Song of Dragons, an epic fantasy trilogy, tells the story of Requiem -- a fallen, ancient land whose people could become dragons... and whose last survivors dream of flying again. With hundreds of

thousands of copies sold, the Song of Dragons novels have captivated readers around the world. Now you can read the entire trilogy in one collection. BOOK 1: BLOOD OF REQUIEM -- Requiem, a kingdom of men who could become dragons, lies in ruin. Its destroyer, the tyrant Dies Irae, leads his griffins on a hunt for survivors. Will Requiem's last children

perish in the wilderness... or once more become dragons and fly to war? BOOK 2: TEARS OF REQUIEM -- Dies Irae masters new servants: the nightshades, demons of shadow who fear no sword or arrow. They suck the souls from all who live, like a glutton sucking marrow from bones. Can Requiem's last children, a mere scattering of survivors, defeat them?

BOOK 3: LIGHT OF REQUIEM -- The world lies in ruin. Forests smolder. The crows feast. From the ashes, Dies Irae raises new soldiers: monsters sewn together from dead body parts. As the undead army marches, Requiem's survivors muster what forces they can... and prepare for their last stand. Song of Dragons -- an epic fantasy trilogy. For fans of dragons, shapeshifters, swords and sorcery, A Game of Thrones, Eragon, The Hobbit and The Lord of the Rings. _____

Few scholars have been as influential in finance, both as an academic field and an industry, as Eugene Fama. Since

writing his groundbreaking 1970 essay on efficient capital markets, Fama has written over 100 papers and books that have been cited hundreds of thousands of times. Yet there is no one collection where one can easily find his best work in all fields. "The Fama Portfolio" will be an outstanding and unprecedented resource in a field that still concentrates mainly on questions stemming from Fama's work: Is the finance industry too large or too small? Why do

people continue to pay active managers so much? What accounts for the monstrous amount of trading? Do high-speed traders help or hurt? The ideas, facts, and empirical methods in Fama's work continue to guide these investigations. "The Fama Portfolio" will be a historic and long-lasting collection of some of the finest work ever produced in finance." A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey,

the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She

raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came

up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped

up by Janey and her team and saved.

"Ben Jelloun is arguably Morocco's greatest living author, whose impressive body of work combines intellect and imagination in magical fusion." --The Guardian In *The Happy Marriage*, the internationally acclaimed Moroccan author Tahar Ben Jelloun tells the story of one couple--first from the husband's point of

view, then from the wife's--just as legal reforms are about to change women's rights forever. The husband, a painter in Casablanca, has been paralyzed by a stroke at the very height of his career and becomes convinced that his marriage is the sole reason for his decline. Walled up within his illness and desperate to break free of a deeply destructive relationship, he finds escape in writing a secret book about his hellish marriage. When his wife finds it, she responds

point by point with her own version of the facts, offering her own striking and incisive reinterpretation of their story. Who is right and who is wrong? A thorny issue in a society where marriage remains a sacrosanct institution, but where there's also a growing awareness of women's rights. And in their absorbing struggle, both sides of this modern marriage find out they may not be so enlightened after all. *The Happy Marriage* John Wiley & Sons

 "I'm not a businessman- I'm a business, man." -- Jay-Z
 Some people think Jay-Z is just another rapper. Others see him as just another celebrity/mega-star. The reality is, no matter what you think Jay-Z is, he first and foremost a business. And as much as Martha Stewart or Oprah, he has turned himself into a lifestyle. You can wake up to the local radio station playing Jay-Z's latest hit, spritz yourself with his 9IX cologne, slip on a pair of his Rocawear jeans, lace

up your Reebok S. Carter sneakers, catch a Nets basketball game in the afternoon, and grab dinner at The Spotted Pig before heading to an evening performance of the Jay-Z-backed Broadway musical Fela! and a nightcap at his 40/40 Club. He'll profit at every turn of your day. But despite Jay-Z's success, there are still many Americans whose impressions of him are foggy, outdated, or downright incorrect. Surprisingly to many, he honed his business

