SINGLETON GIOVANNA

Coming of Age in Contemporary American Fiction Capstone
"Touches and dazzles and entertains. An enchanting novel." --The
New York Times In this moving, poignant novel by the bestselling
author of *Birds of America* we share a grown woman's bittersweet
nostalgia for the wildness of her youth. The summer Berie was
fifteen, she and her best friend Sils had jobs at Storyland in
upstate New York where Berie sold tickets to see the beautiful
Sils portray Cinderella in a strapless evening gown. They spent
their breaks smoking, joking, and gossiping. After work they
followed their own reckless rules, teasing the fun out of small
town life, sleeping in the family station wagon, and drinking

borrowed liquor from old mayonnaise jars. But no matter how
wild, they always managed to escape any real danger—until the
adoring Berie sees that Sils really does need her help—and then
everything changes.

From "one of the nation's foremost Chicano literary artists"
comes a coming-of-age classic and the bestselling Chicano novel
of all time that follows a young boy as he questions his faith and
beliefs -- now one of PBS's "100 Great American Reads" (Denver
Post). Antonio Marez is six years old when Ultima comes to stay
with his family in New Mexico. She is a curandera, one who cures
with herbs and magic. Under her wise wing, Tony will probe the
family ties that bind and rend him, and he will discover himself in
the magical secrets of the pagan past--a mythic legacy as
palpable as the Catholicism of Latin America. And at each life

turn there is Ultima, who delivered Tony into the world... and will nurture the birth of his soul.

"The true essence of a community is its people, the ordinary folks and families who comprise a town's fabric, its heart, and its soul. The spirit of any town is reflected in the lives, the stories, and the lore of people who live or have lived there - the young and the old, the ordinary and the extraordinary, the prominent and the common. Together they become an amalgam that we call our hometown. In the voices of people who grew up here, *Growing Up in Athens* brings you the essence of this one small town nestled in the hills of Southeastern Ohio. Through memories, they recount hijinks that will make you laugh aloud and events that will bring a few tears. Most assuredly, there are stories that will spark your own hometown memories."--Page 2 of cover.

Evie is heartbroken when her strict Catholic parents send her pregnant sister, Cilla, away to stay with a distant great-aunt. All Evie wants is for her older sister to come back. Forbidden from speaking to Cilla, Evie secretly sends her letters.

Growing Up on Screen Doubleday Canada

Wise, often funny, sometimes heartbreaking, *Persepolis* tells the story of Marjane Satrapi's life in Tehran from the ages of six to fourteen, years that saw the overthrow of the Shah's regime, the triumph of the Islamic Revolution and the devastating effects of war with Iraq. The intelligent and outspoken child of radical Marxists, and the great-granddaughter of Iran's last emperor, Satrapi bears witness to a childhood uniquely entwined with the history of her country. *Persepolis* paints an unforgettable portrait

of daily life in Iran and of the bewildering contradictions between home life and public life. Amidst the tragedy, Marjane's child's eye view adds immediacy and humour, and her story of a childhood at once outrageous and ordinary, beset by the unthinkable and yet buffered by an extraordinary and loving family, is immensely moving. It is also very beautiful; Satrapi's drawings have the power of the very best woodcuts.

What was childhood like in ancient Greece? What activities and games did Greek children embrace? How were they schooled and what religious and ceremonial rites of passage were key to their development? These fascinating questions and many more are answered in this groundbreaking book--the first English-language study to feature and discuss imagery and artifacts relating to childhood in ancient Greece. *Coming of Age in Ancient Greece* shows that the Greeks were the first culture to represent children and their activities naturalistically in their art. Here we learn about depictions of children in myth as well as life, from infancy to adolescence. This beautifully illustrated book features such archaeological artifacts as toys and gaming pieces alongside images of them in use by children on ancient vases, coins, terracotta figurines, bronze and stone sculpture, and marble grave monuments. Essays by eminent scholars in the fields of Greek social history, literature, archaeology, anthropology, and art history discuss a wide range of topics, including the burgeoning role of childhood studies in interdisciplinary studies; the status of children in Greek culture; the evolution of attitudes toward children from the Bronze Age to the Hellenistic period as documented by literature and art; the relationships of fathers and

sons and mothers and daughters; and the roles of cult practice and death in a child's existence. This delightful book illuminates what is most universal and specific about childhood in ancient Greece and examines childhood's effects on Greek life and culture, the foundation on which Western civilization has been based.

