied and all the pieces fit into place deftly. -- Kirkus Reviews Risuko is an

artfully crafted novel that evokes a heavy sense of place and enchantment....

Risuko's development and evolution are fascinating to watch in this powerful and relentless coming-of-age adventure. --

Foreword Reviews
(spotlight review)

Vividly portrayed, flush with cultural detail, and smoothly written. --

The Hero with a

Thousand Faces

Vintage

"Unusually accessible and useful . . . An eye-opener to readers into the universality and

importance of myth in human history and culture."—William E. Paden, Chair, Department of Religion, University of Vermont For as long as human beings have had language, they have had myths.

Mythology is our earliest form of literary expression and the foundation of all history and morality.

Now, in *Parallel Myths*, classical scholar J. F. Bierlein gathers the key myths from all of the world's major traditions and reveals their common themes, images, and meanings.

Parallel Myths introduces us to the star players in the world's great myths—not only the twelve Olympians of Greek mythology, but the stern Norse Pantheon, the

mysterious gods of India, the Egyptian Ennead, and the powerful deities of Native Americans, the Chinese, and the various cultures of Africa and Oceania. Juxtaposing the most potent stories and symbols from each tradition, Bierlein explores the parallels in such key topics as creation myths, flood myths, tales of love, morality myths, underworld myths, and visions of the Apocalypse. Drawing on the work of Joseph Campbell, Mircea Eliade, Carl Jung, Karl Jaspers, Claude Lévi-Strauss, and others, Bierlein also contemplates what myths mean, how to identify and interpret the parallels in myths, and how mythology has influenced

twentieth-century psychology, philosophy, anthropology, and literary studies. “A first-class introduction to mythology . . . Written with great clarity and sensitivity.”—John G. Selby, Associate Professor, Roanoke College

The Mythic

Dimension Harper
Explore myth as a tool for personal growth and transformation
Joseph Campbell famously defined myth as “other people’s religion.” But he also said that one of the basic functions of myth is to help each individual through the journey of life, providing a sort of travel guide or map to reach fulfillment — or, as he called it, bliss. For Campbell, many of

the world's most powerful myths support the individual's heroic path toward bliss. In *Pathways to Bliss*, Campbell examines this personal, psychological side of myth. Like his classic best-selling books *Myths to Live By* and *The Power of Myth*, *Pathways to Bliss* draws from Campbell's popular lectures and dialogues, which highlight his remarkable storytelling and ability to apply the larger themes of world mythology to personal growth and the quest for transformation. Here he anchors mythology's symbolic wisdom to the individual, applying the most poetic mythical metaphors to the challenges of our daily lives. Campbell dwells on life's important

questions. Combining cross-cultural stories with the teachings of modern psychology, he examines the ways in which our myths shape and enrich our lives and shows how myth can help each of us truly identify and follow our bliss.

How to Open and Successfully Run a Marijuana

Dispensary and Grow Facility Viking Books for Young Readers

This volume covers the central myths that still inform the consciousness of the European West. The author traces these back to the cosmology built around the Levantine earth-goddess of the Bronze Age.

tracks, word magic, the

speech of stones, the
power of letters, and
the taste of the wind
all figure prominently
in this intellectual tour
de force that returns us
to our senses and to
the sensuous terrain
that sustains us. This
major work of
ecological philosophy
startles the senses out
of habitual ways of
perception. For a
thousand generations,
human beings viewed
themselves as part of
the wider community
of nature, and they
carried on active
relationships not only
with other people with
other animals, plants,
and natural objects
(including mountains,
rivers, winds, and
weather patters) that
we have only lately
come to think of as
"inanimate." How,
then, did humans come
to sever their ancient

reciprocity with the natural world? What will it take for us to recover a sustaining relation with the breathing earth? In *The Spell of the Sensuous* David Abram draws on sources as diverse as the philosophy of Merleau-Ponty, Balinese shamanism, Apache storytelling, and his own experience as an accomplished sleight-of-hand of magician to reveal the subtle dependence of human cognition on the natural environment. He explores the character of perception and excavates the sensual foundations of language, which--even at its most abstract--echoes the calls and cries of the earth. On every page of this lyrical work, Abram weaves his arguments

with a passion, a precision, and an intellectual daring that recall such writers as Loren Eiseley, Annie Dillard, and Barry Lopez.

And Muhammad Is His Messenger Joseph Campbell Foundation Discover Myth "There's no one quite like Joseph Campbell. He knows the vast sweep of man's panoramic past as few men have ever known it." --The Village Voice Joseph Campbell famously compared mythology to a kangaroo pouch for the human mind and spirit: "a womb with a view." In *Myths to Live By*, he examines all of the ways in which myth supports and guides us, giving our lives meaning. Love and war, science and religion, East and West,

inner space and outer space — Campbell shows how the myths we live by can reconcile all of these pairs of opposites and bring a sense of the whole. This classic has been newly illustrated and annotated in its first new edition since its original publication, which also marks the first ebook in the Collected Works of Joseph Campbell series. In the tradition of *The Power of Myth* and *Pathways to Bliss*, *Myths to Live By* remains one of Joseph Campbell's most enduring, popular, and accessible works.

Explorations in the Mythological

Dimension M J F
Books

Campbell offers an explanation of Eastern mythology as it developed into the

distinctive religions of Egypt, India, China, and Japan. "The myth of eternal return, which is still basic to Oriental life, displays an order of fixed forms that appear and disappear through all time."

