AN INSTANT NEW YORK TIMES
BESTSELLER The twisty new thriller from
the New York Times bestselling author of
The Couple Next Door and A Stranger in
the House A weekend retreat at a cozy
mountain lodge is supposed to be the
perfect getaway . . . but when the storm
hits, no one is getting away It's winter in

the Catskills and Mitchell's Inn, nestled
deep in the woods, is the perfect setting
for a relaxing--maybe even romantic--
weekend away. It boasts spacious old
rooms with huge woodburning fireplaces,
a well-stocked wine cellar, and
opportunities for cross-country skiing,
snowshoeing, or just curling up with a
good murder mystery. So when the
weather takes a turn for the worse, and
a blizzard cuts off the electricity--and all
contact with the outside world--the
guests settle in and try to make the best

of it. Soon, though, one of the guests turns up dead--it looks like an accident. But when a second guest dies, they start to panic. Within the snowed-in paradise, something--or someone--is picking off the guests one by one. And there's nothing they can do but hunker down and hope they can survive the storm--and one another.

The Time of the Goats Diversion Books Shortlisted for the Independent Foreign Fiction Prize 2013. In September 1943, Nazi troops advance on the ancient gates of Gjirokastr, Albania. The very next day, the Germans vanish without a trace. As the townsfolk wonder if they might have dreamt the events of the previous night, rumours circulate of a childhood friendship between a local dignitary and the invading Nazi Colonel,

a reunion in the town square and a fateful dinner party that would transform twentieth-century Europe. A captivating novel of resistance in a dictatorship, and steeped in Albanian folklore, *The Fall of the Stone City* shows Kadare at the height of his powers.

Development, Predicaments, Implications Orient Blackswan

In 1945, Albania was an extremely under-developed nation compared to other countries in Europe. So in studying Enver Hoxha's forty-year reign (1945-85) it is necessary to recognize him as a leader who accomplished great things for Albania while concurrently enmeshing the country in policies that were not only counterproductive but self-destructive. This book studies a wide range of areas pertaining to Hoxha's

impact upon Albania's development. O'Donnell shows that, while it is necessary to give Hoxha a mixed report card, he nonetheless enabled a small nation with a multitude of limitations to maintain its sovereignty and modernize through unorthodox methods.

In Resonance: The Art of Successful Living BRILL

The New York Times Bestseller, updated With a New Introduction This is the 20th anniversary of the explosive bestseller that changed the way the world viewed one of the greatest athletes in history, revealing for the first time Michael Jordan's relentless drive to win anything and everything, at any cost. NBA Hall of Fame columnist Sam Smith had unlimited access to the team and its players during their championship

1991-92 season, which he details in the new introduction, along with candid revelations about his sources, and the reaction from Michael, his teammates, the media, and the fans when the book blasted onto the bestseller lists in 1992 (where it stayed for three months). With more than a million copies in print, *The Jordan Rules* remains the ultimate inside look at one of the most legendary teams in sports history.

Deliberative democracy is now an influential approach to the study of democracy and political behaviour. Its

key proposition is that, in politics, it is not only power that counts, but good discussions and arguments too. This book examines the interplay between the normative and empirical aspects of the deliberative model of democracy. Jürg Steiner presents the main normative controversies in the literature on deliberation, including self-interest, civility and truthfulness. He then summarizes the empirical literature on deliberation and proposes methods by which the level of deliberation can be measured rather than just assumed. Steiner's empirical research is based in the work of various research groups, including experiments with ordinary citizens in the deeply divided societies of Colombia, Bosnia-Herzegovina and Belgium, as well as Finland and the

European Union. Steiner draws normative implications from a combination of both normative controversies and empirical findings. Programming Languages: Principles and Practices Jeff Knupp
 Modern School Arithmetic, A Time-Tested Series Is Now Designed To Cover The School Requirements Of The Pre-Primary And Primary Schools. Books 1 To 5 Have Been Recently Revised To Suit The Present Day Needs Of The Teaching-Learning Process In Arithmetic. An Attractive And Colourful Book 0 Has Been Added To The Series. The Series Now Comes In A New User-Friendly, Colourful Format. The Unique Feature Of The Series Which Were The Rich Range Of Statement-Sums Has Been Reinforced To Help Children Master Computing Skill

And Concept-Learning. Each Book Now Contains Additional Of Worked Out Problems, Exercises And Graded Revision Tests.

You never know when somebody will hold you to your word ... Naz has enough darkness inside of him to rid the world of every stitch of light. But there's one he could never harm: Karissa. He taunts her with his touch, gets a thrill out of torturing her soul. But he's not the most dangerous one out there ...

The Heroic Deeds of George Scanderbeg, King of Epirus Columbia University Press

The Iron Curtain concealed from western eyes a vital group of national and regional writers. Marked by not only geographical proximity but also by the shared experience of communism and its

collapse, the countries of Eastern Europe -- Poland, Hungary, Albania, Romania, Bulgaria, and the former states of Yugoslavia, Czechoslovakia, and East Germany -- share literatures that reveal many common themes when examined together. Compiled by a leading scholar, the guide includes an overview of literary trends in historical context; a listing of some 700 authors by country; and an A-to-Z section of articles on the most influential writers.

The Titoites Stanford University Press

Pitching prodigy Michael Arroyo is on the run from social services after being banned from playing Little League baseball because rival coaches doubt he is only twelve years old and he has no parents to offer them proof. Reprint.

