made on the basis of

the Hebrew text during the second century CE. Much like the Greek translations of the Old Testament, this document is an important source for our knowledge of the text of the Old Testament. Its language is also of great interest to linguists. Moreover, as Bible of the Syriac Churches it is used in sermons, commentaries, poetry, prayers, and hymns. Many terms specific to the spirituality of the Syriac Churches have their origins in this ancient and reliable version of the Old Testament. The present edition, published by the Peshitta Institute in Leiden on behalf of the International Organization for the Study of the Old

The Old Testament in Syriac Brill Archive
This is the first volume of a six-volume Concordance based on the critical text edition of the Peshitta (published by Brill from

1972 onwards). This first part focuses on the Pentateuch, while subsequent volumes will cover Historical Books, Prophets, Writings, Deutero-Canonical and Apocryphal Books. The final part will comprise a General Index. Each volume will contain: 1) A General Concordance presenting the Syriac lemmata in alphabetical order, Hebrew and/or Greek correspondences (in accordance with the supposed original language of each book), a Latin and English translation, and variants (including those of the editions of Mossul, Urmia, Lee). 2) An Appendix, consisting of indexes on: Proper and Geographical Names, English, Latin, Hebrew, Greek and Syriac

words (listed according to their roots), prepositions and characteristics of verb forms. The concordance will serve as an important tool for scholars and students in the fields of biblical exegesis, philological and linguistic studies, translation technique and the study of the theology of the Syriac churches.

According to the Peshitta Version
 Peshitta. the Old Testament in
 This is a literal word for word interlinear translation of the 1900+ year old Aramaic Old Testament called the Peshitta. Aramaic was the native language of Jesus and of Israel in the 1st century AD. This volume contains the Minor Prophets: Hosea through Malachi (the last 12 books of the Old testament). The text translated is the 6th or 7th century Codex Ambrosianus- the oldest complete Semitic Old Testament extant. The Peshitta Old Testament was very likely translated

from the Hebrew Bible in the 1st century AD in Israel by Christian converts from Judaism, or possibly Syrian Christians from across Israel's border. Either way, the Peshitta Old and New Testaments together constitute the first Christian Bible. The author has also translated and published interlinears of the Aramaic Peshitta Torah, The Poetry Books, The Major Prophets, as well as the entire Aramaic Peshitta New Testament and plain English translations of the NT, the Torah, the Psalms & Proverbs. Paperback 8x11" 146 pages in B&W.
