TURNER GARRETT

The Rise of America's Gun Random House

This manual has been written with the Law Enforcement Firearms Instructor in mind. It is an attempt to save the instructor time by furnishing already prepared outlines that cover most of the subject currently taught by and to law enforcement personnel. The purpose of the manual is twofold: First, it can be used by current firearms instructors as a handy reference guide and also as a way

of keeping all of the firearms outlines in one simple format. By preparing the manual in this fashion, all of an instructor's outlines are easily accessible should an instructor's class be challenged by the legal system. Secondly, this manual can be used as the text for firearms instructor initial certification classes. Once the new instructor completes the basic certification course, he or she will have a complete set of outlines that can be used for teaching their classes. The first four outlines in this manual (The Role of the Firearms Instructor, Safety Responsibilities, Record Keeping, and

Discipline) are generally used during instructor development classes. The rest of the outlines, while also used in instructor development classes, are also appropriate for basic recruit classes as well as classes that are designed for in-service personnel. The Appendix contains material that can be used as class handouts or made into overheads for class presentations. Some of the courses can be used for general firearms qualification, while others are used for training a specific skill, such as linear and lateral movement or multiple attackers. The manual has been written to take the pain out of the "office work" part of being a firearms instructor and to give the instructor more time to teach.

Hand Guns, Concealed Carry, Gun Laws, Other Concerns, and Things

You Should Know Charles C Thomas

Do You Want to Be a Spiritual Leader? Start Here Have the day-to-day realities of being a dad and husband left you frustrated or just plain worn out? You're not alone. Jerrad Lopes felt that way too...until he started blogging about his struggles and discovered thousands of other men who want to be good husbands and fathers but don't know where to start. You will learn that spiritual leaders realize their story isn't the story—it's all about Jesus point their wives, children, community, and world toward God stumble their way through spiritual leadership rather than doing nothing seek humility rather than striving for perfection refuse to let their sin and shame stop them from leading

their family look for adventure in the kingdom of God, not in the world create gospel-centered memories with their wife and children When you begin to understand the bigger picture of God’s purpose for you in your marriage and family, you’ll see that the good news of Jesus makes it possible for you to love and lead without fear and discouragement. Get equipped and encouraged as you become the man God is calling you to be—even when you’re dad tired.

A surprising journey from tech support to professional marksman in front of the

cameras. Chris Cheng won the title of “Top Shot,” a \$100,000 cash prize, and a professional marksman contract with the show sponsor, Bass Pro Shops. How did a tech support guy who didn’t shoot a lot of guns beat out seventeen other competitors—including seasoned military veterans, law enforcement officers, and pro marksmen—in History Channel’s Top Shot season 4? An excellent guide for beginning shooters, Cheng focuses on the basics and ammunition of pistols, rifles, and shotguns, marksmanship fundamentals, and buying a firearm. Other chapters include: Dry Fire Practice Firearm Accessories Safely Storing Your Firearm Cleaning and Maintaining Your Guns And much more! Additionally, Cheng covers his approach to staying calm under pressure, teamwork,

sportsmanship, and leadership. These traits contributed to his coming out on top and staying above the fray. With a foreword written by Top Shot season 3 champion Dustin Ellermann and an afterword written by the original Top Shot champion Iain Harrison, *Shoot to Win* is sure to please shooters of all stripes, but especially fans of History Channel's program Top Shot. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting,

deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Steps to Success Charles C Thomas Pub Limited

Real skills for real people! *Defensive Pistol Fundamentals* helps you--the private citizen--learn the best, most efficient ways to defend your life, or the lives of your loved ones, with a legally carried pistol. Learn not only what you need to do, but why and how. Based on the latest research and quantum leaps in our understanding of how the brain

processes information, this book helps you learn: How to defend yourself from a violent, surprise attack Dealing with more than one aggressor How the body's natural reactions affect how you should train The process of subconscious decision making The real effects of "stress" on performance And much, much more! Whether your pistol is for concealed carry or home defense, this book is your authoritative source for the information you need to keep yourself and your loved ones safe!

Ammunition Maintenance Houghton Mifflin Harcourt

"Serves the needs of the gun owner; the experienced shooter; those who own a weapon strictly for home-and self-defense; the military member who wants to become a better shooter in defense of

our country; the law enforcement officer who risks his or her life going against the thugs of our society; and anyone interested in learning the defensive and tactical training techniques from some of the best and most experienced shooters in the world." -- Cover, p. [4]

