### **Discipline and Diversity** McDougal Littell/Houghton Mifflin

The Access to History series is the most popular and trusted series for AS and A level history students. The new editions combine all the strengths of this well-loved series with a new design and features that allow all students access to the content and study skills needed to achieve exam success. Civil rights in the USA 1945-68 has been written specifically to support the Edexcel and AQA AS Units for the 2008 specifications. It draws on respected and best-selling content from 'Race Relations in the USA 1860-1981' and adapts this content in order to cover the requirements of the shorter units. Tracing the development of African-American civil rights in the USA this title ranges from segregation in the 1950s to the growth of radicalism in the sixties. Throughout the book, key dates, terms and issues are highlighted, and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam-style questions and tips written by examiners for each examination board provide the opportunity to develop exam skills.

### **Empires at War** Routledge

The Access to History series is the most popular and trusted series for AS and A level history students. Design features include: AS questions and exam tips; Definitions of key terms; Summaries of key historical debates. This title is designed specifically for the Edexcel AS specifications for 2008. It charts the political course of America in this period,

from the Watergate scandal to the Clinton years. It focuses both on the political and presidential developments of the time and analyses how these manifest themselves socially and culturally, from sport to race relations. Finally, the book concludes by examining the state of the USA by 2001. Key dates, terms and issues are highlighted, and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam-style questions and tips for each examination board provide the opportunity to develop exam skills.

*Access to History: The Cold War 1941-95 Third Edition* New Leaf Publishing Group  
*Access to History: Europe and the Cold War 1945-1991: Second Edition* Hodder Education

### **J.D. Salinger's The Catcher in the Rye** Bloomsbury Publishing

A lively and accessible new introduction to the origins and emergence of the Cold War. Caroline Kennedy-Pipe brings to life the clashes of ideas and personalities that led Russia and America into decades of conflict and draws out important lessons for policy and analysis in today's equally formative period in world affairs.

### *Social Studies Lessons Using Graphic Organizers* Hodder Education

For over forty years much of the world was held captive by a conflict between two wholly incompatible economic ideologies—capitalism and communism—and the two primary superpower countries who practiced them, the United States and the Soviet Union. Written in accessible language for readers with little or no previous knowledge about the subject, this work is first a general history of the Cold War, with an overview of its root causes and

the policies and theories that were in place from 1947 through 1990. A thoroughly annotated chronology of important Cold War events follows. Short biographies of some of the major United States political figures and world leaders conclude the work.

*A Parable of the Cold War* McDougal Littell/Houghton Mifflin

Poised to enter the twenty-first century, the Asia-Pacific region has emerged as a global economic and political powerhouse. Mark Borthwicks Pacific Century: The Emergence of Modern Pacific Asia stresses broad, cross-cutting themes of regional history, with an emphasis on the interactions between cultures and nations. This study guide is an indispensable volume that provides a comprehensive overview, chapter-by-chapter outlines, definitions of key terms, identification of key people, places, and events, and a list of books for additional reading.

**A General History and Annotated Chronology, with Selected Biographies** Routledge

The politics of the Middle East can be murky and confusing. But one thing is increasingly certain: The eyes of the nations are riveted upon Israel and her neighbors, the epicenter of the momentous events shaking our world and shaping our future. What does the future hold? How will it affect your world? The Epicenter Study Guide can be used along with Joel Rosenberg's best-selling book Epicenter as well as the Epicenter DVD to help demystify the events happening around the world. This study guide is designed to facilitate group discussion but can also be used for individual study. The study guide is divided into chapters to correlate with the chapters in Epicenter. You'll find helpful excerpts and Scripture

references. The guide provides an easy-to-use workbook format that allows you to write directly in the book plus offers additional space for study notes.

*International Relations Theories* Hodder Education

This second edition has been updated to take account of recent historical research into the period, including up-to-date interpretations relating to the Cuban Missile Crisis. The major issues surrounding the origins of the Cold War and its subsequent escalation into a global power struggle between the United States and the Soviet Union, are examined through an accessible narrative and comprehensive selection of sources. The author also provides an analysis of the extent to which the Cold War had an impact on America's political institutions and society. The revised study guides provide a firm basis for answering differentiated source-based and extended writing questions.

