What do we know about the 8th field of horoscope and how can we analyze it? In Vedic astrology, the same field is claimed as Ayus (life), Mrityu (death), Rana (battle, struggle, quarrel...), and therefore, we conclude that it speaks about life and death, various struggles, obstacles and hardships. Furthermore, the 8th house of horoscope represents all types of suffering, misfortune, loans, debts, rejections, fears, persecution and

oppression, sudden and completely unexpected turnovers in life, danger at the moment when a man hopes least and when he thinks that the danger passed. Then, the 8th house of horoscope can point to fantastic financial gains from sources, which have been completely unknown to the natus, inheritance and struggle regarding it, alimony, crime, secret police and state security police, jobs of security and protection (bodyguards, security, army, police), occult and paranormal powers, special spiritual conditions, contacts with other levels of reality, completely deep and twisted perception of life truths, primordial fears, which make the blood freeze, alienation, loneliness or the need to be alone, personal jails, depression and vampirism, suffering at all levels (spiritual and physical), magnetism and eroticism (even when a person is not physically attractive and likeable). In some cases, the 8th house of horoscope can represent witchcraft, magical practice and rituals, black magic practitioners, people with special powers (Sidis), diabolic states, bioenergy practitioners, forensic experts, pathological conditions, interests in crime,

criminal or erotic reading, falling into trance, serious diseases (multiple sclerosis with the influence of the 12th house and its ruler, Parkinson's disease, autism, cancer and other types of serious and chronic suffering), invoking and successful attracting of material wealth, ability or power to get money or anything else from others (services, sexual services, protection...), money, which works day and night for the natus (and that he invests no or little effort), venereal diseases, problems with urinary tract, problems with colon, prostate, hemorrhoids, the way of giving birth and labor itself, the kind of death, the weight of death and period when the spirit prepares itself to leave the physical body, gifts from known and unknown people, disintegration, rejection, wars and struggles, for which the natus is not always responsible, worries about diseases, period of life when a person suffers deeply and seriously, even when conditions around him are favorable and even perfect (there are no true problems and hardships, no visible causes of suffering), family suffering and depression about it (often people with the pronounced

eighth house suffer due to serious, family problems, which are skillfully kept secret for years), life under "the glass bell" (help, protection, approval...), collective happenings (the natus is only the messenger of collective or mundane changes and often his appearance at certain places means something at the level of collective happenings), sudden and quick changes, which bring a lot of stress to the natus and those, who are connected with him, restraint from all material pleasures, as well as exaggeration in them. The New York Times–bestselling author's

classic guide to astrology: "What makes Sun Signs different is that much of the writing is done with humor" (The Boston Globe). Before 1968, astrology as we know it had a very limited following in the United States and around the world. The publication of Linda Goodman's *Sun Signs* changed that forever. Newspapers began running astrology columns, and soon, an increasing number of people knew their sign (as well as yours) and began to study astrological tendencies. Linda Goodman's *Sun Signs* quickly established itself as the worldwide introductory bible to astrology for beginner and expert alike. The book's simple organizational technique made it easy for everyone to follow and understand themselves and others, sign-by-sign. This updated edition of the groundbreaking classic is an enjoyable way to discover the world of astrology today.

The Mixology of Astrology Aslan Business Solutions

Following on from the success of The Astrology Diary 2021, this beautiful diary is back for 2022 with new astrological guidance and cosmic insight. Utilize the

ancient wisdom of astrology to help empower decision-making, nourish relationships and make the most of all opportunities that come your way. This diary is uniquely illustrated around the zodiac theme and will stand out strikingly against other diaries. It brings lunar wisdom into your day to day, with life-coaching tools and tips each week. The planner is divided by zodiac sign, showing how the sun's movement through the zodiac affects everyone's energies, whatever star sign. It displays the effect of planetary conjunctions and how Mercury entering retrograde affects our decision making and fortunes. The diary illustrates the characteristics of each zodiac sign and how that impacts on the events of your life. Pisces is the dreamer, so when the sun enters Pisces, it's time to implement steps to move closer to your dream life. Taurus is the time to plan financial abundance. Aries is a concentrated energy to begin something, whether that's a vigorous new exercise programme or a new project. Astrology is a wonderful tool you can use everywhere, you don't need to be mystical to enjoy it.