The Modern Day Gunslinger Gun Digest My purpose and hope in writing this book about Handguns, Concealed Carry, and Legal Concerns is to impart to you knowledge to save you money. An even more important goal is to save you potential heartache; and most critical, to encourage you to protect your life and that of your loved ones. "Why and how," you ask? First, The Need: The FBI reported, "In 2010 there was a burglary every 15 seconds." One in five women in a recent survey stated they had been

a victim of sexual assault. When resisting a criminal assault, an armed woman has a 400% better chance of escaping unharmed than an unarmed woman. Question: What's your plan? Just trust in Blind Luck? The Why: To purchase an inappropriate hand gun or two can cost hundreds of dollars. To run afoul of the law- that expense begins in the thousands of dollars. To be unarmed and unprepared to confront a violent attacker-that cost is incalculable. Remember: "Lightning and violence have one thing in common-they both strike somewhere." The How: There is no other single source, one volume book covering handguns, ammunition, holsters, maintenance, safes, safety, legal concerns, and miscreant misbehavior. This book is an effort to fill

that void. If you are not certain that you need to know more, open the book to page IX and take a quick assessment of your knowledge. Thank you for giving me a look, and don't forget: "You make your choice and you take your chances." [The Official NRA Guide to Firearms Assembly](#) Erik Lawrence Publications Each year in America, 2 Million criminals break into homes just like yours. Is your aim good enough to guarantee your family's safety? This book has been teaching responsible gun owners the same effective techniques that created the world's deadliest snipers. The new 2nd edition has been redesigned to give you the most powerful methods in easy-to-follow instructions. A retired US Navy SEAL and bestselling author, Chris was hand-selected to develop the entire

curriculum for the US Navy SEAL Sniper training program. If the US Navy SEALs selected him as their leading firearms instructor, shouldn't you? Now, you can use these world-class techniques to master your weapon and protect your family. It comes with access to 12 online video lessons. Watch Chief Sajnog show you his real-world methods, and read detailed explanations in this book packed with the most effective firearms training you'll ever find, without any of the fluff. If you're looking for "cool" stories or techniques, this is not the book for you. If you want to shoot like a Navy SEAL, this is where to start. You'll learn:

- How to find the right position for you -- not the cookie-cutter methods that only work for some people -- so you can maximize your aim with as little effort as

- possible.
- Simple training exercises you can do right now, at home, without having to spend 1,000's of dollars at the shooting range.
- How to boost your accuracy by up to 95% -- using the "Navy SEAL focus" technique that you can master in just minutes.
- The SEAL Sniper Trick that you can start using today, allowing you to instantly hit targets at twice the distance.
- Why the aiming technique you were taught is completely wrong -- and how you can fix it instantly.
- Plus... how to do all of this safely, without risking harm to your family. Protect your loved ones, your country, and yourself, with the firearms techniques developed by one of the most respected firearms trainers in the world.

Simplified Course Outlines Simon and

Schuster

Praised by experts and students alike for his practical approach to intuitive shooting techniques, Pincus has brought his program into a skillfully written dialogue featuring sections including: Working with what the body does naturally, Background and Philosophy of Combat Focus Shooting, Combat (or Defensive) Accuracy, Combat Focus Range Drills, The Critical Incident Reload, Volume of Fire, and The Balance of Speed and Precision. Pincus book covers the content and underlying principles of the revolutionary Combat Focus? Shooting Course in their entirety. Combat Focus? Shooting is the intuitive shooting program that is designed to work with what the body and mind do naturally during a dynamic

critical incident. This program helps the shooter to learn the Balance Between Speed & Precision and use either sighted or unsighted fire as appropriate to get combat-accurate hits efficiently during a lethal force encounter. Pincus Combat Focus? Shooting program has been incorporated into law enforcement and military training programs across the country and has been taught to security and police officers, military special operations personnel and instructors from around the world. In addition to these armed professionals, hundreds of self-defense students and beginner shooters are taught how to be safer through more efficient shooting in the Combat Focus? courses every year, both at Valhalla Training Center and other locations.

Dad Tired and Loving It Tom McHale
Traces the story of the American gun market as reflected by an Austrian six-cylinder revolver, tracing how it has become a weapon of choice on both sides of the law, in the entertainment industry, and among Second Amendment enthusiasts.

Let It Bang Zenith Press

The most popular handy to use guide to the particulars of the AR-15 type rifle system. This handbook covers common info, malfunctions, care and maintenance, and training tips for those who use this rifle for fun or protections. Written by two Special Forces instructors with decades of experience with this weapon system. A must have for every range bag!

How to Care For, Use, and Store Your Firearms Paladin Press
"You will either master the pistol or the pistol will master you." To fire perfect shots, you must train for perfect shots. But whether you want to shoot squirrels, punch holes in paper targets, or defend your home, there is only one path to achieving consistent accuracy with a handgun: mastering the fundamentals of marksmanship. Written by a former U.S. Marine Corps firearms instructor who has taught more than a thousand law enforcement, military, and security personnel, *The Perfect Pistol Shot* uses

succinct lessons, uncommon exercises, and real-world stories to provide a fresh look at a vital topic for all gunmen. It includes: The single most important "trick" to perfecting handgun marksmanship A simple concept for learning how to shoot a gun twice as fast A series of unique "Prove It" exercises that allow you to test the concepts offered without the pressure of actual shooting An entertaining chapter on guns, gun magazines, and gun gurus that will help you make wiser choices about your training Knowing how to engage targets is valuable for the defensive shooter, but if "engaging" doesn't translate into "hitting," what's the point? You must have a solid foundation on which to build tactical skills. Your reward will be conversion

from just another hapless shooter into an independent marksman.

