In this accessible guide, Shashi Solluna breaks all preconceptions about Tantra and introduces us to the real philosophy behind this

sacred practice. In traditional descriptions, Tantra is often defined as meaning "to weave", and can be compared to the weaving of a fabric. Tantra is therefore a path that weaves together.

Ultimately, Tantra points us to the highest level of consciousness in which one merges into Oneness and no longer feels like a separate physical entity. This is sometimes called "Heaven" as opposed to the more tangible experience of "Earth". This book explains how Tantra can allow us to move from a physical solid experience of reality into the lighter more ethereal experience – or from Earth to Heaven – and then ultimately bring Heaven to Earth! This book explores: • The history of Tantra • The core principles of Tantra • An understanding of the tantric approach to sexuality • Practices to explore your own Tantric sexuality • A tantric understanding of relationship, love and intimacy • An understanding of Tantra as a spiritual path • Practices for creating spiritual experiences and higher states of consciousness ...and much more!

Tantric Sex for Men John Hunt Publishing

A tantric guide to discovering the hidden gifts of menopause • Explains why Tantra works for menopausal women and how their bodies are naturally entering a more tantric phase focused on creative, spiritual energy • Details tantric practices and tools to connect with the body's inner intuitive wisdom, remove the "performance pressure" of conventional sex, and set the stage for passion and pleasure to thrive both in the bedroom and beyond • Explores what to expect physically, emotionally, and spiritually, and in relationships As women, we live so closely to the body--through menstruation, pregnancy, birthing, motherhood, and then menopause. Each of these transitions changes a woman in a multitude of ways, most of which are celebrated. Yet menopause

often causes women to feel despondent, as if our bodies are broken or deficient, especially when it comes to sex and intimacy. However, as tantric teachers Diana Richardson and Janet McGeever show, menopause has many hidden gifts to offer if we learn to embrace rather than suppress the changes this natural transition brings. Shining the light of tantric intelligence on menopause, the authors reveal how to explore and experience menopause in a radically positive fashion, suffused with a sense of vital awakening and “re-wilding” of a woman’s sexuality, creativity, and spirituality. Explaining what to expect physically, emotionally, and spiritually, as well as what it means for relationships, they detail tantric practices and tools to connect with the body’s inner intuitive wisdom and heart energies, remove the “performance pressure” of conventional sex, and set the stage for passion and pleasure to thrive both in the bedroom and beyond. They explain why Tantra works for menopausal women and how their bodies are naturally entering a more tantric phase focused on creative, spiritual energy. They explore how, in Tantra, sex is practiced not for the sake of sex itself but as an instrument for going “beyond” sex, for better health, improved relationships, enhanced self-control and emotional balance, and even higher states of consciousness. They also offer many self-help practices, exercises, and meditations to reinforce a positive attitude toward menopause and overcome many of the physical and sexual problems, such as pain, dryness, loss of interest, and loss of libido. Providing a guide for women who are approaching, experiencing, or have gone through menopause, the authors show how a more informed, tantric approach to menopause allows each woman to deepen her trust in the perfect functioning of the female body, embrace her natural sexual response, and reconnect with her inner self.

Sex Position for Couples and Tantric Sex Simon and Schuster Did you know that tantric sex is NOT all about sex? Or that it could be a path to healing several other areas of your life? What if you could experience full-body orgasms that lasted for hours? Doesn't that sound incredible? The truth is, the strength of your relationship is not forged during the dates you have or how much time you spend together as a couple. A strong, loving bond that can withstand the test of time is built during the most precious and intimate moments you share with your partner. It is built during sex. It reminds us that our bodies are a temple and that within every man and woman, there resides a God and Goddess. Tantric sex is about connecting with your partner so deeply that in that union, you feel like you may have found your soul mate at last. If the Bible were correctly categorized it would be found in the fiction section of our local book store. If Pinocchio or Cinderella were considered to be true accounts of history, imagine how insane it would be to believe in them. Thus you have an accurate comparison of the insanity of accounts noted in the Bible. God created our sexuality for us to enjoy as well as use for procreation, therefore, it is a God given gift as well. This book is intended to brainwash you into knowing the truth about God, the evil behind organized religion and the falsehood of sexual shame. We all need a good brainwashing since our brains have been so polluted from the information that has been taught to us by church and state. Someday we will look back at ourselves and realize that we are now living in the dark ages. I hope you read this book with an open mind and learn to decide for yourself what God you choose to believe in and use the knowledge that I have provided to help you enjoy your sex powers and invite God into your life, as well as your bedroom.

Are you searching for a guide to get started with tantric sex? Then continue reading... In my head, a typical dream sex scenario is conjured up. The environment is ideal: gentle lighting and mild fragrances. A male may be muscular, physically powerful, tall and gorgeous, and highly romantic, while a lady can be visually pleasing, thin with perky breasts, smooth skin, and soft hair, wet and ready. The sex itself is intense and spontaneous. He comes in the door, and she greets him in nothing but one of his work shirts.

He delicately lifts her up by the waist, and she wraps her legs around him as he carries her to the bedroom to make love to her for hours, but they are so enthralled that they don't make it - and end up tearing into one other on the way up the stairs. A typical sex scenario between a long-term married couple might be that one partner is stressed from a long day at work and wants to get some sexual release before going to bed. At the same time, the other would instead read a book in peace, sleep soundly, and worry about sex another time when they are in the mood. To prevent confrontation and disappointment, one spouse gives in to the other's demands, and the same old sex occurs in the same old bed under the same old blankets in the same old dull positions; eyes closed and lights turned out... boring! This is what you'll learn from this book to revolutionize your sexual life:

Knowing what tantric philosophy is Advantages and disadvantages of conventional sex How to prepare your mind and body effectively for tantric sex with foreplay, massage, and masturbation practices. Tantra exercises and massages for couples' sexual satisfaction What is emotional and cultural consent, and why is it important? The relevance of orgasm and reaching bliss Positions and Techniques Tips and tricks to get more pleasure And Much More!... There is no pressure or pushing to the finish of the session since there is no aim of climax - simply the objective of generating intensity and pleasure together.