The Jordan Rules Canongate Books

The "Writing Idiomatic Python" book is finally here! Chock full of code samples,

you'll learn the "Pythonic" way to accomplish common tasks. Each idiom comes with a detailed description, example code showing the "wrong" way to do it, and code for the idiomatic, "Pythonic" alternative. *This version of the book is for Python 3.3+. There is also a Python 2.7.3+ version available.* "Writing Idiomatic Python" contains the most common and important Python idioms in a format that maximizes identification and understanding. Each idiom is presented as a recommendation to write some commonly used piece of code. It is followed by an explanation of why the idiom is important. It also contains two code samples: the "Harmful" way to write it and the "Idiomatic" way. * The "Harmful" way helps you identify the idiom in your own

code. * The "Idiomatic" way shows you how to easily translate that code into idiomatic Python. This book is perfect for you: * If you're coming to Python from another programming language * If you're learning Python as a first programming language * If you're looking to increase the readability, maintainability, and correctness of your Python code

What is "Idiomatic" Python? Every programming language has its own idioms. Programming language idioms are nothing more than the generally accepted way of writing a certain piece of code. Consistently writing idiomatic code has a number of important benefits: * Others can read and understand your code easily * Others can maintain and enhance your code with minimal effort * Your code will

contain fewer bugs * Your code will teach others to write correct code without any effort on your part

The Foundations of Deliberative Democracy

University of Wisconsin Pres Utilizing the wisdom of the ages, "In Resonance" was written as a timeless manual for both personal self empowerment and self mastery. "In Resonance", is filled with inspirational information of both experiential research and channelled guidance from Jasmuheen and the Ascended Ones. The predominant focus of this book is on bridging the worlds of science and religion, the realms of the physical and etheric, plus the cultures of the east and west. "In Resonance" offers practical tools utilizing simple and also more complex meditations, specific

programming techniques for tuning, mind mastery for reality creation and creating a purposeful and passionate existence. It addresses issues from meditation to telepathy and Universal Laws plus the existence of the Brotherhoods of Light.

Staynors Modern School Arithmetic Book 4 (re Kensington Publishing Corp.

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up

by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that

great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries. Routledge

This book covers the syllabus of GGSIPU, DU, UPTU, PTU, MDU, Pune University and many other universities. □ It is useful for B.Tech(CSE/IT), M.Tech(CSE), MCA(SE) students. □ Many solved problems have been added to make this book more fresh. □ It has been divided in

Historical Notes PHI Learning Pvt. Ltd.

"Over 125 poetic companions for all life's ups and downs. The Buddha once told a disciple that good spiritual friends are the whole of holy life. The poems expertly gathered here offer all that one might hope for in such spiritual friendship: wisdom, compassion, peacefulness, good humor, and the ability to both absorb and express the deepest human emotions of grief and joy. The Poetry of Impermanence, Mindfulness, and Joy offers a wide-

ranging collection of 129 ancient and modern poems unlike any other anthology on bookshelves today. It uniquely places Buddhist poets like Han Shan, Tu Fu, Saigyō, Ryōkan, Bashō, Issa, and others alongside modern Western poets one would not expect to find in such a collection--poets like Wallace Stevens, Robert Frost, Elizabeth Bishop, William Stafford, Denise Levertov, Jack Gilbert, Ellen Bass, Billy Collins, and more. What these poems have in common, no matter whether they are explicitly Buddhist, is that all reflect the essential truths the Buddha articulated 2,500 years ago. The book provides an important poetic complement to the many prose books on mindfulness practice--the poems here both reflect and embody the dharma in

ways that can't be matched by other modes of writing. Its unique features include an introduction that discusses the themes of impermanence, mindfulness, and joy and explores the relationship between them. Biographical notes place the poets in historical context and offer quotes and anecdotes to help readers learn about the poets' lives. A short essay at the back of the book on "Mindful Reading" helps readers approach the poems from an experiential, non-analytical perspective and illustrates the similarities between meditation and the mindful reading of poetry. Brehm also includes a guided meditation on sound that helps readers appreciate the sonic qualities of poetry and shows how the anthology might be used in ongoing spiritual practice"--

The Autobiography of the People in Verse HarperCollins UK

When it was first published in the author's native country, *THE PALACE OF DREAMS* was immediately banned. The novel revolves around a secret ministry whose task is not just to spy on its citizens, but to collect and interpret their dreams. An entire nation's unconscious is thus tapped and meticulously laid bare in the form of images and symbols of the dreaming mind.

Advanced Computer Architecture

Createspace Independent Pub

The first historical heroic epic authored by a woman, Scanderbeide recounts the exploits of fifteenth-century Albanian warrior-prince George Scanderbeg and his war of resistance against the Ottoman sultanate. Filled with scenes of

intense and suspenseful battles contrasted with romantic episodes, Scanderbeide combines the action and fantasy characteristic of the genre with analysis of its characters' motivations. In selecting a military campaign as her material and epic poetry as her medium, Margherita Sarrocchi (1560?-1617) not only engages in the masculine subjects

of political conflict and warfare but also tackles a genre that was, until that point, the sole purview of men. First published posthumously in 1623, Scanderbeide reemerges here in an adroit English prose translation that maintains the suspense of the original text and gives ample context to its rich cultural implications.
