Knitting and beading can blend. Projects include spool-knitted wire and bead jewelry, elegant purses highlighted with beaded fringes, and more.

*The Art & Elegance of Beadweaving* Kalmbach Publishing, Co. Beading experts, teachers, and jewelry designers Bert and Dana Freed share their expertise in this delightful collection of jewelry patterns and projects. Using a wide range of stunning beads in lovely color combinations, the pieces may look complicated, but are very easy to make following the clearly explained techniques and directions. The projects are organized so that you start with the foundation of bead crochet--the basic chain stitch--then progress through each level to achieve more advanced techniques. Each section opens with clear photographs that demonstrate the techniques needed for the proceeding projects. The "Advanced Tips and Tricks" at the end of the book offer additional tips and tricks for making your bead crochet experience go as smoothly as possible. Beautifully photographed, *Bead Crochet Jewelry* provides all the inspiration and skills you need to create unique jewelry pieces to wear or give as wonderful gifts. From dangling earrings to chunky necklaces and plaited bracelets, these beautiful and intricate-looking pieces are sure to stand out and be admired by all.

### *Elegant Wire & Bead Crochet Jewelry* Lark Books (NC)

Join bead artist Melanie de Miguel on a journey of beadwork discovery--into the realms of Hubble! In this book, Melanie presents her beautiful new beadwork technique--Hubble stitch. Whether you are a beginner or an expert beadworker you will easily learn how to Hubble and go on to add this exciting stitch to your arsenal of beading techniques. The pages within form so much more than a book! Packed with tips, all presented in Melanie's fun and friendly style, you will feel as if you're in a creative and dynamic beading workshop. Come and join the

party, learning the most basic form of Hubble stitch through to discovering more complex and innovative ways of manipulating it. You will soon be incorporating this wonderfully lacy and extraordinarily adaptable stitch into your beading world. To help you learn and practice Hubble, the book contains 12 beautiful projects including a variety of glamorous bracelets and cuffs, gorgeous earrings, a spectacular vortex necklace for spectacles, Hubble ropes, a sparkly crystal scarf ring, and finally a Solar Flare--a lovely little versatile beaded element using lots of Hubble techniques combined. The book includes: • Step-by-step instructions and clear attractive stitch diagrams • Gorgeous, inspirational photography in full color • Bead color and finish suggestions • Ideas on how to use the stitch in your own way and how to adapt the project designs • Workshop tips and ideas to keep your creativity buzzing to the max!

### *Creative Crochet Jewelry* St. Martin's Griffin

A mix of crochet and beadwork, bead tube jewelry is simple to stitch and creates professional crafts and designs. This book introduces the simple stitches and shows how to get beads to lay correctly and also includes a DVD to give crafters an up-close look at beading techniques. The 13 projects include necklaces, earrings, and bracelets.

### *New Wire Crochet Jewelry* Mabel Dawn Van Niekerk

Designed for crafters, puzzle lovers, and pattern designers alike, *Crafting Conundrums: Puzzles and Patterns for the Bead Crochet Artist* provides methods, challenges, and patterns that offer a springboard for creative exploration. All are illustrated with beautiful color diagrams and photographs. Experienced bead crochet crafters looking for a project may choose to skip ahead to the pattern pages and begin crocheting from an abundance of unique, mathematically inspired designs. Those wishing to design their own patterns will find many useful tools, template patterns, and a new methodology for understanding how to do so even without using math. Puzzle lovers without previous knowledge of bead crochet will also find ample inspiration for learning the craft. The first part of the book describes the basic requirements and constraints of a bead crochet pattern and explains what makes designing in this medium so tricky. The authors present their new design framework and offer insight on how best to approach design choices and issues unique to bead crochet. The second part presents a series of bead crochet design challenges informed by colorful bits of mathematics, including topology, graph theory, knot theory, tessellations, and wallpaper groups. Each chapter in this section begins with a design puzzle accompanied by an introduction to the mathematical idea that inspired it. The authors then discuss what made the challenge difficult, present some of their solutions, and describe the thinking and ideas behind their approach. The final part contains nearly 100 original bead crochet

patterns, including solutions to all the design challenges. This part also provides a tutorial on the fundamentals of bead crochet technique. Behind the deceptively simple and uniform arrangement of beads is a subtle geometry that produces compelling design challenges and fascinating mathematical structures. In color throughout, *Crafting Conundrums* gives both math enthusiasts and crafters an innovative approach to creating bead crochet patterns while addressing a variety of mathematically inspired design questions. Supplementary materials, including demo videos, are available on the book's CRC Press web page.

### *Tapestry Bead Crochet* Shambhala Publications

This pattern set is the result of an on-line project. It's based on inspirations and colors culled from the urban landscape. There are multiple pattern sections that are strung, added to the previous section, and crocheted into 42" necklaces. Each pattern segment can be used alone, modified, or combined with other segments to build unique ropes. In this book, you will find: \* Urban color inspiration \* Design and construction tips. \* 4 complete projects \* 16 pattern sections \* 48 pattern repeats \* Blank graph paper to copy and use \* Adding in thread and invisible closure Just remember that this is a pattern set, not a big bulky bead crochet book. It can and will lead to a multitude of necklace combinations.
