TOMMY MOSHE

American National Security in an Age of Lies

Harper Collins
NO MORE GAMES. IT'S TIME FOR THE TRUTH. Neil Strauss made a name for himself advocating freedom, sex and opportunity as the author of *The Game*. Then he met the woman who forced him to question everything. Neil's search for answers took him from Viagra-laden free-love orgies to sex addiction clinics, from cutting-edge science labs to modern-day harems, and, most terrifying of all, to his own mother. What he discovered changed everything he knew about love, sex, relationships and, ultimately, himself. The Truth may have the same effect on you.

[Facing Our Fears While Pursuing Our Purpose](#)
Penguin

Exposes the uncomfortable truth about the nature of sin and how its crafty characteristics often seep into the cracks of our lives when we least expect it, discussing how the sins of pride, envy,

anger, slothfulness, greed, gluttony, and lust have masked themselves in today's technology and culture. Original.

Seven Deadly Sins Rodale
Uncle Patrick died young. That's all Josh knows. When Josh and his mother go to stay with his grandmother for the summer, he assumes it's going to be the worst summer of his life. That is until he finds a hidden attic and a collection of strange drawings by his uncle, Patrick, who died suddenly in his teens. Patrick has no grave. His name is never spoken. As Josh explores his mother's home town and follows Patrick's footsteps he begins to uncover the dark truth his family has hidden for forty years ... With the truth hidden between two summers decades apart, *Truth or Dare* by Celia Rees is a page-turning story of shame, secrets and the unbreakable bond of family.

A Novel Little, Brown Books for Young Readers
Does your church make you uncomfortable? It's easy to dream about the "perfect" church—a church that sings just the right songs set to just the

right music before the pastor preaches just the right sermon to a room filled with just the right mix of people who happen to agree with you on just about everything. Chances are your church doesn't quite look like that. But what if instead of searching for a church that makes us comfortable, we learned to love our church, even when it's challenging? What if some of the discomfort that we often experience is actually good for us? This book is a call to embrace the uncomfortable aspects of Christian community, whether that means believing difficult truths, pursuing difficult holiness, or loving difficult people—all for the sake of the gospel, God's glory, and our joy.

The Truth Thomas Nelson
A beautifully illustrated collection of Gloria Steinem's most inspirational and outrageous quotes, with an introduction and essays by the feminist activist herself "A fearless book full of passion, resolute perspective, and unbiased hope for the future."—Janelle Monáe
For decades—and

especially now, in these times of crisis—people around the world have found guidance, humor, and unity in Gloria Steinem’s gift for creating quotes that offer hope and inspire action. From her early days as a journalist and feminist activist, Steinem’s words have helped generations to empower themselves and work together. Covering topics from relationships (“Many are looking for the right person. Too few are trying to be the right person.”) to the patriarchy (“Men are liked better when they win. Women are liked better when they lose. This is how the patriarchy is enforced every day.”) and activism (“Revolutions, like trees, grow from the bottom up.”), this is the definitive collection of Steinem’s words on what matters most. Steinem sees quotes as “the poetry of everyday life,” so she also has included a few favorites from friends, including bell hooks, Flo Kennedy, and Michelle Obama, in this book that will make you want to laugh, march, and create some quotes of your own. In fact, at the end of the book, there’s a special space for readers to add their own quotes and

others they’ve found inspiring. *The Truth Will Set You Free, But First It Will Piss You Off!* is both timeless and timely. It is a gift of hope from Steinem to readers, and a book to share with friends.

[The Uncomfortable Truth about How You Waste Time at Work](#) House of Anansi

Hidden somewhere, in nearly every major city in the world, is an underground seduction lair. And in these lairs, men trade the most devastatingly effective techniques ever invented to charm women. This is not fiction. These men really exist. They live together in houses known as Projects. And Neil Strauss, the bestselling author and journalist, spent two years living among them, using the pseudonym Style to protect his real-life identity. The result is one of the most explosive and controversial books of the last decade—guaranteed to change the lives of men and transform the way women understand the opposite sex forever. On his journey from AFC (average frustrated chump) to PUA (pick-up artist) to PUG (pick-up guru), Strauss not only shares scores of original seduction techniques but

also has unforgettable encounters with the likes of Tom Cruise, Britney Spears, Paris Hilton, Heidi Fleiss, and Courtney Love. And then things really start to get strange—and passions lead to betrayals lead to violence. *The Game* is the story of one man's transformation from frog to prince to prisoner in the most unforgettable book of this generation.

