Second Spanish Reader - Discover the Power of the ALARM Method Second Spanish Readers is a Beginner and Pre-Intermediate level graded reader to learn Spanish language easier and faster. If you already have background with Spanish language, this book is the best one to try. It makes use of the so-called ALARM or Approved Learning Automatic Remembering Method to efficiently teach its reader Spanish words, sentences and dialogues. Through this method, a person will be able to enhance his or her ability to remember the words that has been incorporated into consequent sentences from time to time. By practicing this method, Spanish can be learned in a fun and convenient way. You will learn Spanish vocabulary without hassle with parallel English translation. Audio tracks available on the publisher's homepage free of charge will teach you Spanish pronunciation. You will have fun learning Spanish through this book because you will comprehend everything. You will be able to understand and create Spanish dialogues as well. Second Spanish Reader is ultimately comprehensive because each chapter is created with words explained in previous ones and with as few as possible new words. The author of this book used every opportunity to use the words used in the previous chapters to explain the succeeding chapter. This way, the reader will be able to understand every single detail of the book. Learning through this Second Spanish Reader is like attending a sophisticated step-by-step lecture of Pre-Intermediate level. There is also First Spanish Reader for complete beginners that was made in the same way. Those who do not have any background about Spanish should start with First Spanish Reader before moving on to Second Spanish Reader.

Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

First Spanish Reader for Beginners (Volume 2) Bilingual for Speakers of English Spanish Reader for Beginners, Intermediate & Advanced Students

The second book Spanish Reader for Beginners-Elementary 2 takes basic Spanish Grammar Structures, such as Regular Verbs, Reflexive Verbs, Stem-change Verbs, and irregular verbs in the Past Tense, placing them in the context of scenarios that help you learn them as you enjoy reading short paragraphs fully translated from Spanish to English. You will find a Reading & Comprehension Exercise after each chapter. Moreover, in this second book I have introduced Direct and Indirect Object Pronouns, which at times can prove to be quite daunting to master unless provided with extensive practice once your teacher has introduced you to this subject. Although each paragraph in Spanish in this book includes a second paragraph in English, I prefer to encourage students to understand the differences and uses of certain Grammatical Structures and verbs through paragraphs providing examples and short exercises that trigger intuitive learning. However, because this is a Basic Spanish Reader, I have provided literal Spanish to English translation (too literal at times) for all paragraphs in order for the reader to comprehend sentence structure in Spanish, and thus acquiring greater understanding regarding the way we speak Spanish in Latin America. We have intended to use four different colors to highlight the structures in the text; however, we are afraid that this feature will only be available in the print format. As you begin to learn Spanish as a Foreign Language, the various uses of the verbs Ser and Estar may seem like quite challenging task; nevertheless, through the unique teaching style of Costa Rica Spanish Online School, the learner is able to comprehend these structures in a natural manner. You will find yourself gladly leaving behind exhausting exercises and finding your own way of learning through our more creative approach to learning a foreign language. There is absolutely no need to rely on extensive drilling exercises. You will find extended practice of Ser and Estar in the first book, Spanish Reader for Beginners-Elementary. We highly suggest, at the beginner level of this Spanish course, starting out with Spanish Reader for Beginners-Elementary, and Spanish Reader for Beginners Elementary 2 prior to purchasing Spanish Reader for Beginners. I hope you find these short paragraphs, examples and exercises helpful. Iris Acevedo A. Author/Founder

Excerpt from Easy Spanish Reader To assist the teacher, the special topic in grammar to be emphasized is stated in the heading of each chapter. To assist the pupil, the words which exemplify the special topics are printed in black type. This does not mean, necessarily, that such points then appear for the first time, but that they can then be systematically studied to the best advantage. It is very hard to employ such a scheme consistently

without overworking it, and our method can doubtless be improved. The underlying principle, however, we believe to be sound, and we have endeavored to apply it with common sense.
