American Hardcore A Tribal History

Downloaded from archive.imba.com by guest

FRIEDMAN ALEXIA

[The Riot Grrrl Collection](#) Last Gasp

Now in paperback, this first oral history of the most nihilistic of all pop movements brings the sound of the punk generation chillingly to life with 50 new pages of depraved testimony. "Please Kill Me" reads like a fast-paced novel, but the tragedies it contains are all too human and all too real. photos.

Hardcore California Crown

A singular document of the aesthetic of American Hardcore music and culture, this collection brings together unseen photographs, personal letters, original artwork, rare albums, 45s, T-shirts, fanzines and various ephemera from the hardcore scene circa 1978-1993. It includes more than 500 images and illustrations presented in a manner that abandons the aesthetic clichés normally used to depict the genre by letting the subject matter speak for itself. With contributions from such

luminaries of the scene as Jeff Nelson of Minor Threat, Dave Smalley and Pat Dunbar.

Punks in Peoria PM Press

"American Hardcore sets the record straight about the last great American subculture"—Paper magazine Steven Blush's "definitive treatment of Hardcore Punk" (Los Angeles Times) changed the way we look at Punk Rock. The Sony Picture Classics-distributed documentary American Hardcore premiered at the 2006 Sundance Film Festival. This revised and expanded second edition contains hundreds of new bands, thirty new interviews, flyers, a new chapter ("Destroy Babylon"), and a new art gallery with over 125 rare photos and images.

Dive into this no-holds-barred group autobiography of the critically acclaimed feminist punk-rock group, The Lunachicks—featuring never-before-seen materials from the band's private archive. Fallopian Rhapsody: The Story of the Lunachicks is a coming-of-age tale about a band of NYC teenagers who forged a sisterhood, found salvation, and fervently crashed the gates of punk rock during the '90s, accidentally becoming feminist icons along the way. More than that, this is a story

about the enduring friendship among the book's three central voices: Theo Kogan, Sydney Silver, and Gina Volpe. They formed the Lunachicks at LaGuardia High School (of "Fame" fame) in the late '80s and had a record deal with Blast First Records as teenagers, whisked into the studio by Kim Gordon and Thurston Moore. Over the course of thirteen-ish years, the Lunachicks brought their brand of outrageous hard-rockin' rebelliousness around the world countless times, simultaneously scaring conservative onlookers and rescuing the souls of wayward freaks, queers, and outcasts. Their unforgettable costume-critiques of pop culture were as loud as their "Marsha[!]" amps, their ferocious tenacity as lasting as their pre-internet mythology. They toured with bands like the Go-Go's, Marilyn Manson, No Doubt, Rancid, and The Offspring; played the Reading Festival with Nirvana; and rocked the main stage at the Warped tour twice. Yet beneath all the makeup, wigs, and hilarious outfits were three women struggling to grow into adulthood under the most unorthodox of conditions. Together onstage they were invincible B-movie superheroes who kicked heaps of ass—but apart, not so much. Depression, addiction, and identity crises loomed overhead, not to mention the barrage of sexist nonsense they faced from the music industry. Filled

with never-before-seen photos, illustrations, and ephemera from the band's private archive, and featuring contributions from Lunachicks drummer Chip English, founding member Sindi B., and former bandmate Becky Wreck, Fallopian Rhapsody is a bawdy, gripping, warts-and-all account of how these city kids relied on their cosmic creative connection to overcome internal strife and external killjoys, all the while empowering legions of fans to shoot for the moon. For readers of Carrie Brownstein's *Hunger Makes Me a Modern Girl*, Kim Gordon's *Girl in a Band*, and Chrissie Hynde's *Reckless*, Fallopian Rhapsody is the literary equivalent of diving headfirst into a moshpit and slowly but surely venturing up to the front of the stage.

Crass Reflections Simon and Schuster

The definitive history of a key period in rock 'n' roll, from new wave to no wave, punk to punk revival, from the bestselling author of *American Hardcore*.