I am a fan of Coming of Age movies. Over the years, I've found there is a dearth of good reference books on the genre. So I've decided to write one, both to provide a readily available resource for fellow fans of this genre (who may be looking for guide to films they'd like to view) and, secondly, to preserve the many reviews I've written over the years on my blog:

theskykid.com. This is primarily a book of reviews of films in the Coming of Age genre. But the book also contains several interviews with some of the most notable of Coming of Age filmmakers of our age. Their insights into the making of films is something I wanted to share with fans of the genre.

The Story of an Iranian Childhood Random House

The unforgettable memoir of a woman at the front lines of the civil rights movement—a harrowing account of black life in the rural South and a powerful affirmation of one person's ability to affect change. "Anne Moody's autobiography is an eloquent,

moving testimonial to her courage."—Chicago Tribune Born to a poor couple who were tenant farmers on a plantation in Mississippi, Anne Moody lived through some of the most dangerous days of the pre-civil rights era in the South. The week before she began high school came the news of Emmet Till's lynching. Before then, she had "known the fear of hunger, hell, and the Devil. But now there was . . . the fear of being killed just because I was black." In that moment was born the passion for freedom and justice that would change her life. A straight-A student who realized her dream of going to college when she won a basketball scholarship, she finally dared to join the NAACP in her junior year. Through the NAACP and later through CORE and SNCC, she experienced firsthand the demonstrations and sit-ins that were the mainstay of the civil rights movement—and the arrests and jailings, the shotguns, fire hoses, police dogs, billy clubs, and deadly force that were used to destroy it. A deeply personal story but also a portrait of a turning point in our nation's destiny, this autobiography lets us see history in the making, through the eyes of one of the footsoldiers in the civil rights movement. Praise for *Coming of Age in Mississippi* "A history of our time, seen from the bottom up, through the eyes of someone who decided for herself that things had to be changed . . . a timely reminder that we cannot now relax."—Senator Edward Kennedy, *The New York Times Book Review* "Something is new here . . . rural southern black life begins to speak. It hits the page like a natural force, crude and undeniable and, against all principles of beauty, beautiful."—*The Nation* "Engrossing, sensitive, beautiful . . . so candid, so honest, and so touching, as to make it virtually impossible to put down."—*San Francisco Sun-*

There Are No Grown-ups Grand Central Publishing

This book explores the ways in which a range of recent American novelists have handled the genre of the 'coming-of-age' novel, or the Bildungsroman. Novels of this genre characteristically dramatise the vicissitudes of growing up and the trials and tribulations of young adulthood, often presented through depictions of immediate family relationships and other social structures. This book considers a variety of different American cultures (in terms of race, class and gender) and a range of contemporary coming-of-age novels, so that aesthetic judgements about the fiction might be made in the context of the social history that fiction represents. A series of questions are asked: * Does the coming-of-age moment in these novels coincide with an interpretation of the 'fall' of America? * What kind of national commentary does it therefore facilitate? * Is the Bildungsroman a quintessentially American genre? * What can it usefully tell us about contemporary American culture? Although the focus is on the conte

A compelling and troubling exploration of a generation raised on antidepressants, and a book that combines expansive interviews with substantive research-based reporting, *Coming of Age* on Zolof is a vitally important and immediately engrossing study of one of America's most pressing and omnipresent issues: our growing reliance on prescription drugs. Katherine Sharpe, the

former editor of Seed magazine's ScienceBlogs.com, addresses the questions that millions of young men and women are struggling with. "Where does my personality end and my prescription begin?" "Do I have a disease?" "Can I get better on my own?" Combining stout scientific acumen with first-person experience gained through her own struggle with antidepressants, Sharpe leads the reader through a complex subject, a guide towards a clearer future for all.

