Prayers that bring

supernatural ease and

double honor NavPress

For much of the 20th

century, Catholics in

Ireland spent significant

amounts of time engaged

in religious activities. This

book documents their

experience in Limerick

city between the 1920s

and 1960s, exploring the

connections between that

experience and the wider

culture of an expanding

and modernising urban

environment. Síle de Cléir

discusses topics including

ritual activities in many

contexts: the church, the

home, the school, the

neighbourhood and the

workplace. The

supernatural belief

underpinning these

activities is also

important, along with

creative forms of

resistance to the high

levels of social control
exercised by the clergy in
this environment. De Cléir

uses a combination of in-

depth interviews and

historical ethnographic

sources to reconstruct the

day-to-day religious

experience of Limerick

city people during the

period studied. This

material is enriched by

ideas drawn from

anthropological studies of

religion, while

perspectives from both

history and ethnology also

help to contextualise the

discussion. With its

unique focus on everyday

experience, and

combination of a

traditional worldview with

the modernising city of

Limerick - all set against

the backdrop of a newly-

independent Ireland -

Popular Catholicism in

20th-century Ireland

presents a fascinating

new perspective on 20th-

century Irish social and

religious history.

Patterned after the annual

feasts of the Tabernacle,

the annual 70 days of

fasting and prayer

program is an annual

spiritual sacrifice that

cannot but yield power

and breakthroughs given

the covenant that backs it

up. "We give all the glory

to the Lord for what He

has been doing with our annual Seventy days prayer and fasting programme. The Lord has used the programme to: Ignite the fire of revival in thousands of lives, put stubborn pursuers to flight, produce prayer eagles, open chapters of prosperity for many, confuse satanic dribblers and put the enemies' gear in reverse. Prayer is of great value in turbulent and non-turbulent situations. Prayer is a necessity not an option." "Howbeit this kind goeth not out but by PRAYER AND FASTING" (Matt 17:21).

From his death in 1761 through the American Civil War, Samuel Davies was a recognized name among American Presbyterians, yet for more than a century he has remained far more obscure in discussions of American religion. During the mid-Eighteenth Century, New Side Presbyterian evangelist and preacher Samuel Davies was a pioneer for religious toleration in Colonial America, yet to date no single work has examined Davies' vision for the interior life.

Theology and Spirituality in the Works of Samuel Davies is the first monograph-length

analysis of Davies' conception of Christian spirituality. After a decade of pastoral ministry to congregations in Virginia, Davies followed eminent American theologian Jonathan Edwards as the fourth President of the College of New Jersey (Princeton University), a tenure cut short by his early death at age thirty-seven. J.C. Harrod examines various aspects of Davies' own personal piety as well as the place that Scripture, conversion, holiness, and the means of grace played in his formulation of Christian piety.

This book chronologically documents the rise and fall of the major religions of the world and explores the role that various cultural factors such as dance, trance, music, song, and language have played in this evolution. The role that leaders play in the evolution of religion is also discussed. Starting from the primitive religions of hunter-gatherer societies in which religion was not part of any institution, the next stages of human life from the agricultural revolution to the modern religions of today are

discussed. Among the modern religions discussed are Judaism, Buddhism, Christianity, Islam, Scientology, and numerous others. The reader is further provided with a unique perspective on the potential good and evil aspects of religion and the very reality of the existence of a God or gods, and the possible downfalls of the religious belief system.