Violence Girl Creation Books

From their beginnings as teenagers experimenting in a San Fernando Valley garage dubbed "The Hell Hole" to headlining major music festivals around the world, discover the whole story of Bad Religion's forty-year career in irreverent style. Do What You Want's principal storytellers are the four voices that define Bad Religion: Greg Graffin, a Wisconsin kid who sang in the choir and became an L.A. punk rock icon while he was still a teenager; Brett Gurewitz, a high school dropout who founded the independent punk label Epitaph Records and went on to become a record mogul; Jay Bentley, a surfer and skater who gained recognition as much for his bass skills as for his antics on and off the stage; and Brian Baker, a founding member of Minor Threat who joined the band in 1994 and brings a fresh perspective as an intimate outsider. With a unique blend of melodic hardcore and thought-provoking lyrics, Bad Religion paved the way for the punk rock explosion of the 1990s, opening the door for bands like NOFX, The Offspring, Rancid, Green Day, and Blink-182 to reach wider audiences. They showed the world what punk could be, and they continue to spread their message one song, one show, one tour at a time.

The Official Punk Rock Book of Lists Learning Express (NY)

Presents five hundred-one critical reading questions to prepare for the SAT I and other tests and includes skill builders on different subject matter such as U.S. history and politics, arts and humanities, health and medicine, literature and music, sports, science, and social studies.

Do What You Want Bazillion Points LLC

The product of decades of work and multiple self-published editions, *Going Underground*, written by 1980s scene veteran George Hurchalla, is the most comprehensive look yet at America's nationwide underground punk scene. Despite the mainstream press declarations that "punk died with Sid Vicious" or that "punk was reborn with Nirvana," author Hurchalla followed the DIY spirit of punk underground, where it not only survived but thrived nationally as a self-sustaining grassroots movement rooted in seedy clubs, rented fire halls, Xeroxed zines, and indie record shops. Rather than dwell solely on well-documented scenes from Los Angeles, New York, and Washington, DC, Hurchalla delves deep into the counterculture, rooting out stories from Chicago, Philadelphia, Austin, Cincinnati, Miami, and elsewhere. The author seamlessly mixes his personal experiences with the oral history of dozens of band members, promoters, artists, zinesters, and scenesters. Some of the countless bands covered include Articles of Faith, Big Boys, Necros, Hüsker Dü, Bad Brains, Government Issue, and Minutemen, as well as many of the essential zines of the time such as Big Takeover, Maximum RocknRoll, Flipside, and Forced Exposure. *Going Underground* features over a hundred unique photos from Marie Kanger-Born of Chicago, Dixon Coulbourn of Austin, Brian Trudell of LA, Malcolm Riviera of DC, Justina Davies of New York, Ed Arnaud of Arizona, and many others, along with flyers from across the nation.

The Frontiersmen Feral House

As a homeless child prodigy, Harley Flanagan played drums for bands at Max's Kansas City and CBGBs, and was taught to play bass by the famed black band Bad Brains, and drank with the notorious Lemmy of Motörhead. Most famously, Harley became a member of the famous hardcore band The Cro-Mags, and disputes accusations of stabbing two band members.

My Riot University of Illinois Press

Hardcore, the hard-edged second generation of punk rock, whose peak period ranged from 1980 to 1986, has never before been captured in the way Steven Blush's authoritative, extensively illustrated oral history revisits its dynamic and sordid past. All the major hardcore scenes, particularly in Southern California, San Francisco, Washington D.C., Boston, New York City and Texas are given provocative voice through its major players, from drugged-out suburban Metal misfits to shit-kicking skinheads to vegan anti-drug pacifists. *American Hardcore*; *A Tribal History*

not only recapitulates an important and influential scene, its provocative sociological snapshots reveal the apocalyptic desperation of a singular time in American history. Author Steven Blush was a prime mover in the scene he writes about; in the 80s, he promoted many hardcore tours and shows, DJ an influential college radio show, and ran a record label. Later Blush published *Seconds* magazine, and wrote for *Paper*, *Spin*, *Interview*, *Village Voice*, *Details* and *High Times* magazines. The primary photographers included in this volume are Edward Colver and Karen O Sullivan. Flyers, set lists, logos, and record covers have been provided by many collectors, and the book includes an extensive discography of Hard core rock releases from 1980 to 1986.

