 Diary of a Villager Shepherd Simon and Schuster  
 Veronica doesn't think she's going crazy. But why can't anyone else see the mysterious blond boy who keeps popping up wherever she goes? When her best friend, Mackenna, invites her to spend the summer in Scotland, Veronica jumps at the opportunity to leave her complicated life behind for a few months. But the Scottish countryside holds other plans. Not only has the imaginary kilted boy followed her to Alloway, she and Mackenna uncover a strange set of rings and a very unnerving letter from Mackenna's great aunt—and when the girls test the instructions Aunt Gracie left behind, they find themselves transported to a land that defies explanation. Doon seems like a real-life fairy tale, complete with one prince who has eyes for Mackenna and another who looks suspiciously like the boy from Veronica's daydreams. But Doon has a dark underbelly as well. The two girls could have

everything they've longed for... or they could end up breaking an enchantment and find themselves trapped in a world that has become a nightmare.

This book presents the only critical study of the public life and legacy of V. S. Azariah (1874-1945), the first Indian bishop of an Anglican diocese and the most successful leader of rural conversion movements to Christianity in modern India. Harper carefully explores Bishop Azariah's work, including his attempts to redress racism and improve social conditions in India, and documents -- for the first time anywhere -- the previously unknown controversy between Bishop Azariah and the great Mahatma Gandhi.

 The Diary of Reverend James Newton provides a wealth of social history; the eighteenth century through the eyes of a well-to-do country parson. James Newton was rector of Nuneham Courtenay at a time of great change. He witnessed the destruction of the medieval village to make way for Lord Harcourt's new park in 1759, and both his parsonage and his church were destroyed and replaced. It has been suggested that Oliver Goldsmith based 'sweet Auburn' on Nuneham in his poem The Deserted Village. This diary provides the historical reality behind the literature. Newton chronicles life in the country with all its joys and tribulations. We have glimpses of his philosophy on life, his treatment of servants, his interest in gardening as well as his reactions to national events. Further interest is added by his regular visits to London, usually for a mixture of business and

pleasure. He has tenants to check, his family house and sisters to visit, as well as wooing to be done in his continual quest for a wife. However, there is no evidence that he ever married. Long stays in Bath also feature and his descriptions of visits to the Assembly Room and the Pump Room give us an eye-witness account of the daily doings of polite society. His comments and observations during his journeys also merit attention, as indeed do his methods of travel. The difficulties and time taken in such undertakings become apparent.

How Cyriacus of Ancona—merchant, spy, and amateur classicist—traveled the world, fighting to save ancient monuments for posterity. At the beginning of the fifteenth century, a young Italian bookkeeper fell under the spell of the classical past. Despite his limited education, the Greeks and Romans seemed to speak directly to him—not from books but from the physical ruins and inscriptions that lay neglected around the shores of the Mediterranean. As an international merchant, Cyriacus of Ancona was accustomed to the perils of travel in foreign lands—unlike his more scholarly peers with their handsome libraries and wealthy patrons, who benefited greatly from the discoveries communicated in his widely distributed letters and drawings. Having seen firsthand the destruction of the world's cultural heritage, Cyriacus resolved to preserve it for future generations. To do so he would spy on the Ottomans, court popes and emperors, and even organize a crusade. Some images in the ebook are not displayed owing to permissions issues.
