Until October 2002, Ray Whittington was a member of the Audit Standards Board and prior to Ray being on the ASB Kurt Pany was on the board. This has had a major impact on this revision of the text as Whittington has been involved in the audit standards creation process. Principles of Auditing presents concepts clearly and proactively monitors changes in auditing making the relationship between accounting and auditing understandable. The 15th edition maintains the organization and balance sheet orientation, while adding and enhancing topics of Risk, Assurance Services, Fraud, E-Commerce, and the latest auditing standards to meet the needs of the current marketplace. [Auditing For Dummies](#) McGraw-Hill Education "Includes coverage of international

standards and global auditing issues, in addition to coverage of PCAOB Auditing Standards, the risk assessment SASs, the Sarbanes/Oxley Act, and Section 404 audits." *Loose Leaf for Principles of Auditing & Other Assurance Services* McGraw-Hill Education Principles of External Auditing has become established as one of the leading textbooks for

students studying auditing. Striking a careful balance between theory and practice, the book describes and explains, in non-technical language, the nature of the audit function and the principles of the audit process. The book covers international auditing and accounting standards and relevant statute and case law. It explains the fundamental concepts of auditing and

takes the reader through the various stages of the audit process. It also discusses topical aspects of auditing such as legal liability, audit risk, quality control, and the impact of information technology. Brenda Porter is currently visiting Professor at Exeter University and Chulalongkorn University, Bangkok.

Known as the Yellow Book. Includes the professional standards and guidance, commonly referred to as generally accepted government auditing standards

(GAGAS), which provide a framework for conducting high quality government audits and attestation engagements with competence, integrity, objectivity, and independence.