Albion's Seed powerHouse Books

Hit songs, record deals, sexual adoration, private jets, stretch limos, and wealth: these are the trappings of musical success. But the pop stars living these seemingly glamorous lives are the exceptions in the music business and not the rule. Standing in the wings, just off stage and waiting, are those many talented and deserving musicians who just barley missed their big break. *Lost Rockers* is about those musicians who at one point in time were on the verge of success but who never quite "made it." Some of them were so close they could taste it, and others never had a chance. To become a star you need: talent, charisma, dedication, intelligence, energy, intensity, and a helluva lot of luck. These are all pieces in the puzzle--and for these lost rockers, the stars just didn't align quite right. But the dawn of the 21st century offers these unknowns a chance for redemption. With new technologies offering easier ways of finding and listening to music, these artists might just be discovered anew by a generation of fans eager to mine the past in hopes of discovering something fresh. Timed with the release of a documentary film of the same name, the latest collaboration between acclaimed writer Steven Blush and director Paul Rachman, *Lost Rockers* offers a compelling narrative connecting the lives of different musicians and their strangely similar adventures in the entertainment industry. All of these almost-famous musicians have gripping backstories; they've also recorded some powerful music that you won't believe you've never heard. In our nation, it's all about second chances, so let's start diggin' in the crates at flea markets, garage sales, thrift shops, and swap meets, and uncover the lost secrets of America's rich musical heritage.

NYHC Manic D Press

At Canaan's Edge concludes America in the King Years, a three-volume history that will endure as a masterpiece of storytelling on American race, violence, and democracy. Pulitzer Prize-winner and bestselling author Taylor Branch makes clear in this magisterial account of the civil rights movement that Martin Luther King, Jr., earned a place next to James Madison and Abraham Lincoln in the pantheon of American history. In *At Canaan's Edge*, King and his movement stand at the zenith of America's defining story, one decade into an epic struggle for the promises of democracy. Branch opens with the authorities' violent suppression of a voting-rights march in Alabama on March 7, 1965. The quest to cross Selma's Edmund Pettus Bridge engages the conscience of the world, strains the civil rights coalition, and embroils King in negotiations with all three branches of the U.S. government. The marches from Selma coincide with the first landing of large U.S. combat units in South Vietnam. The escalation of the war severs the cooperation of King and President Lyndon Johnson after a collaboration that culminated in the landmark 1965 Voting Rights Act. After Selma, young pilgrims led by Stokely Carmichael take the movement into adjacent Lowndes County, Alabama, where not a single member of the black majority has tried to vote in the twentieth century. Freedom workers are murdered, but sharecroppers learn to read, dare to vote, and build their own political party. Carmichael leaves in frustration to proclaim his famous black power doctrine, taking the local panther ballot symbol to become an icon of armed rebellion. Also after Selma, King takes nonviolence into Northern urban ghettos. Integrated marches through Chicago expose hatreds and fears no less virulent than the Mississippi Klan's, but King's 1966 settlement with Mayor Richard Daley does not gain the kind of national response that generated victories from Birmingham and Selma. We watch King overrule his advisers to bring all his eloquence into dissent from the Vietnam War. We watch King make an embattled decision to concentrate his next campaign on a positive compact to address poverty. We reach Memphis, the garbage workers' strike, and King's assassination. Parting the Waters provided an unsurpassed portrait of King's rise to greatness, beginning with the 1955 Montgomery bus boycott and ending with the assassination of President John F. Kennedy in 1963. In *Pillar of Fire*, theologians and college students braved the dangerous Mississippi Freedom Summer of 1964 as Malcolm X raised a militant new voice for racial separatism. The Civil Rights Act of 1964 outlawed segregation by race and mandated equal opportunity for women. From the pinnacle of winning the Nobel Peace Prize,

King willed himself back to "the valley" of jail in his daunting Selma campaign. At Canaan's Edge portrays King at the height of his moral power even as his worldly power is waning. It shows why his fidelity to freedom and nonviolence makes him a defining figure long beyond his brilliant life and violent end.

