#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept

out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “Extraordinary . . . an act of courage and self-invention.”—The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA’S FAVORITE BOOKS OF THE YEAR • BILL GATES’S HOLIDAY READING LIST • FINALIST: National Book Critics Circle’s Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . Despite the singularity of [Westover’s] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? A scion of the notorious Winters family, Holden is gorgeous, wealthy, and brilliant. He dates socialites and pop stars, not computer science grad students more comfortable in a hoodie than couture. Our night together was a fantasy...and a huge mistake. Holden: I don't usually steal other guy's dates. I don't have to. A look is all it takes, and the women fall over themselves to get to me. Then I saw Josephine, sitting with her dweeb of a date, just waiting for a man who could appreciate her lush curves and sharp brain. *The Untouchables Books 4-6* Penguin An NPR Favorite Book of the Year Winner of the Critics’ Choice Book Award, American Educational Studies Association Winner of the Mirra Komarovsky Book Award Winner of the CEP-Mildred García Award for Exemplary Scholarship “Eye-opening...Brings home the pain and reality of on-campus poverty and puts the blame squarely on elite institutions.”

—Washington Post “Jack’s investigation redirects attention from the matter of access to the matter of inclusion...His book challenges universities to support the diversity they indulge in advertising.”

—New Yorker “The lesson is plain—simply admitting low-income students is just the start of a university’s obligations. Once they’re on campus, colleges must show them that they are full-fledged citizen.”

—David Kirp, American Prospect “This book should be studied closely by anyone interested in improving diversity and inclusion in higher education and provides a moving call to action for us all.” —Raj Chetty, Harvard University The Ivy League looks different than it used to. College presidents and deans of admission have opened their doors—and their coffers—to support a more diverse student body. But is it enough just to admit these students? In this bracing exposé, Anthony Jack shows that many students’ struggles continue

long after they've settled in their dorms. Admission, they quickly learn, is not the same as acceptance. This powerfully argued book documents how university policies and campus culture can exacerbate preexisting inequalities and reveals why some students are harder hit than others.

FORBES TOP 10 HIGHER EDUCATION BOOKS OF 2020 The riveting true story behind the Varsity Blues college admissions scandal, a cautionary tale of parenting gone wrong, the system that enabled families to veer so far off course, and the mastermind who made it all happen. When federal prosecutors dropped the bombshell of Operation Varsity Blues, it broke open the crimes of exclusive universities and wealthy families all over the country, shattering the myth of American meritocracy. In *Unacceptable*, veteran Wall Street Journal reporters Melissa Korn and Jennifer Levitz dig deep into how otherwise smart, loving parents became caught up in scandal, led through the side door by one man: college whisperer Rick Singer. *Unacceptable* traces how, over decades, the charismatic Singer easily reeled in parents hoping to guarantee top educations for their

children, and exploited a system rigged against regular people. Exploring the status obsession that seduced entitled parents in search of an edge, Korn and Levitz unfurl a scheme that entangled more than fifty conspirators, from wealthy CEOs to famous actresses, leading to imprisonments, ruined careers, and terminated enrollments. An eye-opening account of corruption in America's most exclusive institutions, *Unacceptable* tells the story of helicopter parenting, coddled teens, and the man who thought he couldn't be caught. Detailing Singer's steady rise and dramatic fall, Korn and Levitz expose the ugly underbelly of elite college admissions, and the devastating consequences of buying success.

**Blood & Ivy: The 1849 Murder That Scandalized Harvard** Harper Collins

This is the first study to explore the connections between late-19th-century university/college composite class portraits and the field of eugenics - which first took hold in the United States at Harvard University. Eugenics, "Aristogenics," Photography takes a closer look at how composite portraiture documented an idealized "reality" of the New England social-caste experience and explains how, when positioned in relation to the individual stories and portraits of members of the class, the portraits reveal points of non-conformity and rebellion with their own rhetoric.

With so many enemies, how will Nicholas Segalla unravel the web of mysteries? Nicholas Segalla visits Tudor England once again in Paul Doherty's gripping mystery, *In the Time of the Poisoned Queen*. Perfect for fans of Susanna Gregory and C. J. Sansom. 1558 was a year of sinister and bloody conspiracy in England. Deserted by her husband, Philip of Spain, Queen Mary

faces an ever-tightening circle of conspiracy and deceit. Rumours and whispers abound that she, like her first minister Reginald Cardinal Pole, is being slowly murdered by a subtle poison. There are many who would benefit from Mary's death: Catherine de' Medici, Queen of France and 'Mistress of the Poisons'; beautiful Mary, Queen of Scots, heiress presumptive to the throne in the eyes of English Catholics; Pope Paul IV surveys the silken threads of treachery from his perch in Rome; and the Queen's own half-sister, Elizabeth, who takes council from her 'little wizard' William Cecil. Who is behind the letters signed by the 'Four Evangelists'? What is the secret concealed in the phrase 'Mark 15.34'? What does a verse from the Gospels predict about the future succession of England? Nicholas Segalla, a mysterious scholar and diplomat, must thread his way through this web of Byzantine intrigue. What readers are saying about Paul Doherty: 'A cracker, full of twists and turns, with an overarching mystery of who exactly is Segalla' 'Paul Doherty's books are a joy to read' 'The sounds and smells of the period seem to waft from the pages of [Paul Doherty's] books'
