In the twenty-fourth chapter of Genesis a beautiful young woman offers assistance to a weary traveler and his camels, and out of that simple action, a marriage results—a marriage that offers profound lessons to couples today. Bible scholar and renowned speaker Ravi Zacharias draws five points critical to the long-lasting success of every marriage from the biblical story of the marriage of Isaac and Rebekah. "Real love folds together both the emotions and the will," writes Zacharias. "Without the emotions, marriage is a drudgery; without the will, it is a mockery." Building upon that foundational truth, Zacharias goes on to explain the principles of seeking the counsel of others when finding a mate, cherishing your partner, remaining pure, becoming a man or woman of prayer, and, finally, risking everything in a relationship in order to experience God's ideal for love. Couples everywhere, from those about to be married, to those who have been married for decades, will draw strength and wisdom for the journey of marriage as they learn from Ravi what it means to move from romance to lasting love.

Binding and loosing, baptism, eucharist, multiplicity of gifts, and open meeting; these five New Testament practices were central

in the life of the early Christian community. Some of them are still echoed in the practice of the church today. But the full social, ethical, and communal meaning of the original practices has often been covered by centuries of ritual and interpretation. John Howard Yoder, in his inimitably direct and discerning style, uncovers the original meaning of the five practices and shows why the recovery of these practices is so important for the social, economic, and political witness of the church today.

From being Champion of Champions to one of the world's top cricket commentators to Team India's head coach, Ravi Shastri has an incomparable perspective when it comes to the game of cricket. In *Stargazing: The Players in My Life*, the legendary all-rounder looks back at the extraordinary talent he has encountered over the years. Who is the former Indian captain who didn't do full justice to his talent? Or that bruising bowler who went on to become a best friend? What was the most important lesson the legendary Clive Llyod taught him? How does Shastri set aside his personal bond with Virat Kohli in his role as coach? Full of never-before-revealed anecdotes, *Stargazing*, co-written with Ayaz Memon and featuring illustrations by Shiva Rao, offers a glimpse into how champions from across the globe have inspired one of the world's greatest ODI players and Team India's most successful Test cricket coach.

The great evangelist, Ravi Zacharias, had been a pretender for decades. He had built an international reputation for himself as a polished scholar and an apostle to the Academy by claiming academic credentials that he did not have. His Christian business colleagues remained silent. But then Ravi Zacharias had an online affair with a married woman. On October 29, 2016, she informed him that she would confess the affair to her husband. The evangelist responded by threatening suicide. And he did so in writing. Word of the famous preacher's suicide threat began to leak out. Zacharias's cover was about to blow. And when it did it would expose not just another corrupt clergyman but also cynicism and unbelief at the highest levels of God, Inc. Zacharias was desperate. On July 31, 2017, he filed a federal lawsuit against the woman. Four months later he settled that lawsuit on terms that required the parties to remain silent about what had happened between them. He had, it seemed, resecured his cover. This book blows that cover.

The author believes that over the past forty years movements like New Age spirituality and society's obsession with human potential have combined like a "perfect storm" to redefine for popular culture what has been for centuries the classic biblical definition of the person, work, and teaching of Jesus Christ. In *Why Jesus?*, Ravi Zacharias looks at the impact of this "storm" by discussing the 60s-70s "Age of Aquarius," actor Shirley MacLaine's book and TV series *Out On a Limb*, author James Redfield (*The Celestine Prophecy*), Rhonda Byrne (*The Secret*), Dan Brown (*The Da Vinci Code*), and other books by Eckart Tolle, Wayne Dyer, Deepak Chopra, the Dali Lama, and Marianne Williamson. Special attention will be given to the influence of Oprah Winfrey's media platform in reshaping society by introducing and promoting certain books and authors. Major new age and human potential tenets will be discussed like: the belief that we are all gods and have to discover our divinity; Jesus was only a good teacher; Christianity is but one among many ways to eternal life; reincarnation is real; Jesus was married; truth is relative; there is no sin; and perfection is possible. The truth of and the arguments for the bodily resurrection of Jesus will be presented as the most important argument for the exclusive claims about Jesus and Christianity.

In *Seeking Allah, Finding Jesus*, now expanded with bonus content, Nabeel Qureshi describes his dramatic journey from Islam to Christianity, complete with friendships, investigations, and supernatural dreams along the way. Providing an intimate window into a loving Muslim home, Qureshi shares how he developed a passion for Islam before discovering, almost against his will, evidence that Jesus rose from the dead and claimed to be God. Unable to deny the arguments but not wanting to deny his family, Qureshi struggled with an inner turmoil that will challenge Christians, Muslims, and all those who are interested in the world's greatest religions. Engaging and thought-provoking, *Seeking Allah, Finding Jesus* tells a powerful story of the clash between Islam and Christianity in one man's heart and of the peace he eventually found in Jesus. "I have seldom seen such genuine intellect combined with passion to match ... truly a 'must-read' book."—Ravi Zacharias