A Documentary Novel

Random House Trade Paperbacks

The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the *Seattle Times* as “the definitive account of how a tech icon came to life.” Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and

Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

How Seeking and Speaking the Truth about Racism Can Radically Transform Individuals and Organizations Dey

Street Books

In this twisty, compelling thriller, a young woman quickly embarks on what she thinks is the relationship and love of a lifetime, and she's thrilled when her new husband insists they follow one rule: they don't talk about the past, but it's a rule that has dangerous consequences—perfect for fans of *A Simple Favor*

and *The Kiss Quotient*. Is her new husband hiding something? Caught up in a whirlwind romance that starts in sunny Ibiza and leads to the cool corridors of a luxurious English country estate, Poppy barely has time to catch her breath, let alone seriously question if all this is too good to be true. Drew is enamored, devoted, and, okay, a little mysterious—but that's part of the thrill. What's the harm in letting his past remain private? Maybe he's not the only one... Fortunately, Drew never seems to wonder why his young wife has so readily agreed to their unusual pact to live only in the here and now and not probe their personal histories. Perhaps he assumes, as others do, that she is simply swept up in the intoxication of infatuation and sudden wealth. What's the harm in letting them believe that? How far will they go to keep the past buried? Isolated in Drew's sprawling mansion, Poppy starts to have time to doubt the man she's married, to wonder what in his past might be so terrible that it can't be spoken of, to imagine what harm he might be capable of. She doesn't want this dream to

shatter. But Poppy may soon be forced to confront the dark truth that there are sins far more dangerous than the sin of omission...

The Truth Text Publishing

Don't waste your awkwardness. The most difficult subjects in our lives are also the ones that we find most uncomfortable to talk about: divorce, body image, sexuality, pornography, or depression. Our awkward silence reveals the gap that exists between what we are and what we know we should be. But God loves those awkward moments, Sammy Rhodes argues, because they are precisely where we find connection with God and one another. In *This Is Awkward*, Rhodes talks directly, honestly, hilariously about the most painfully uncomfortable subjects in our lives. In chapters like "Parents Are a Gift (You Can't Return Them)" and "The Porn in My Side," he boldly goes where most of us fear to tread, revealing that we can be liberated by the embrace of a God who knows the most shameful things about us and loves us all the same. Because nothing is too awkward for God.

The Assault on

Intelligence Penguin

If you want to play the Game, you've got to know the Rules. In his international bestseller *The Game*, Neil Strauss delved into the secret world of pick-up artists—men who have created a science out of the art of seduction. Not only did he reveal the techniques that they had developed, but he became a master of *The Game*, and the world's No. 1 PUA, as *Style*. Now, in this bestselling companion, Strauss reduces three books of life-changing knowledge into a single-volume set. The first book, *The Stylelife Challenge*, breaks down the knowledge he learned and techniques he invented into simple step-by-step instructions that anyone can follow to meet and land the women of their dreams. In the second book, Strauss takes readers into the dark side of *The Game*. *The Style Diaries* offers a series of tales of seduction and sexual (mis)adventure. From accidentally getting married during a drunken night in Reykjavik, to luring a famous musician's granddaughter into a threesome; to the stress and frustration of

the torturous and highly unorthodox "30 Day Sex Experiment," *The Style Diaries* takes you further into the seduction underworld than ever before. Finally, in the all-new, updated third volume, Strauss collects the greatest, most powerful, field-tested, word-for-word routines. You don't need money, looks, or fame to succeed with women. All you need is an understanding of how attraction works—and this thirty-day workout program for your social skills, which has already guided countless men from frustration to fulfillment.

Exposing Democrats' Most Dangerous, Seductive, Damnable, Destructive Lies and How to Refute Them Simon and Schuster

'brilliantly written ... a genuinely important book' Jonathan Ross, *The Jonathan Ross Show* 'something we all need to be reading ... an absolutely brilliant book ... a great read for all of us' Zoe Ball, BBC Radio 2 'an absolutely terrific book' Susanna Reid, *Good Morning Britain* '[John Barnes is] such a clear thinker ... well worth reading' Richard Madeley, *Good Morning Britain* 'this book feels uncomfortable, but important, too ...

