This volume details recent

archaeological  
explorations of ancient  
religion and sacred ritual.  
The chapters bring  
multiple perspectives and  
differing methodological  
approaches to case  
studies representing  
widely divergent regions

and time periods to  
illustrate some of the  
most recent  
methodological and  
theoretical approaches to  
the archaeological study  
of ancient religion and  
ritual.
