It shows how to fine-tune the closing process to achieve a shorter close, and describes the variety of financial statement formats that are available. It even addresses financial statement disclosures, the soft close, public company reporting, and the controls and record keeping needed for the closing process. *Including GAAP, IRS and SEC Regulations, Leases, and More* Research & Education Assoc.

Readers looking for a dynamic way to learn accounting. Redefining tradition in the accounting course. The tenth edition of Horngren's Accounting presents the core content of the accounting course in a fresh format designed to help today's learners succeed. Built upon the foundation of the Horngren franchise, this new edition was created by an all-new author team who sought to bridge the gap between textbook content and classroom instruction techniques. New pedagogical features such as Instructor Tips & Tricks and Common Questions, Answered walk students through the material as a great instructor would, fostering deeper understanding of accounting theory and practice. The table of contents for the tenth edition has been significantly overhauled to match the way the contemporary course is often taught. Additionally, the whole text has been put through a rigorous accuracy check, so instructors can be confident that it is up-to-date and error-free. And thorough

integration between the text and MyAccountingLab places practice opportunities just a few clicks away—and provides a truly interactive learning experience.