Passionate, confrontational stuff' *The Observer* An eloquent and thought-provoking book on racism and prejudice by the Liverpool and England football legend John Barnes. John Barnes spent the first dozen years of his life in Jamaica before moving to the UK with his family in 1975. Six years later he was a professional footballer, distinguishing himself for *Watford*, *Liverpool* and *England*, and in the process becoming this country's most prominent black player. Barnes is now an articulate and captivating social commentator on a broad range of issues, and in *The Uncomfortable Truth About Racism* he tackles head-on the issues surrounding prejudice with his trademark intelligence and authority. By vividly evoking his personal experiences, and holding a mirror to this country's past, present and future, Barnes provides a powerful and moving testimony. *The Uncomfortable Truth About Racism* will help to inform and advance the global conversation around society's ongoing battle with the awful stain of prejudice.

Nothing Could Be Further from the Truth

Macmillan Children's Books

Vince Ellison is America's most fearless truth teller. Agree or disagree with his thesis, open-minded readers must grapple with the persuasive power of his arguments, his mastery of facts, and his passionate love for mankind and our Creator. As a young man, Ellison began his career in the belly of the beast—as a prison guard working in the worst cellblock imaginable—the one housing mass murderers, rapists, child molesters, and others who would never be released, and whose crimes would never be redeemed in this world. Vince Ellison saw the face of evil up close. He knows it like few of us ever could. And it was to his dismay and sadness that he has seen that same evil later in life. This time, not in the faces of hardened, incarcerated criminals. But rather in the eyes of the leaders of the Democratic party. In this stunningly persuasive work, Vince marshals his own experience and couples it with a learned and original analysis to conclude that the leaders of America's "progressive" party aren't just wrong on their policy stances—they are

deliberately and intently destructive. Ellison painstakingly dismantles the twenty-five lies underlying Democratic policies and arguments, and provides readers with the tools they need to understand and refute these myths and deceptions. Finally, Ellison implores his fellow Americans and Christians to open their eyes to the damage being done to the nation's heart and soul in the name of progressivism.

Why Racism Persists

New York Review of Books
Former executive editor of The New York Times and one of our most eminent journalists Jill Abramson provides a "valuable and insightful" (The Boston Globe) report on the disruption of the news media over the last decade, as shown via two legacy (The New York Times and The Washington Post) and two upstart (BuzzFeed and VICE) companies as they plow through a revolution that pits old vs. new media. "A marvelous book" (The New York Times Book Review), Merchants of Truth is the groundbreaking and gripping story of the precarious state of the news business. The new digital reality nearly kills

two venerable newspapers with an aging readership while creating two media behemoths with a ballooning and fickle audience of millennials. "Abramson provides this deeply reported insider account of an industry fighting for survival. With a keen eye for detail and a willingness to interrogate her own profession, Abramson takes readers into the newsrooms and boardrooms of the legacy newspapers and the digital upstarts that seek to challenge their dominance" (Vanity Fair). We get to know the defenders of the legacy presses as well as the outsized characters who are creating the new speed-driven media competitors. The players include Jeff Bezos and Marty Baron (The Washington Post), Arthur Sulzberger and Dean Baquet (The New York Times), Jonah Peretti (BuzzFeed), and Shane Smith (VICE) as well as their reporters and anxious readers. Merchants of Truth raises crucial questions that concern the well-being of our society. We are facing a crisis in trust that threatens the free press. "One of the best takes yet on journalism's changing

fortunes" (Publishers Weekly, starred review), Abramson's book points us to the future.

Rules of the Game
Haymarket Books
A detailed examination of the Viscount tragedies in Rhodesia. Includes a technical review of the Strela ground to air missile and Vickers Viscount.

When We Cease to Understand the World
Harper Collins
Time is your most precious resource. You can't buy more. You can't make more. But you can make the most of the time you already have. This book shows you how to take back control using five simple steps. It's not about doing more of being more productive. It's about respecting your time and teaching others to respect it too. Done right, The Diary Detox® will get you A DAY BACK EVERY WEEK. It will show you how to clear the noise from your diary - and your head - giving you much needed space to refocus on the things that actually matter in work and life. Ask yourself...WHAT ARE YOU DOING? You might complete this book and think, "Well, isn't that obvious?". If so, good! Diary Detox® was designed to be incredibly

simple but it's not easy and will take determination and commitment to yield results; that part is up to you. And because time is of the essence, everything has been distilled down to just over 100 pages.

