Lucidly written by leading biblical scholar Michael D. Coogan, this balanced, engaging, and up-to-date introduction to the Hebrew scriptures distills the best of current scholarship. Employing the narrative chronology of the Bible itself and the history of the ancient Near East as a framework, Coogan covers all the books of the Hebrew Bible, along with the deuterocanonical books included in the Bible used by many Christians. He works from a primarily historical and critical methodology but also introduces students to literary analysis and other interpretive strategies.
