Kieso Intermediate Accounting Rexdale, Ont. : J. Wiley  
Intermediate Accounting by Kieso, Weygandt, and Warfield is, quite simply, the standard by which all other intermediate texts are measured. Throughout the thirty years, and ten best-selling editions, the text has built a reputation for accuracy, comprehensiveness, and student success. This Updated Edition features and incorporates the 2005 FASB key accounting standards that have been updated since the original publication of "Intermediate Accounting, 11th Edition." The Updated Eleventh Edition maintains the qualities for which the text is globally recognized, and continues to be your students' gateway to the profession! Included in the package is the "Problem-Solving Survival Guide."  
Solutions Manual, Volume I, Chapters 1-14 to Accompany Intermediate Accounting, Seventh Canadian Edition McGraw-Hill, Ryerson  
The Study Guide to Accompany Intermediate Accounting, Tenth Canadian Edition provides a solid review of the concepts presented in your intermediate accounting course, and gives you strategies for dealing with the complexities of applying those concepts. Included in this guide to help you make your way through each chapter: To Help Gain a Solid Understanding of the Concepts A chapter Overview that introduces you to the topics covered and their importance. Study Steps that review the business transaction under discussion; show how to recognize, measure, and disclose issues related to that transaction; and demonstrate how to then make the appropriate calculations and apply the appropriate accounting methods. Tips alerting you to common pitfalls and misconceptions and to remind you of important terminology, concepts, and relationships. A Toolkit printed on cards that can be detached from the guide and referred to throughout the course. These cards present material such as a review of the conceptual triangle from the book, a glossary of definitions, and summary of key ratios. To Aid in Applying Concepts Successfully Exercises and Multiple-Choice Questions allowing you to practise using material that is representative of homework assignments and exam questions you are likely to encounter. Purposes identifying the essence of each exercise or question and linking it to the text material. Solutions showing you the appropriate solutions for each exercise and multiple-choice question. Explanations giving you the details of how selected solutions were derived and explaining why things are done as shown. Approaches coaching you on the particular model, computational format, or other strategy to be used to solve particular problems. If you are looking for a valuable aid to

help you in your intermediate accounting course, you've found it in the Study Guide to Accompany Intermediate Accounting, Tenth Canadian Edition.

Intermediate Accounting, Student Practice and Solutions Manual Irwin : represented in Canada by Times Mirror Professional Pub. Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.

"Intermediate Financial Accounting Volume 1 by G. Arnold and S. Kyle, developed in collaboration by Athabasca University and Lyryx, is intended for a first course in Intermediate Financial Accounting, and presumes that students have already completed one or two Introductory Financial Accounting courses. The textbook reflects current International Financial Reporting Standards (IFRS), such as IFRS 15 – Revenue from Contracts With Customers. This textbook provides a review of introductory

accounting concepts and covers all topics essential to a first level Intermediate Accounting course: the conceptual framework and current landscape of financial reporting; statements of financial position; comprehensive income; cash flows and shareholders' equity; cash and receivables; revenue; inventory; property, plant and equipment; intangible assets; and intercorporate investments. For those requiring preparation for CPA designation, competencies as outlined by the CPA are addressed in this textbook. For a detailed competency map, please contact us at [info@lyryx.com](mailto:info@lyryx.com). It also focuses on more difficult intermediate accounting topics that match prerequisite requirements for students advancing to a second level Intermediate Financial Accounting course. Topics that are covered in Advanced Financial Accounting courses, such as consolidations and foreign exchange, are not included here."--BCcampus website.
