Beloved German cyclist Jens Voigt isn't a superstar in the traditional sense of the word. Although he won three stages of the Tour De France--and wore the yellow jersey twice--Voigt never claimed an overall victory. He became a star because he embodies qualities that go beyond winning and losing: sacrifice, selflessness, reliability, and devotion. European and American crowds were drawn to his aggressive riding style, outgoing nature, and refreshing realness. Voigt adopted a tireless work ethic that he carried throughout his career. In *Shut Up, Legs!* (a legendary Jensism), Voigt reflects upon his childhood in East Germany, juggling life as a professional cyclist and a father of six, and how he remained competitive without doping. *Shut Up, Legs!* offers a rare glimpse inside his heart and mind.

Get an inside look at the real beginning of outlaw biker culture with this "raucous and heartfelt recounting of the early days of biker clubs" (Roadbike). The story starts one weekend in 1947, at a motorcycle race in Hollister, California. A few members of one club, the no-holds-barred "Boozefighters," got a little juiced up and took their racing to the street. Word of the fracas spread, and soon enough Life magazine was on hand to tell the world, with sensational (albeit posed) pictures of the outlaws. And then the "Hollister riot" made its way into the movies, immortalized in Marlon Brando's "The Wild One."

What was the reality behind the myth? Through interviews with the surviving members of the Boozefighters, current member Bill Hayes and club historian Jim "JQ" Quattlebaum take readers right into the fray for a firsthand account of what happened in Hollister, and the formation of the Boozefighters, where the outlaw biker culture truly began. The book, "with its great stories and entertaining real-life characters"

(MotorcycleUSA.com), is "mandatory reading for anyone interested in American motorcycling history "(Minnesota Motorcycle Monthly).

Life Without Baby Simon and Schuster

Ellie The virus ravaged the world, plunging us into darkness. It was in the darkness that nightmares became reality. And it was in the shadows that I met him - Runner. He promised me protection in exchange for one thing - my surrender. Runner She was salvation. Bringing us hope when all was lost. I'd fight for her. For our life together. But in the after nothing is guaranteed. When the world ended, we began. But would we have a future? Trigger warning: This is a darker book than

my other series and contains some violence and references to abuse. A happily ever after is still guaranteed, but this is a gritty series so proceed with caution.

Cassie Alexandra Ripped from his motorcycle by Colombian rebels and robbed of everything, adventure motorcyclist Glen Heggstad journeyed through South America, and the trip became a nightmare as he was forced to march through strange jungles carrying heavy equipment with assault rifles at his back. Even with all the hand-to-hand and sophisticated combat training Heggstad possessed, this chronicle shows that it was his shrewd thinking, precise planning, and a "do-or-die" last act of desperation that eventually secured his freedom. The shocking personal tale of an unimaginable journey through Central and South America, this travelogue details one man's capture by Colombia's rebel National Liberation Army and the eventual realization of his dream to

complete his journey. *Resisting The Biker (Free Biker Romance)* Kristen Middleton
 On February 16 2016, motorcycle adventurer Charley Boorman suffered a major road traffic accident in Portugal. Having spent the better part of his life on some form of motorbike, his world came crashing down after he was knocked off a Triumph Tiger Explorer, smashing his right ankle and causing severe damage to his left fibia and tibia. It was unclear if he would ever walk properly again, let alone ride a motorbike. Moving between past and present, Long Way Back recounts Charley's journey back of recovery, the ambulance ride, the numerous operations in a Portuguese hospital, the medivac aircraft flight back to London. In alternating chapters, as his inability to walk for several months provokes introspection, Boorman recounts his childhood, where his passion for motorbikes began, and the formative influences in his life - from his father, a touring film director, to his long-time friend Ewan McGregor, and Sean Connery's son Jason, who first introduced him to bikes. As Charley

struggles to cope with this potentially life-changing situation, it is these touchstones who will give him strength on the long way back to health. *Taming The Biker (MC Biker / Bad Boy Romance)* Motorbooks

Long Way Back

Independently Published
This extraordinary new book by the British author, John Joss, will amaze, entertain and educate readers of all ages. Its 300 pages contain fifty remarkable 'incidents,' each a riveting story in itself. INCIDENTS is a sweeping biographical chronicle of a venturesome, joyful and successful life. It moves, with never a dull page, from amusing and poignant childhood anecdotes to risking his life- flying military aircraft and gliders, racing on two and four wheels, and sailing the oceans. The breadth and depth of experience and the sheer audacity of this multi-faceted and enterprising man would be hard to equal by many men, combined. John Joss entered the Royal Navy in England at 16, took initial pilot training, but was near-fatally injured in a motorcycle accident while returning to his ship. Invalided from the Service, he went to work,

writing initially for a motorcycle magazine, then for industry. He emigrated to America, working first for corporations, then freelance, writing about business, technology and military aviation and participating in the world technology business center, Silicon Valley. He has raced cars, motorcycles, dinghies and yachts, trodden London's West End stages, explored Mexico, worked in the Gulf of Mexico oil patch, flown the Space Shuttle Simulator, evaded a Soviet military spy in Washington, helped find the sunken nuclear submarine Thresher, flown with the Blue Angels, the Marine Corps and U.S. Air Force and written business plans for Silicon Valley startups. He became the first journalist-pilot to fly and write about the U-2 spy plane, dodged a minefield at Fort Irwin, California, wrote for major media, did radio commercials and documentary voice-overs, soared gliders in the Sierra Nevada, created a high-tech series for network radio, commentated at car and motorcycle racetracks, sailed around the world, penned twenty novels, nonfiction books,

screenplays and plays, and fathered three daughters. Not boring. Just as he wished.