The Truth Harper Collins
Neil Strauss became famous to millions around the world as the author of *The Game*, a funny and slyly instructive account of how he transformed himself from a scrawny, insecure nerd into the ultra-confident, ultra-successful "pickup artist" known as Style. The book jump-started the international "seduction community," and made Strauss a household name—revered or notorious—among single men and women alike. But the experience of writing *The Game* also transformed Strauss into a man who could have what every man wants: the ability to date or have casual sex with almost every woman he met. The results were heady, to be sure. But they also conditioned him to view the world as a kind of constant parade of women, sex, and opportunity—with intimacy and long-term commitment taking a back seat. That is, until he

met the woman who forced him to choose between herself and the parade. The choice was not only difficult, it was wrenching. It forced him deep into his past, to confront not only the moral dimensions of his pickup lifestyle, but also a wrenching mystery in his childhood that shaped the man that he became. It sent him into extremes of behavior that exposed just how conflicted his life had become. And it made him question everything he knew about himself, and about the way men and women live with and without each other. He would never be the same again. Searingly honest, compulsively readable, this book may have the same effect on you.

Penetrating the Secret Society of Pickup Artists
Harper Collins
From the New York Times bestselling author of *A Legacy of Spies*. "A novel that beckons us beyond any and all expectations."—Jonathan Yardley, *The Washington Post*
A counter-terrorist operation, code-named *Wildlife*, is being mounted on the British crown colony of Gibraltar. Its purpose: to capture and abduct a high-value jihadist arms buyer. Its authors: an ambitious

Foreign Office Minister, a private defense contractor who is also his bosom friend, and a shady American CIA operative of the evangelical far-right. So delicate is the operation that even the Minister's personal private secretary, Toby Bell, is not cleared for it. Three years later, a disgraced Special Forces Soldier delivers a message from the dead. Was Operation Wildlife the success it was cracked up to be—or a human tragedy that was ruthlessly covered up? Summoned by Sir Christopher "Kit" Probyn, retired British diplomat, to his decaying Cornish manor house, and closely observed by Kit's daughter, Emily, Toby must choose between his conscience and duty to his Service. If the only thing necessary for the triumph of evil is that good men do nothing, how can he keep silent?

The Truth Hurts
HarperCollins
Ninth-grader Philip Malloy's suspension for humming "The Star-Spangled Banner" during homeroom becomes a national news story.

[How Life's Uncomfortable Moments Open the Door to Intimacy and Connection](#) Little, Brown
A blistering critique of the

forces threatening the American intelligence community, beginning with the President of the United States himself, in a time when that community's work has never been harder or more important. In the face of a President who lobbs accusations without facts, evidence, or logic, truth tellers are under attack. Meanwhile, the world order teeters on the brink. Experience and expertise, devotion to facts, humility in the face of complexity, and respect for ideas seem more important, and more endangered, than they've ever been. American Intelligence--the ultimate truth teller--has a responsibility in a post-truth world beyond merely warning of external dangers, and in The Assault on Intelligence, General Michael Hayden, former CIA director, takes up that urgent work with profound passion, insight and authority. It is a sobering vision. The American intelligence community is more at risk than commonly understood. Our democracy's core structures are under great stress. Many of the premises on which we have based our understanding of

governance are now challenged, eroded, or simply gone. And in the face of overwhelming evidence from the intelligence community that the Russians are, by all acceptable standards of cyber conflict, in a state of outright war against us, we have a President in office who chooses not to lead a strong response, but instead to shoot the messenger. There are fundamental changes afoot in the world and in this country. The Assault on Intelligence shows us what they are, reveals how crippled we've become in our capacity to address them, and points toward a series of effective responses. Because when we lose our intelligence, literally and figuratively, democracy dies.

Nothing But the Truth

Penguin

Winner of the 2003 Trillium Book Award

"Stories are wondrous things," award-winning author and scholar Thomas King declares in his 2003 CBC Massey Lectures. "And they are dangerous." Beginning with a traditional Native oral story, King weaves his way through literature and history, religion and politics, popular culture

and social protest, gracefully elucidating North America's relationship with its Native peoples. Native culture has deep ties to storytelling, and yet no other North American

culture has been the subject of more erroneous stories. The Indian of fact, as King says, bears little resemblance to the literary Indian, the dying Indian, the construct so powerfully and often

destructively projected by White North America. With keen perception and wit, King illustrates that stories are the key to, and only hope for, human understanding. He compels us to listen well.