philosophy not at a fancy B school, but on the streets of Brooklyn, New York and beyond as a drug dealer in the 1980s. Empire State of Mind tells the story behind Jay-Z's rise to the top as told by the people who lived it with him- from classmates at Brooklyn's George Westinghouse High School; to the childhood friend who got him into the drug trade; to the DJ who convinced him to stop dealing and focus on music. This book explains just how Jay-Z propelled himself from the bleak

streets of Brooklyn to the heights of the business world. Zack O'Malley Greenburg draws on his one-on-one interviews with hip-hop luminaries such as DJ Clark Kent, Questlove of The Roots, Damon Dash, Fred "Fab 5 Freddy" Brathwaite, MC Serch; NBA stars Jamal Crawford and Sebastian Telfair; and recording industry executives including Craig Kallman, CEO of Atlantic Records. He also includes new information on Jay-Z's various business dealings, such as: *The feature

movie about Jay-Z and his first basketball team that was filmed by Fab 5 Freddy in 2003 but never released. *The Jay-Z branded Jeep that was scrapped just before going into production. *The real story behind his association with Armand de Brignac champagne. *The financial ramifications of his marriage to Beyonce. Jay-Z's tale is compelling not just because of his celebrity, but because it embodies the rags-to-riches American dream and is a model for any

entrepreneur looking to build a commercial empire.

Indiana University Press 'Wonderfully readable ... Emphasises their sheer extraordinariness and celebrates them' MAIL ON SUNDAY. The eldest was a razor-sharp novelist of upper-class manners; the second was loved by John Betjeman; the third was a fascist who married Oswald Mosley; the fourth idolized Hitler and shot herself in the head when Britain declared war on Germany; the fifth was a

member of the American Communist Party; the sixth became Duchess of Devonshire. They were the Mitford sisters: Nancy, Pamela, Diana, Unity, Jessica and Deborah. Born into country-house privilege, they became prominent as 'bright young things' in the high society of interwar London. Then, as the shadows crept over 1930s Europe, the stark – and very public – differences in their outlooks came to symbolise the political polarities of a dangerous decade. The intertwined

stories of their lives – recounted in masterly fashion by Laura Thompson – hold up a revelatory mirror to upper-class English life before and after World War II.

Developed by world-renowned gluteal expert Bret Contreras, *Strong Curves* offers an extensive fitness and nutrition guide for women

seeking to improve their physique, function, strength, and mobility. Contreras spent the last eighteen years researching and field-testing the best methods for building better butts and shapelier bodies. In *Strong Curves*, he offers the programs that have proven effective time and time again with his clients, allowing you to develop lean muscle, rounded glutes, and greater confidence. providing a better understanding as to why most fitness programs fail to help women reach their goals. With a comprehensive nutritional guide and over 200 strength exercises, this book gets women off the treadmill and furnishes their drive to achieve strength, power, and sexy curves from head to toe. Although the glutes are the largest and most powerful muscle group in the human body, they often go dormant due to lifestyle choices, leading to a flat, saggy bum.

Strong Curves is the cure. A Myron Bolitar Novel
 Dorling Kindersley Ltd
 “[A] violent, surrealist romp” from the Tony Award-winning playwright of Hurlyburly and Visiting Edna (The Brown Daily Herald). David Rabe explores the struggle between hope and anguish in the human spirit in this story of two small-time jewel thieves united in a strangely unsettling friendship and the constant fight to prove to themselves and others how tough they are. But when their frantic

scheming suddenly begins to betray them in mysterious ways, they find themselves trapped into a kidnapping and a murder over which they seem to have no control. Or do they? David Rabe’s language creates and recreates reality in constantly surprising ways, magically dramatizing the danger of the power of illusion—and the illusion of power—with force and insight. “A potluck smorgasbord of surrealism, dream soliloquies, science fiction, noir potboiler and

fairy tales, with the ghosts of such other writers as David Mamet, Harold Pinter, Sam Shepard and even novelist Thomas Pynchon hovering nearby . . . boasts ample proof of a top-notch writer at work.” —Chicago Tribune
 “A fast-paced, visceral work with a manic, anarchic energy . . . a chaotic examination of power and powerlessness in a frightening, irrational universe.” —The Brown Daily Herald “[A] surrealist, hilarious, mind-fuck of a play . . . a wild, high-energy ride through

plot and action.” —LAist
