Lucy Calkins and her colleagues at the Reading and Writing Project have helped thousands of educators design their own pathways to the Common Core. Now, with Pathways to the Common Core, they are ready to help you find your way. Designed for teachers, school leaders, and professional learning communities looking to navigate the gap between their current literacy practices and the ideals of the Common Core, Pathways to the Common Core will help you: understand what the standards say, suggest, and what they don't say; recognize the guiding principles that underpin the reading and writing standards; identify how the Common Core's infrastructure supports a spiraling K-12 literacy curriculum; and scrutinize the context in which the CCSS were written and are being unrolled. In

addition to offering an analytical study of the standards, this guide will also help you and your colleagues implement the standards in ways that lift the level of teaching and learning throughout your school.

Great Writing bridges the gap from ESL writers to mainstream writers! The Great Writing series uses clear explanations and extensive practical activities to help students write great sentences, paragraphs, and essays. Each book contains a wide variety of writing models in carefully selected rhetorical styles that provide practice in working with the writing process to develop a final piece of writing. * An all-new level, Great Writing Foundations introduces students to the basics of sentence structure, grammar, spelling and vocabulary for writing.* Impactful National Geographic images open every unit and help to stimulate student writing.* Updated "Grammar for Writing" sections help students apply target structures to the writing goals.* "Building Better Vocabulary" activities highlight words from the Academic Word List and encourage students to use new words in their writing.* Student writing models help students focus on specific writing skills and multiple rhetorical structures