*From the Early 1900s to Modern Times* CQ Press

*Afghanistan Country Study Guide - Strategic Information and Developments Volume 1 Strategic Information and Developments*

**Patterns of Interaction** ABC-CLIO

For more than 3 decades, the U.S. Army War College (USAWC) Department of National Security and Strategy has faced the challenge of educating future strategic leaders on the subject of national security, or grand strategy. Fitting at the top of an officer's or government official's career-long professional development program, this challenge has been to design a course on strategy that incorporates its many facets in a short period of time, all within the 1-year, senior service college curriculum. To do this, a conceptual approach has provided the framework to

think about strategy formulation. The purpose of this volume is to present the USAWC strategy formulation model to students and practitioners. This book serves as a guide to one method for the formulation, analysis, and study of strategy--an approach which we have found to be useful in providing generations of strategists with the conceptual tools to think systematically, strategically, critically, creatively, and big. Balancing what is described in the chapters as ends, ways, and means remains at the core of the Army War College's approach to national security and military strategy and strategy formulation.

**Forty Autumns** Prentice Hall

This convenient teacher's guide is all a parent or teacher needs to easily grade the 11th grade student assignments for British History: Observations & Assessments from Early Cultures to Today. Assignments with answers, learning objectives, grading criteria, and short essay questions are included. This course is designed for a student to practice independent learning. keys to easily grade course materials! Help make your educational program better - use a convenient teacher guide to have tests, answer keys, and concepts! An essential addition for your coursework - team your student book with his convenient teacher guide filled with testing materials, chapter helps, and essential ways to extend the learning program.

A Short History of Modern Asia Since World War II Lulu Press, Inc

At no time in American history has an understanding of the role and the art of diplomacy in international relations been more essential than it is today. Both the history of U.S. diplomatic relations and the current U.S. foreign policy in the twenty-first century are major topics of study and interest across the nation and around the world. Spanning the entire history of American diplomacy—from the First Continental Congress to the war on terrorism to the foreign policy goals of the twenty-first century—Guide to U.S. Foreign Policy traces not only the growth and development of diplomatic policies and traditions but also the shifts in public opinion that shape diplomatic trends. This comprehensive, two-volume reference shows how the United States gained “the strength of a giant” and also analyzes key world events that have determined the United States’ changing relations with other nations. The two volumes’ structure makes the key concepts and issues accessible to researchers: The set is broken up into seven parts that feature 40 topical and historical chapters in which expert writers cover the diplomatic initiatives of the United States from colonial times through the present day. Volume II’s appendix showcases an A-to-Z handbook of diplomatic terms and concepts, organizations, events, and issues in

American foreign policy. The appendix also includes a master bibliography and a list of presidents; secretaries of state, war, and defense; and national security advisers and their terms of service. This unique reference highlights the changes in U.S. diplomatic policy as government administrations and world events influenced national decisions. Topics include imperialism, economic diplomacy, environmental diplomacy, foreign aid, wartime negotiations, presidential influence, NATO and its role in the twenty-first century, and the response to terrorism. Additional featured topics include the influence of the American two-party system, the impact of U.S. elections, and the role of the United States in international organizations. Guide to U.S. Foreign Policy is the first comprehensive reference work in this field that is both historical and thematic. This work is of immense value for researchers, students, and others studying foreign policy, international relations, and U.S. history. ABOUT THE EDITORS Robert J. McMahon is the Ralph D. Mershon Professor of History in the Mershon Center for International Security Studies at The Ohio State University. He is a leading historian of American diplomatic history and is author of several books on U.S. foreign relations. Thomas W. Zeiler is professor of history and international affairs at the University of Colorado at Boulder and is the executive editor of the journal *Diplomatic History*.