FIREARM SAFETY CERTIFICATE - M Simon and Schuster

If you're thinking about buying a gun, are new to shooting, or maybe you just aren't as comfortable with the topic as you'd like, we can help you get up to speed quickly and easily. Like any new endeavor, learning the ropes of selecting and buying guns, ammunition, and accessories can be intimidating. We'll walk you through everything you need to know to shoot correctly and safely.

How to Choose, Carry, and Shoot a Gun in Self Defense Loose Cannon

A young black man's funny and searing quest to learn to shoot, and a fascinating odyssey into race, guns, and self-protection in America. The most RJ

Young knew about guns was that they could get him killed. Until, recently married to a white woman and in desperate need of a way to relate to his gun-loving father-in-law, Young does the unimaginable: he accepts Charles's gift of a Glock. Despite, or because of, the racial rage and fear he experiences among white gun owners ("Ain't you supposed to be shooting a basketball?"), Young determines to get good, really good, with a gun. *Let It Bang* is the compelling story of the author's unexpected obsession—he eventually becomes an NRA-certified pistol instructor—and of his deep dive into the heart of America's gun culture: what he sees as the domino effect of white fear, white violence, black fear, rinse, repeat. Young's original reporting on shadow

industries like US Law Shield, which insures and defends people who report having shot someone in self-defense, and on the newly formed National African American Gun Association, gives powerful insight into the dynamic. Through indelible profiles, Young brings us up to the current rocketing rise in gun ownership among black Americans, most notably women. *Let It Bang* is an original look at American gun culture from the inside and the other side—and, most movingly, the story of a young black man's hard-won nonviolent path to self-protection. "We need more books like this: personal, emotional meditations on gun ownership...showing us all the ways in which guns take on meaning for people, and what happens when those meanings collide."—Pacific Standard

NRA Guide to the Basics of Personal
Protection in the Home iUniverse

This Defensive Pistol Course is designed

to assist you in building the skills,
strength and mental preparedness to
effectively fight when it matters
most. The standards of performance for
the techniques presented in this
program are based on real world combat
skills. In a growing world of firearm
enthusiasts and shooting opportunities
ranging from plinking to practical
shooting competitions the Continental
Army US thought it necessary to develop
a program that would help differentiate
action shooting activities such as the
respectable IDPA, IPSC and NRA Action
Pistol, from actual combat techniques
designed to help you have the upper
hand in a gun fight. Competition is fun,
and so is winning, but the skills required
to engage an opponent who is shooting
back are quite different. If you ever find

yourself in a situation where you deem the use of deadly force required and justified to protect yourself, your family or friends, that situation will likely occur on the street or in your house, not at a competition on a regulated shooting range. You will not and cannot win a shooting competition using the skills presented in this manual because what is required to win a competition is tactically opposite of what you will need to do. In the real world there is . . . - No clock to beat, - No room for shortcut, - No time for previewing the fight, - No chance to know where and when the threat will come from, - No certainty about when it will start or stop, - No "re-shoot" opportunity, - Definite terrible consequences for mistakes. This program is on the honor system. It is for you to

grow, not to earn a claim to fame. Cheating the system will only aggravate your embarrassment when other actually find out what you can and cannot do. We hope you enjoy this program, its reward, and help build an Army of effective citizens able to take care of themselves.

Defensive Pistol Fundamentals

Simon and Schuster

The growing concern over the number of accidental firearm shootings, especially those involving children, prompted passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms.

The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm..

For Personal Protection Harvest House Publishers

Provides the latest information on handguns and how to carry them, how to see trouble and avoid it, gunfighting

tactics, discusses the consequences of shooting someone, and the newest information on concealed carry laws and licenses.

Instructor's Guide [for] Basic Pistol Marksmanship CreateSpace

Concealed Carry and Home Defense Fundamentals is a comprehensive guide for anyone considering owning or carrying a firearm for self defense. The book is a complete guide to understanding conflict avoidance & situational awareness; handgun & shotgun basics; shooting fundamentals; the physiology of violent encounters; the legal aspects of using deadly force (including knowing what to do in the aftermath); and a complete guide on gear, gadgets, and ongoing training. *Firearms Instructor's Manual* Skyhorse

Publishing, Inc.

The perfect book for any woman who is interested in purchasing, selecting, and owning a gun, from her first to her five-hundredth firearm. The Handgun Guide for Women gives a public voice to the legions of female gun enthusiasts in the United States. It is a common sense, step-by-step guide to making the decision to purchase a gun, selecting the correct gun, securely keeping a gun in the home, and maintaining the proficiency necessary to be a safe gun owner 100 percent of the time. The book also defies the theory among the popular media that women are, by their

maternal nature, anti-gun. Author Tara Dixon Engel, an NRA-certified instructor in handguns, rifles, shotguns, personal defense, and home defense, writes that women should be gun advocates. A firearm is often the one thing that stands between your family and a predator. The Handgun Guide for Women reflects a passionate belief in the Second Amendment. It is a straightforward and meticulously clear representation of the responsibilities involved in gun ownership and is the perfect book for anyone who is considering owning a gun or who has been a proud gun owner for many years.