In a world with so many religions, why Jesus? We are living in a time when you can believe anything, as long as you do not claim it to be true. In the name of "tolerance," our postmodern culture embraces everything from Eastern mysticism to New Age spirituality. But as Ravi Zacharias points out, such unquestioning acceptance of all things spiritual is absurd. All religions, plainly and simply, cannot be true. *Jesus Among Other Gods* provides the answers to the most fundamental claims about Christianity, such as: Aren't all religions fundamentally the same? Was Jesus who He claimed to be? Can one study the life of Christ and demonstrate conclusively that He was and is the way, the truth, and the life? In each chapter, Zacharias considers a unique claim that Jesus made and then contrasts the truth of Jesus with the founders of Islam, Hinduism, and Buddhism with compelling insight and passionate conviction. In addition to an impressive breadth of reading and study, he shares his personal journey from despair and meaninglessness to his discovery that Jesus is who He said He is. "In *Jesus Among Other Gods*, Ravi Zacharias demonstrates that he is one of the most intellectually gifted as well as spiritually sensitive writers of today's leading apologists for the Christian faith. Zacharias brings alive the unique power of the claims of Jesus about himself and the utter relevance of his message today for the human condition." — David Aikman,

A ministry resource for motivating all Christians to become thoughtful apologists of their faith. Although apologetics is as crucial today as it has ever been, the classical model for defending the faith often seems irrelevant to the 21st century where people listen with their eyes and think with their emotions. *Is Your Church Ready?* Presents a team of highly qualified Christian thinkers—including Ravi Zacharias, John Guest, Jay Budziszewski, Judy Salisbury, Dean Halverson, and Peter Grant—who build a case for the place of apologetics in the local church, home, and school. Using personal examples and illustrations they address:

- How to answer objections to Christianity
- How to equip children in the home and prepare youth to remain committed to Christ after they leave for college
- How to reach international students and the foreign-born

Included are discussion questions and a “Church Leaders Resource Guide” to the best books, articles, organizations, and websites on the subject.

In this brilliant and compelling defense of the Christian faith, Ravi Zacharias shows how affirming the reality of God's existence matters urgently in our everyday lives. According to Zacharias, how you answer the questions of God's existence will impact your relationship with others, your commitment to integrity, your attitude toward morality, and your perception of truth.

The measure of the executive, Peter Drucker reminds us, is the ability to 'get the right things done'. Usually this involves doing what other people have overlooked, as well as avoiding what is unproductive. He identifies five talents as essential to effectiveness, and these can be learned; in fact, they must be learned just as scales must be mastered by every piano student regardless of his natural gifts. Intelligence, imagination and knowledge may all be wasted in an executive job without the acquired habits of mind that convert these into results. One of the talents is the management of time. Another is choosing what to contribute to the particular organization. A third is knowing where and how to apply your strength to best effect. Fourth is setting up the right priorities. And all of them must be knitted together by effective decision-making. How these can be developed forms the main body of the book. The author ranges widely through the annals of business and government to demonstrate the distinctive skill of the executive. He turns familiar experience upside down to see it in new perspective. The book is full of surprises, with its fresh insights into old and seemingly trite situations.

**The End of Reason** Multnomah

If you think atheists have reason, evidence, and science on their side, think again! Award-winning author Dr. Frank Turek (*I Don't Have Enough Faith to be an Atheist*) will show you how atheists steal reason, evidence, science, and other arguments from God in trying to make their case for atheism. If that sounds contradictory, it's because it is! Atheists can't make their case without appealing to realities only theism can explain. In an engaging and memorable way, *Stealing from God* exposes these intellectual crimes atheists are committing and then provides four powerful reasons for why Christianity is true.

Ravi Zacharias and Vince Vitale defend the absolute claims of Christ against modern belief in the "secular gods" of atheism, scientism, relativism, and more. The rise of these secular gods presents the most serious challenge to the absolute claims of Christ since the founding of Christianity itself. The Christian

worldview has not only been devalued and dismissed by modern culture, but its believers are openly ridiculed as irrelevant. In *JESUS AMONG SECULAR GODS*, Ravi Zacharias and Vince Vitale challenge the popular "isms" of the day, skillfully pointing out the fallacies in their claims and presenting compelling evidence for revealed absolute truth as found in Jesus. This book is fresh, insightful, and important, and faces head on today's most urgent challenges to Christian faith. It will help seekers to explore the claims of Christ and will provide Christians with the knowledge to articulate why they believe that Jesus stands tall above all other gods.

Many people think science is antagonistic to Christian belief. Science, it is said, shows that the universe is billions of years old, while the Bible says it is only thousands of years old. And some claim that science shows supernatural miracles are impossible. These and other points of contention cause some Christians to view science as a threat to their beliefs. *Redeeming Science* attempts to kindle our appreciation for science as it ought to be—science that could serve as a path for praising God and serving fellow human beings. Through examining the wonderfully complex and immutable laws of nature, author Vern Poythress explains, we ought to recognize the wisdom, care, and beauty of God. A Christian worldview restores a true response to science, where we praise the God who created nature and cares for it.

Ultimate truth. The destiny of souls. The individual heart. Can Krishna and Jesus agree on anything? This is what Subramaniam, a real-life Hindu of the twentieth century, wonders as he enters a fictitious conversation between two religious figures who have changed the lives of millions. As Jesus and Krishna respond to each other's view of life and the afterlife, they speak words straight from the texts of Christianity and Hinduism and straight into the soul. Subramaniam asks Jesus and Krishna hard questions about faith. Meanwhile, a fictional character, Richard, eavesdrops, asking himself the most important question of all: Does it really matter what I believe?
