This uneasy, compelling novel begins with a nighttime accident on the streets of Paris. The unnamed narrator, a teenage boy, is hit by a car whose driver he vaguely recalls having met before. The mysterious ensuing events, involving a police van, a dose of ether,

awakening in a strange hospital, and the disappearance of the woman driver, culminate in a packet being pressed into the boy's hand. It is an envelope stuffed full of bank notes. The confusion only deepens as the characters grow increasingly apprehensive; meanwhile, readers are held spellbound. Modiano's low-key writing style, his preoccupation with memory and its untrustworthiness, and his deep concern with timeless moral questions have earned him an international audience of devoted readers. This beautifully rendered translation brings another of his finest works to an eagerly waiting English-language audience. Paris Nocturne has been named "a perfect book" by Libération, while L'Express observes, "Paris Nocturne is cloaked in darkness,

but it is a novel that is turned toward the light."

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and

opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a

scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Intentions in Communication brings together major theorists from artificial intelligence and computer science, linguistics, philosophy, and psychology whose work develops the foundations for an account of the role of intentions in a comprehensive theory of communication. It demonstrates, for the

first time, the emerging cooperation among disciplines concerned with the fundamental role of intention in communication. The fourteen contributions in this book address central questions about the nature of intention as it is understood in theories of communication, the crucial role of intention recognition in understanding utterances, the use of principles of rational interaction in interpreting speech acts, the contribution of intonation contours to intention recognition, and the need for more general models of intention that support a view of dialogue as a collaborative activity. The contributors are Michael E. Bratman, Philip R. Cohen, Hector J. Levesque, Martha E. Pollack, Henry Kautz, Andrew J. I. Jones, C. Raymond

Perrault, Daniel Vanderveken, Janet Pierrehumbert, Julia Hirschberg, Richmond H. Thomason, Diane J Litman, James F. Allen, John R. Searle, Barbara J. Grosz, Candace L. Sidner, Herbert H. Clark and Deanna Wilkes-Gibbs. The book also includes commentaries by James F. Allen, W. A Woods, Jerry Morgan, Jerrold M. Sadock Jerry R. Hobbs, and Kent Bach. Philip R.
