Luke's gospel and tells

The Bible gives us four biographers for Jesus' life: Matthew, Mark, Luke, and John. See Jesus from four different points of view

and learn how their views unite to flesh out an awesome portrait of God. Consult this concise chart to find out where there are four Gospels instead of just one, why three Gospels are similar, but the fourth is very different, how the Gospels complement - not contradict - each other, why most of Christ's story focuses on his last week; and more.

Trapped in complicated Christianity? Here's permission to come out of confinement! How did so many people wind up trapped by complicated systems of performance-based faith? Why do we push ourselves past our limits in pursuit of more works than any reasonable Pharisee

would have demanded? Must we run at a pace somewhere between maddening and insane to prove we're among the faithful? "No!" is the emphatic answer from best-selling author Chuck Swindoll. In Simple Faith, he shows us how to get free from such arbitrary confinement. He reminds Christians that they serve a God who promised freedom, peace, and rest. And it's everlasting?not exhausting?life, remember? Here at last is an exhilarating invitation to simple faith. Move beyond rat-race Christianity and break the bars calculated to wilt free spirits. A cage is no place for a Christian. Welcome to your wings!

Translated by Rosemary Selle The work of one of the world's foremost New Testament scholars, Ulrich Luz, this book gathers eighteen penetrating studies of Matthew's Gospel, available here in English for the first time. Luz's groundbreaking work ranges widely over the critical issues of Matthean studies, including the narrative structure and sources of the Gospel and its presentation of such

themes as christology, discipleship, miracles, and Israel. Several chapters also outline and demonstrate the hermeneutical methods underlying Luz's acclaimed commentary on Matthew, for which this book can serve as a companion. Luz is particularly conscious of the Gospel's reception history, a history of interpretation connecting us with the past that determines so many of our questions, categories, and values. Studies in Matthew thus constitutes a noteworthy contribution to biblical hermeneutics as well as to exegesis.

### **Desiring God**

Leadership Ministries Introduces, retells and analyses the Gospel of Matthew.

### Parables of the Lord

Jesus Baker Academic Matthew's theology of the spirit has received little scholarly attention, which is regrettable since the

evangelist is careful to note that the eschatological redemption described in his gospel is the direct result of the activity of God's Spirit. Matthew's narrative of God's restoring work, which begins with Jesus and continues through his followers, is both informed by and extends the larger biblical narrative of God's creative, redemptive and restoring work, at the centre of which stands his Spirit, his active presence. Charette's study elaborates on the broad sweep of Matthew's interest in the Spirit and examines the operation of the Spirit in relation to the three theological categories of Christology, soteriology and ecclesiology.