E. M. Forster: A Human Exploration

Macmillan

Explore the power of myth as it flowered in Asia In this second volume of *The Masks of God* — Joseph Campbell's major work of comparative mythology — the pre-eminent mythologist looks at Asian mythology as it developed over the course of five thousand years into the distinctive religions of Egypt, Mesopotamia, India, China, and Japan. *The Masks of God* is a four-volume study of world religion and

myth that stands as one of Joseph Campbell's masterworks. On completing it, he wrote: Its main result for me has been the confirmation of a thought I have long and faithfully entertained: of the unity of the race of man, not only in its biology, but also in its spiritual history, which has everywhere unfolded in the manner of a single symphony, with its themes announced, developed, amplified and turned about, distorted, reasserted, and today, in a grand fortissimo of all sections sounding together, irresistibly advancing to some kind of mighty climax, out of which the next great movement will emerge. This new digital edition, part of

the Collected Works of Joseph Campbell series, includes over forty new illustrations. (Comparative Mythology: Ancient Egypt, Hinduism, Buddhism, Jainism)
Thou Art That
 Bollingen Foundation
 Thou Art That is a compilation of previously uncollected essays and lectures by Joseph Campbell that focus on the Judeo-Christian tradition. Campbell explores common religious symbols, reexamining and reinterpreting them in the context of his remarkable knowledge of world mythology. Campbell believed that society often confuses the literal and metaphorical interpretations of religious stories and symbols. In this

collection, he eloquently reestablishes these symbols as a means to enhance spiritual understanding and mystical revelation. With characteristic verve, he ranges from rich storytelling to insightful comparative scholarship. Included is editor Eugene Kennedy's classic interview with Campbell in the New York Times Magazine, which originally brought the scholar to the attention of the public.

The Masks of God

Joseph Campbell Foundation
Explore the power of myth as it flowered in the ancient Near East and the Classical World
In this third volume of The Masks of God — Joseph Campbell's major work of

comparative mythology — the preeminent mythologist looks at the pagan religions of Greece, Rome, and the Celts, as well as the Abrahamic religions — Zoroastrianism, Judaism, Christianity, and Islam. Exploring the West's shift from female-centered to male-centered mythology, Campbell examines the distinguishing characteristics and the shared root concepts of these mythologies. The Masks of God is a four-volume study of world religion and myth that stands as one of Joseph Campbell's masterworks. On completing it, he wrote: Its main result for me has been the confirmation of a thought I have long and faithfully

entertained: of the unity of the race of man, not only in its biology, but also in its spiritual history, which has everywhere unfolded in the manner of a single symphony, with its themes announced, developed, amplified and turned about, distorted, reasserted, and today, in a grand fortissimo of all sections sounding together, irresistibly advancing to some kind of mighty climax, out of which the next great movement will emerge. This new digital edition is part of the Collected Works of Joseph Campbell series. (Comparative Mythology: Greek mythology, Roman mythology, Celtic mythology, Christianity, Judaism, Islam, the Classical World)

Myths to Live By
Joseph Campbell
Foundation
Finally, a book that helps entrepreneurs young and old on their journey of finding the "American Dream." Is this the new Gold Rush? Will people want to get involved with this industry? What are the potential for earnings . . . millions? Billions? As more states agree to the sale of marijuana, the opportunity to open dispensaries and/or grow facilities will continue to rise. Over the last two decades, large corporations like Monsanto, a sustainable agricultural company, have bought up hundreds of family farms and turned their food harvests into huge profits. It is not a stretch to envision the same tactics being

applied to the marijuana industry. The opportunity is here, and it's real, and the possibilities are endless. This book is a step-by-step guide to help you be on the winning side of this Green Rush. The Marijuana Business books leave no stone unturned. This book will teach you what others have yet to learn. Jeff Grissler will put you on the fast track to success in the marijuana business. The American dream is still possible. Your journey starts here... Marijuana Business enables you to be sure you don't forget any details. With this book you will have laid the groundwork, from start to finish, for eliminating the mistakes others have made, preventing

unforeseen problems, and running a successful marijuana business.

Centenary Essays

Springer

Celebrated scholar Joseph Campbell shares his intimate and inspiring reflections on the art of living in this beautifully packaged book, part of a new series to be based on his unpublished writings.

Transforming Religious Metaphor UNC Press Books

"After Andrew's best friend is hit by a drunk driver and ends up in a coma, his enigmatic crush invites him to find comfort with her fundamentalist Christian group"--

Mysteries of the Feminine Divine

Ballantine Books

This volume contains Freud's speculations on

various aspects of religion, on the basis of which he explains certain characteristics of Jewish people in their relations with Christians. From an intensive study of the Moses legend, Freud comes to the startling conclusion that Moses himself was an Egyptian who brought from his native country the religion he gave to the Jews. He accepts the hypothesis that Moses was murdered in the wilderness, but that his memory was cherished by the people and that his religious doctrine ultimately triumphed. Freud develops his general theory of monotheism, which enabled him to throw light on the development of Judaism and Christianity.

Oriental Mythology

Souvenir Press

Written between 1962 and 1968, Campbell's four-volume work *The Masks of God* covers mythology from around the world, from ancient to modern. Where *The Hero with a Thousand Faces* focused on the commonality of mythology (the "elementary ideas"), the *Masks of God* books focus upon historical and cultural variations the monomyth takes on (the "folk ideas"). In other words, where *The Hero with a Thousand Faces* draws perhaps more from psychology, the *Masks of God* books draw more from anthropology and history. The four volumes of *Masks of God* are as follows: *Primitive Mythology*, *Oriental Mythology*,

Occidental Mythology,
and Creative
Mythology.