Are you looking for ways to engage in Prayer and fasting more effectively? In this guide, Dr. Pauline Walley-Daniels reveals how Esther led people in an effective prayer fast that changed their circumstances for life. She explains how to fast and provides important prayer points that are applicable to any situation. Every year, Walley-Daniels's home church and its affiliates set themselves apart to perform a progressive prayer fast based on Esther's encounter. Queen Esther declared the fast when she discovered that Haman, the enemy of the Jews, was plotting to destroy her people. It was a time when all came before God, fasting and

crying to Him for family members and for breakthrough and deliverance from any Hamanic decrees enacted against them and their lives. Building on that model, this guide is a song of inspiration, an encouragement through each season of the fast. The insights and practical guidelines it offers enable each of us to break through the challenges and difficulties that confront our environment and our spiritual lives. "Dr. Pauline Walley-Daniels fights a good fight of spiritual warfare. ... She presents powerful, effective prayers that are specific to the challenges individuals may face in fulfilling their destiny." —Susan Slusher, Dean, Christian International Equipping Network

In 1981 a beautiful lady appeared to 6 young people in the village of Medjugorje in what is now Bosnia-Herzegovina. She told them that She was the Blessed Virgin Mary, the "Queen of Peace," and that She came with a message of peace -peace with God and man. "I have come to tell the world that God exists. He

is the fullness of life, and to enjoy the fullness and obtain peace, you must return to God." Our Lady has continued to appear since 1981 to give messages to the world of peace, love and joy. She is confiding ten secrets to each visionary (some are chastisements for the world) and promises to leave a visible sign at the place of the apparitions in Medjugorje for all humanity. Today, all but three of the visionaries have daily apparitions. This time, this period of grace, is for conversion and deepening faith. After the visible sign, those living will have little time for conversion. Many books have been written about Medjugorje, but this one is different. It includes not only information about Medjugorje and talks and interviews with the visionaries, but also heartfelt testimonies of those who have been healed and changed through Medjugorje, as well as advice, written from the heart, on how to live the messages. This book is for EVERYONE - all Our Lady's children, Catholic and non-Catholic. If you have not heard about Medjugorje, it will tell you everything you need to know. If you have been following the

messages of Medjugorje or have been one of the millions of people blessed to have been there, this book will "light your fire" all over again.

Gladstone's ideas are far more accessible for analysis now that, following the publication of his diaries, a record of his reading is available. This book traces the evolution of what the diaries reveal as the statesman's central intellectual preoccupations, theology and classical scholarship, as well as the groundwork of his early Conservatism and his mature Liberalism. In particular it examines the ideological sources of Gladstone's youthful opposition to reform before scrutinizing his convictions in theology. These are shown to have passed through more stages than has previously been supposed: he moved from Evangelicalism to Orthodox High Churchmanship, on to

Tractarianism and then further to a broader stance that eventually crystallized as a liberal Catholicism. His classical studies, focused primarily on Homer, also changed over time, from a version that was designed to defend a traditional worldview to an approach that exalted the depiction of human endeavour in the ancient Greek poet. An enduring principle of his thought about religion and antiquity was the importance of community, but a fresh axiom that arose from the modifications of his views was the centrality of all that was human. The twin values of community and humanity are shown to have conditioned Gladstone's rhetoric as Liberal leader, so making him, in terms of recent political thought, a communitarian rather than a liberal, but one with a distinctive humanitarian message. As a result of a thorough scrutiny of Gladstone's private papers, the Victorian statesman is shown to have derived a distinctive standpoint from the Christian and classical sources of his thinking and so to have left an enduring intellectual legacy. It becomes apparent that

his religion, Homeric studies and political thought were interwoven in unexpected ways. The evolution of Gladstone's central intellectual preoccupations, with religion and Homer, is the theme of this book. It shows how the statesman developed from Evangelism to Orthodox High Churchmanship, on to Tractarianism and then further to a broader stance that eventually crystallized as a liberal Catholicism. It demonstrates also that his Homeric studies developed over time. Neither aspect of his thinking was kept apart from his politics. Gladstone's early conservatism emerged from a blend of classical and Christian themes focusing on the idea of community. While that motif persisted in his speeches as Liberal leader, the category of the human emerged from his religious and Homeric ideas to condition the presentation of his Liberalism. In Gladstone's mind there was an intertwining of theology, Homeric studies and political thought. *History of the Old South Church (Third Church) Boston* The Ultimate Guide to the Daniel Fast
