The Modern World McGraw-Hill/Glencoe  
A world history textbook chronicling the  
rise of Western and Eastern civilizations.  
Includes photos, art, illustrated charts,  
vocabulary exercises, and review  
questions.

*Glencoe World History* World History  
This text is based on current research  
findings and is written for students and  
general readers who want a deeper  
understanding of this period in German  
history. It provides a balanced approach in  
examining Hitler's role in the history of the  
Third Reich and includes coverage of the  
economic, social, and political forces that

made the rise and growth of Nazism  
possible; the institutional, cultural, and  
social life of the Third Reich; the Second  
World War; and the Holocaust.

**Glencoe World History** McGraw-Hill  
UNLIKE TRADITIONAL TEXTBOOKS that can  
overwhelm the reader with countless facts  
to absorb, the Student's Friend Concise  
World History highlights the most  
important developments of world history  
in a clear and concise manner that is  
capable of being comprehended by the  
human mind. Teachers have successfully  
used The Student's Friend in homeschool,  
middle school, high school, and college in

the United States and abroad. Part 1 covers the period from prehistory to the year 1500; Part 2, the period from 1500 to the present. In contrast to other concise histories that may focus on impersonal historical processes, the Student's Friend includes men and women who helped to shape history and who illustrate timeless aspects of human nature. **WHY A CONCISE HISTORICAL NARRATIVE?** The Student's Friend is designed to be consistent with findings from cognitive science that emphasize learning the most important principles and concepts of a school discipline, rather than learning large quantities of superficial facts that are likely to be forgotten shortly after the exam is over. The respected Bradley Commission on History in Schools has said, "The amount of time required to achieve student engagement and genuine comprehension of significant issues will necessitate leaving out much that is 'covered' by the usual text." **CONCISENESS CAN BRING CLARITY.** Cognitive psychologist Frank N. Dempster has written, "Many texts are so packed with facts, names, and details that the real point of the lesson is often obscured." One

of the greatest benefits of a concise historical narrative is the clarity it can bring to a student's understanding of history by focusing on essential knowledge rather than on extensive, sometimes confusing, and often-trivial detail. **ELIMINATES GAPS AND DISCONTINUITIES.** Teachers can't adequately cover all the information contained in standard thousand-page textbooks, so they commonly skip around in the textbook, which can leave big holes in the historical narrative. The Student's Friend is designed to include no more information than students can realistically cover during a standard high school course. Because the picking and choosing has been carefully done and logically sequenced, continuity is maintained and gaps eliminated. **BALANCES BREADTH AND DEPTH.** The concise historical narrative leaves time in the curriculum for additional learning activities such as research papers, multimedia presentations, source-analysis activities, and simulations, a practice sometimes called "postholing." The narrative performs a unifying function like a fence that gives shape to the landscape and provides the connecting fabric

between events, while postholes are occasions to dig more deeply into the human dimensions of history—to explore how events of the past affected people's lives then and now. The subject matter of world history is so vast that it can be a difficult subject to grasp and to teach. Teachers and students alike can benefit from the understandable picture of history provided by the Student's Friend Concise World History.

**Teacher's Guide** Glencoe/McGraw-Hill School Publishing Company

Based on expert review and research, this book provides an innovative standard and guide to social studies textbooks used in kindergarten through 12th grade classrooms for content, style, and design. The standards provide a foundation for individuals to select satisfactory textbooks

and to help educators and school boards in the adoption of instructional materials. Chapter 1 addresses the problems of textbook content and style. Chapter 2 discusses the vast business of social studies publishing and the increased complexity of textbook packaging with the movement away from state-level adoption of textbooks. Chapter 3 focuses on the content of social studies textbooks with a comparison of past and present textbooks, a discussion of revisionism and reality, and a look at religion in textbooks. Chapter 4 examines the style and story of textbooks and finds that although the content of past textbooks may be flawed, the prose is superior to recent textbooks. Ideas on narrative, readability, vocabulary, instructional design, history, and style provide ways for textbooks to improve. Chapter 5 addresses the issue of format and proposes clarity and simplicity in technical design of books. Chapter 6 provides an outline to review textbooks for content and style and instructional activities and teacher guidance materials for usefulness. Chapter 7 includes an annotated list of the major U.S. and world history textbooks. (CK)

Glencoe World History: Modern Times, Student Edition Center for Education Studies

This resource book is designed to assist teachers in implementing California's history-social science framework at the 10th grade level. The models support implementation at the local level and may be used to plan topics and select resources for professional development and preservice education. This document provides a link between the framework's course descriptions and teachers' lesson plans by suggesting substantive resources and instructional strategies to be used in conjunction with textbooks and supplementary materials. The resource book is divided into eight units: (1) "Unresolved Problems of the Modern World"; (2) "Connecting with Past Learnings: The Rise of Democratic Ideas"; (3) "The Industrial Revolution"; (4) "The Rise of Imperialism and Colonialism: A Case Study of India"; (5) "World War I and Its Consequences"; (6) "Totalitarianism in the Modern World: Nazi Germany and Stalinist Russia"; (7) "World War II: Its Causes and Consequences"; and (8) "Nationalism in the Contemporary World."

Each unit contains references. (EH)