Coming of Age in Popular Culture: Teenagers, Adolescence, and the Art of Growing Up One World

The best-selling author of BRINGING UP BÉBÉ investigates life in her forties, and wonders whether her mind will ever catch up with her face. When Pamela Druckerman turns 40, waiters start calling her "Madame," and she detects a disturbing new message in men's gazes: I would sleep with her, but only if doing so required no effort whatsoever. Yet forty isn't even technically middle-aged anymore. And after a lifetime of being clueless, Druckerman can finally grasp the subtext of conversations, maintain (somewhat) healthy relationships and spot narcissists before they ruin her life. What are the modern forties, and what do we know once we reach them? What makes someone a "grown-up" anyway? And why didn't anyone warn us that we'd get cellulite on our arms? Part frank memoir, part hilarious investigation of daily life, *There Are No Grown-Ups* diagnoses the in-between decade when... • Everyone you meet looks a little bit familiar. • You're matter-of-fact about chin hair. • You can no longer wear anything ironically. • There's at least one sport your doctor forbids you to play. • You become impatient while scrolling down to your year of birth. • Your parents have stopped trying to change you. • You don't

want to be with the cool people anymore; you want to be with your people. • You realize that everyone is winging it, some just do it more confidently. • You know that it's ok if you don't like jazz. Internationally best-selling author and New York Times contributor Pamela Druckerman leads us on a quest for wisdom, self-knowledge and the right pair of pants. A witty dispatch from the front lines of the forties, *There Are No Grown-ups* is a (midlife) coming-of-age story, and a book for anyone trying to find their place in the world.

Growing up on the Aegean Coast, Ozge loved the sea and imagined a life of adventure while her parents and society demanded predictability. Her dad expected Ozge, like her sister, to become an engineer. She tried to hear her own voice over his and the religious and militaristic tensions of Turkey and the conflicts between secularism and fundamentalism. Could she be a scuba diver like Jacques Cousteau? A stage actress? Would it be possible to please everyone including herself? In her unpredictable and funny graphic memoir, Ozge recounts her story using inventive collages, weaving together images of the sea, politics, science, and friendship.

Everyday Learning Among Young Adolescents NYU Press

The bestselling coming-of-age classic, acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. *The House on Mango Street* is the remarkable story of Esperanza Cordero, a young Latina girl growing up in Chicago, inventing for herself who and what she will become. Told in a

series of vignettes-sometimes heartbreaking, sometimes deeply joyous-Sandra Cisneros' masterpiece is a classic story of childhood and self-discovery. Few other books in our time have touched so many readers.

"Coming of Age with the Jesuits" chronicles a young man's formative years from 1959 to 1968 studying on the undergraduate level at Rockhurst College in Kansas City, Missouri, and for the Ph.D. at Saint Louis University in St. Louis, Missouri. Between junior and senior year Curran had his first educational experience in Latin America studying at the National University of Mexico and traveling to Guatemala. This would lead to an increase in his love of languages and area studies and a future teaching career committed to the same at Arizona State University. The book is not an academic treatise on the Jesuits or their method of study, the "Ratio Studiorum," but rather a chronicle of the experiences in their schools by a young man introduced to Jesuit ways and discipline followed by serious study along with college fun and travel. Students from the 1960s will surely recall, relate to and enjoy similar moments in their own days with the Jesuits. The book chronicles as well the on-going process of growing up of a small town farm boy experiencing the big city, college, foreign travel and the next step of serious study

with more precise career goals on the graduate level.

"[An] enchanting journey through Ann Hood's early fascination with reading.... Book lovers will find *Morningstar* irresistible."—Lynn Sharon Schwartz, author of *Ruined by Reading*
Growing up in a mill town in Rhode Island, in a household that didn't foster a love of reading, novelist Ann Hood discovered nonetheless the transformative power of literature. She learned to channel her imagination, ambitions, and curiosity by devouring ever-growing stacks of books. In *Morningstar*, Hood recollects with warmth and honesty how *The Bell Jar*, Marjorie Morningstar, *The Harrad Experiment*, and *The Outsiders* influenced her teen psyche and introduced her to topics that could not be discussed at home: desire, fear, sexuality, and madness. Later, *Johnny Got His Gun* and *Grapes of Wrath* dramatically influenced her political thinking while the Vietnam War and Kent State shootings became

headline news, and classics such as *Dr. Zhivago* and *Les Misérables* stoked her ambitions to travel the world. With characteristic insight and charm, Hood showcases the ways in which books gave her life and can transform—even save—our own lives.