American Hardcore Mariner Books

A searing punk memoir by an American original rebelling against conformity, complacency, and conservatism with his iconic band, MDC. From the time Dave Dictor was young, he knew he was a little different than the all-American kids around him. Radicalized politically while in high school, inspired to seize opportunities by his hard-working parents, and intrigued with gender fluidity, Dictor moved to Austin, and connected with local misfits and anti-establishment rock'n'rollers. He began penning songs that influenced American punk rock for decades. MDC always has been in the vanguard of social struggles, confronting homophobia in punk rock during the early 1980s; invading America's heartland at sweltering Rock Against Reagan shows; protesting the Pope's visit to San Francisco in 1987; in 1993 they were the first touring US punk band to reach a volatile Russia after the collapse of the Soviet Union. Dictor's narrative is a raw portrait of an American underground folk-hero who stood on the barricades advocating social justice and spreading punk's promise to a global audience. Part poet, renegade, satirist, and lover, he is an authentic, homegrown character carrying the progressive punk fight into the twenty-first century. Dave Dictor is singer, lyricist, and founding member of legendary American punk band MDC (Millions of Dead Cops). Since 1979, Dictor has toured throughout the world with MDC, releasing more than nine albums with MDC that sold more than 125,000 copies. MDC continues to tour, playing over sixty concerts each year. Dictor's MDC song, "John Wayne Was a Nazi," was featured in the best-selling video game *Grand Theft Auto 5*. He appeared in the film *American Hardcore* and resides in Portland, Oregon.

Kids of the Black Hole Mariner Books

With a foreword by Freddy Cricien of Madball, who made his stage debut with Agnostic Front at age 7, NYHC slams the pavement with savage tales of larger-than-life characters and unlikely feats of willpower. The gripping and sometimes hilarious narrative is woven together like the fabric of New York itself from over 100 original interviews with members of the key bands of the era of New York Hardcore.

American Hardcore (Second Edition) The Feminist Press at CUNY

Generally acknowledged as the best study - both written and photographed - of the California hardcore scene. Album cover graphics in colour, hundreds of photos of bands and good text. Over 600 bands mentioned.

Hard-Core PM Press

How can so many people pledge allegiance to punk, something with no fixed identity? Depending on who and where you are, punk can be an outlet, excuse, lifestyle, escapism, conversation, community, ideology, sales category, social movement, punishable offense, badge of authenticity, reason to drink beer forever, or an aesthetic of belligerent incompetence. And if someone has a strong belief about what punk is, odds are they have even stronger feelings about what punk is not. Sam McPheeters championed many different versions. Over the course of two decades, he fronted *Born Against*, released dozens of records and fanzines, and toured seventeen times across the northern hemisphere. In this collection of essays, profiles, criticism, and personal history, he examines the diverse realms he intersected--New York hardcore, Riot Grrrl, Gilman street, the hidden enclaves of Olympia, and New England, and downtown Los Angeles--and the forces of mental illness and creative inspiration that drove him, and others, in the first place.

The Hard Times Macmillan

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

At Canaan's Edge Feral House

A sharp, comedic send-up of punk and hardcore culture, from the creators of the popular and critically-lauded satire site The Hard Times.net.

American Hair Metal Oxford University Press

Starting in 1981 via Minor Threat's revolutionary call to arms, the clean and positive straight edge hardcore punk movement took hold and prospered during the 1980s, earning a position as one of the most durable yet chronically misunderstood music subcultures. Straight edge created its own

sound and visual style, went on to embrace vegetarianism, and later saw the rise of a militant fringe. As the "don't drink, don't smoke" message spread from Washington, D.C., to Boston, California, New York City, and, eventually, the world, adherents struggled to define the fundamental ideals and limits of what may be the ultimate youth movement. Tony Rettman traces the story of straight edge from adolescent origins to enduring counterculture via fresh first-hand accounts from the clear and alert members of Minor Threat, SS Decontrol, Youth of Today, DYS, Slapshot, Uniform Choice, 7 Seconds, Stalag 13, Justice League, Chain of Strength, No for an

Answer, Insted, Gorilla Biscuits, Judge, Bold, Projec

Love Saves the Day Feral House

Examining the multigenerational impact of punk rock music, this international survey of the political-punk straight edge movement - which has persisted as a drug-free, hardcore subculture for more than 25 years - traces its history from 1980s Washington, DC, to today. Asserting that drugs are not necessarily rebellious and that not all rebels do...
