What if, in a society  
where everyone is  
supposed to be a  
leader, you discover  
that your passion, your

destiny, is to submit?  
Matt is everything  
Petey is not: confident,  
brave, tall, masculine  
and athletic. A natural  
leader. This is their  
love story, and, very  
possibly, the first gay  
BDSM coming-of-age

Wesley Harris is a  
stereotypical shy, soft-  
spoken nerd. He is

obsessed with crafts and art and doesn't even need to come out of the closet to become the target of antigay bullying. Though he has the support of close friends and liberal-minded mother, he finds it hard to believe in himself. Brad Johnson, Wesley's new neighbor, is Wesley's age—and his complete opposite. A popular jock and hero of the school's baseball team, Brad has an outgoing personality and a reputation as a ladies' man. When he and Wesley are alone, away from their classmates' scrutiny, they become friends despite their differences. But when Wesley confesses to wanting more than friendship, Brad walks away, unwilling to risk their romance being

exposed. Though devastated, Wesley resigns himself to accept that they were never meant to be. The next time he runs afoul of bullies, school counseling empowers him to report them. Encouraged by his new confidence, he decides to attend the school dance and face Brad.... *The Escort* Harmony Ink Press  
Richard McCormick takes a fresh look at the crisis of gender in Weimar Germany through an analysis of selected cultural texts, both literary and film, characterized under the label "New Objectivity". The New Objectivity was marked by a sober, unsentimental embrace of urban modernity, in contrast to Expressionism's horror of technology

and belief in "auratic" art. This sensibility was gendered as well as contradictory: while associated with male intellectuals, New Objectivity was best symbolized by the New Woman they feared (and desired). Moving skillfully from Caligari to Dietrich, McCormick traces the crisis of gender identities, both male and female, and reveals how a variety of narratives of the time displaced an assortment of social anxieties onto sexual relations.

Someone is killing New York City's hottest male prostitutes, and it's up to full-time call boy, part-time sleuth Kevin Connor to find out who. With his spectacular boy-next-door looks, quick wit,

and ability to role-play even the most outrageous scenarios, Kevin is facing his most challenging position yet--to stop a ruthless killer. As Kevin begins his investigation, there's no shortage of possible suspects or motives. Could the killer be a sadistic head case with a deadly fetish? A high-profile celebrity worried that his biggest secret might get out? Or perhaps it's a right-wing politician, guilty of protesting too much from his pious and unforgiving soapbox. As Kevin gets closer to the truth, he'll find himself trapped in a scandalous web of secrets where the line between victim and predator blurs, and no sin goes unpunished. .

“A truly exceptional book.”—Washington Post  
There's bad news and good news about the Cutter High School swim team. The bad news is that they don't have a pool. The good news is that only one of them can swim anyway. Bestselling author Chris Crutcher's controversial and acclaimed novel follows a group of outcasts as they take on inequality and injustice in their high school. "Crutcher's superior gifts as a storyteller and his background as a working therapist combine to make magic in *Whale Talk*. The thread of truth in his fiction reminds us that heroes can come in any shape, color, ability or size, and friendship can bridge

nearly any divide.”—Washington Post  
T.J. Jones hates the blatant preferential treatment jocks receive at his high school, and the reverence paid to the varsity lettermen. When he sees a member of the wrestling team threatening an underclassman, T.J. decides he's had enough. He recruits some of the biggest misfits at Cutter High to form a swim team. They may not have very much talent, but the All-Night Mermen prove to be way more than T.J. anticipated. As the unlikely athletes move closer to their goal, these new friends might learn that the journey is worth more than the reward. For fans of Andrew Smith and Marieke Nijkamp.

"Crutcher offers an unusual yet resonant mixture of black comedy and tragedy that lays bare the superficiality of the high-school scene. The book's shocking climax will force readers to re-examine their own values and may cause them to alter their perception of individuals pegged as 'losers.'"—Publishers Weekly An American Library Association Best Book for Young Adults New York Public Library Books for the Teen Age Features a new afterword by Chris Crutcher

 "2nd Edition" "Dumb Jock: Book One" Jeff Irwin is short, timid, and studious. A bit of a social outcast, he lives quietly in the shadows of the popular kids at

his school, his life ruled by his ever-present fear of rejection or failure. Enter high school football hero Brett Willson and the chance for Jeff to embark upon the challenge of educating the world's dumbest jock. But what develops between Brett and Jeff proves far more challenging than any tutoring session. In 1983, rural Michigan isn't ready to embrace love between two men, never mind two teenage boys. If they're going to make a go of it, Jeff will have to come out of his shell-and Brett will have to prove he's more than just a dumb jock. "First Edition published by Xlibris, February 2009."

 Madeline never thought she would find love so deep that it transcended the physical world and definitely never thought she would find it in a vampire.

Most often remembered for her gestures, expressive eyes, and body language on the screen, ZaSu Pitts was an unusual actress (and also an excellent cook: she often gave homemade candies to her coworkers, and her collection of candy recipes was published posthumously). This affectionate study of

both her private life off-screen and her public persona details how the multi-talented actress become one of filmdom's favorite comediennes and character players. The book includes many rare photographs.

**ZOTZ!** Bonnier Zaffre Moving from web to field, from Victorian parlor to 21st-century mall, the 15 essays gathered here yield new insights regarding the intersection of local culture, musical creativity and technological possibilities. Inspired by the concept of "technoculture," the authors locate technology squarely in the middle of expressive culture: they are concerned with how technology culturally informs and infuses aspects of everyday life and musical experience, and they argue that this merger does not necessarily result in a

"cultural grayout," but instead often produces exciting new possibilities. In this collection, we find evidence of musical practices and ways of knowing music that are informed or even significantly transformed by new technologies, yet remain profoundly local in style and meaning.  At twenty-five, Travis  
 Sheppard knows all  
 about taking care of  
 himself. He's been on  
 his own since the age  
 of seventeen, and he  
 learned long ago how  
 to use his assets and  
 natural-born talent to

get what he needs...and wants. Travis is a hustler, a male escort, and he caters to men of means who like to shower him with gifts and cash in exchange for his affection-sometimes for his mere presence. When Travis accepts an overnight gig with a new client, he's surprised by the fact the customer has pre-paid. When Travis arrives at the gentleman's surprisingly modest home, he learns that his client is an accomplished, best-selling author. Darren, otherwise known as DJ Torrent, makes Travis a proposal. He wants Travis to accompany him to a gay literature conference. The catch is that for their five days together, Travis is to be more to Darren

than just his escort. Darren wants Travis to pose as his husband. *The Death of Vishnu*

2nd Edition *Dumb Jock: Book Three* At age sixteen, Todd Hoffman is a social outcast. He

lives with his mother in a rundown mobile home and doesn't wear the nice clothes or drive fancy cars like the other students. He has one outlet: he secretly writes fan fiction about a boy falling in love with another boy he's crushing on, and posts it online. When Galen Caulfield, Todd's real life object of affection, notices him and asks him out, Todd feels like he's living his fantasy. Soon enough he

realizes that fantasy and reality are two very different propositions. Galen is the high school soccer team captain, clearly out of Todd's league. On top of that, he's popular, good-looking, and confident, so everyone thinks he's straight. Now it's up to Todd to decide whether Galen is the boy of his dreams or just another dumb jock. 1st Edition published by Amazon Digital Services, Aug 24, 2012.