**World History-Patterns of Interaction , Grades 9-12 Reading Study Guide Modern World History**  
 Hodder Education

This cutting-edge textbook is the most comprehensive introduction to international relations theory available. It argues that theory is central to

explaining the dynamics of world politics, and includes a wide variety of theoretical positions, from the historically dominant traditions to powerful critical voices since the 1980s. The editors have brought together a team of international contributors, each specialising in a different theory. They each explain the theoretical background to their position before showing how and why their theories matter. The book opens up space for analysis and debate and leaves students to decide which theories they find most useful in explaining and understanding international relations. The book is supported by an Online Resource Centre. Student resources: Key points for each chapter Web links Flashcard glossary Lecturer resources: PowerPoint slides *Observations & Assessments from Early Settlement to Today* DIANE Publishing Give your students the best chance of success with this tried and tested series, combining in-depth analysis, engaging narrative and accessibility. Access to History is the most popular, trusted and wide-ranging series for A-level History students. This title: - Supports the content and assessment requirements of the 2015 A-level History specifications - Contains authoritative and engaging content - Includes thought-provoking key debates that examine the opposing views and approaches of historians - Provides exam-style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including: - AQA: The Cold War, c1945-1991 - OCR: The Cold War in Europe 1941-1995 **Theories, Actors, Cases** Oxford University Press, USA Foreign Policy is unique in that it

combines theories, actors and cases in one volume. This approach encourages the reader to appreciate a balanced view of the theory, and how foreign policy is carried out in the real world.

**A Reference Guide** NavPress

In this illuminating and deeply moving memoir, a former American military intelligence officer goes beyond traditional Cold War espionage tales to tell the true story of her family—of five women separated by the Iron Curtain for more than forty years, and their miraculous reunion after the fall of the Berlin Wall. *Forty Autumns* makes visceral the pain and longing of one family forced to live apart in a world divided by two. At twenty, Hanna escaped from East to West Germany. But the price of freedom—leaving behind her parents, eight siblings, and family home—was heartbreaking. Uprooted, Hanna eventually moved to America, where she settled down with her husband and had children of her own. Growing up near Washington, D.C., Hanna's daughter, Nina Willner became the first female Army Intelligence Officer to lead sensitive intelligence operations in East Berlin at the height of the Cold War. Though only a few miles separated American Nina and her German relatives—grandmother Oma, Aunt Heidi, and cousin, Cordula, a member of the East German Olympic training team—a bitter political war kept them apart. In *Forty Autumns*, Nina recounts her family's story—five ordinary lives buffeted by circumstances beyond their control. She takes us deep into the tumultuous and terrifying world of East Germany under Communist rule, revealing both the cruel reality her relatives endured and her own experiences as an intelligence officer, running secret operations behind the

Berlin Wall that put her life at risk. A personal look at a tenuous era that divided a city and a nation, and continues to haunt us, *Forty Autumns* is an intimate and beautifully written story of courage, resilience, and love—of five women whose spirits could not be broken, and who fought to preserve what matters most: family. *Forty Autumns* is illustrated with dozens of black-and-white and color photographs.

*The Americans Study Guide*

*Reconstruction to the 21st Century*  
Grades 9-12 HarperCollins

Chronicles American foreign relations literature from colonial times to the present, with updated material on post World-War II.

J.D. Salinger's *The Catcher in the Rye* (1951) is a twentieth-century classic. Despite being one of the most frequently banned books in America, generations of readers have identified with the narrator, Holden Caulfield, an angry young man who articulates the confusion, cynicism and vulnerability of adolescence with humour and sincerity. This guide to Salinger's provocative novel offers: an accessible introduction to the text and contexts of *The Catcher in the Rye* a critical history, surveying the many interpretations of the text from publication to the present a selection of new critical essays on the *The Catcher in the Rye*, by Sally Robinson, Renee R. Curry, Denis Jonnes, Livia Hekanaho and Clive Baldwin, providing a range of perspectives on the novel and extending the coverage of key critical approaches identified in the survey section cross-references between sections of the guide, in order to suggest links between texts, contexts and criticism suggestions

for further reading. Part of the Routledge Guides to Literature series, this volume is essential reading for all those beginning detailed study of *The Catcher in the Rye* and seeking not only a guide to the novel, but a way through the wealth of contextual and critical material that surrounds Salinger's text.

*Afghanistan Country Study Guide  
Volume 1 Strategic Information and  
Developments* Hodder Education

There are so many books on so many aspects of the history of the United States, offering such a wide variety of interpretations, that students, teachers, scholars, and librarians often need help

and advice on how to find what they want. The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs. The entries are devoted to events and individuals, as well as broader themes, and are written by a team of well over 200 contributors, all scholars of American history.
