## GEMMA MAYS

Amga GuideThe American Mountain Guides Association (AMGA) is a 501(c)(3) educational non-profit that is dedicated to supporting the American mountain guiding community. Our mission is to inspire and support a culture of American mountain craft. AMGA - Education, standards, and certification for ... AMGA guides are the soul of our sport, and they represent America's best mountain and ski guides. Coming from different backgrounds and with various talents and ambitions, they can help you gain mastery of climbing and skiing technical skills or reach your ideal summit. Hire a Guide - AMGA | AMGA AMGA Alpine Guide The Alpine Guide Certification is designed for people who guide glaciated and non-glaciated peaks, approaches and climbs, with no limitation with respect to season and elevation. It includes rock climbs, peak ascents, waterfall ice climbs, and expeditionary climbing. AMGA Alpine Guide - AMGA | AMGA The goals of the six-day Rock Guide Exam (RGE) are to assess and certify rock-climbing guides at the AMGA and IFMGA international standards and to further the general education of students. AMGA Rock Guide - AMGA | AMGA The AMGA's American Mountain Guide Certification is the highest level of credential attainable by a professional mountain guide, and is an achievement recognized in more than 20 International Federation of Mountain Guides Associations (IFMGA) member countries. Our program includes three certification streams: Alpine, Rock, and Ski. American Mountain Guide/IFMGA Guide - AMGA | AMGA The AMGA Ski and Splitboard Guide certifications are meant for the experienced backcountry skier/riders or ski guide looking to further hone their skills in off-trail and glacial terrain. It is designed for guiding either ski tours or ski ascents/descents, on alpine touring, splitboard or free-heel equipment. Ski Guide | AMGA 2 AMGA Resource Guide amga.org At AMGA, we're leading the transformation of health care in America because we believe in the power of healthier communities. By working alongside top professionals in our field 2018/2019 Resource Guide - AMGA Established in 1986, the AMGA Accreditation Program endorses guide services, climbing programs, and/or school or university outdoor programs that offer climbing instruction, guided climbing, or skiing services. Accreditation provides a consistent standard for judging the reliability and professionalism of a climbing service by ensuring it: Programs - AMGA | AMGA AMGA Foundation provides a venue for medical groups to incubate ideas, pilot interventions, and share successes. Here is proof of our collective success: More than 540,000 patients with better hypertension detection or control AMGA (American Medical Group Association): Advancing High ... The AGA — Annotated Model Grant Agreement is a user guide that aims to explain to applicants and beneficiaries the General Model Grant Agreement (General MGA) and the different specific Model Grant Agreements ('Specific MGAs') for the Horizon 2020 Framework Programme for 2014-2020 (H2020). AGA Annotated Model Grant Agreement The AMGA certifies guides in three disciplines—rock, alpine and ski. Each of those disciplines has a beginning and an advanced course, to be followed by a three-day "aspirant" exam and a year or two later, a final exam (five days for rock, seven for the ski, and 10 for alpine). Alpine also includes a five-day ice-climbing course. How to Become an AMGA Certified Guide The American Mountain Guides Association (AMGA) certifies guides in three different disciplines: Rock, Alpine, and Ski. An individual can be certified at a variety of levels in each discipline. Once certified that individual has been deemed qualified by the AMGA to guide within that discipline within certain terrain guidelines (listed below). About AMGA and IFMGA Mountain Guide Certification The AMGA is the the US representative to the 25-member IFMGA. The AMGA offers three guide certifications: rock, alpine and ski. To gain certification in one of these disciplines, the candidate must

gain guiding experience while passing a series of courses and exams. About the AMGA and IFMGA - Stock Alpine LLC Guide Training Courses AMGA certification is often required to instruct at many climbing areas across the U.S., and having AMGA certified guides on staff is often required for a guide service to obtain liability insurance or terrain access. AMGA Training Courses: Become a Certified Rock Climbing Guide AMGA offers unparalleled networking and learning opportunities throughout the calendar year for professionals in leadership positions within medical groups and other organized systems of care. American Medical Group Association Meeting Calendar | AMGA ... AMGA Foundation aims to change this through its Obesity Care Model Collaborative (OCMC), a three-year initiative that will provide a framework for expanded work on the disease. The OCMC brings medical groups and health systems from across the country together to share strategies and best practices for treating obesity. Obesity Care Model Collaborative Update - amga.org The American Alpine Institute's guide training program formed the basis of the AMGA's national certification program for alpine guides, and AAI guides have played leadership roles as the designers, instructors, and examiners in the rock, alpine and ski certification courses and exams. Mountaineering Instructor Professional Training Program The American Medical Group Association conducts a wide variety of surveys to help members improve operational efficiency and financial stability and benchmark progress. Surveys include annual AMGA Medical Group Compensation and Financial Survey Skip to main content Benchmarking Surveys - amga.org The Mountain Guide Manual: The Comprehensive Reference--From Belaying to Rope Systems and Self-Rescue [Marc Chauvin, Rob Coppolillo] on Amazon.com. \*FREE\* shipping on qualifying offers. Written by the International Federation of Mountain Guides Association (IFMGA) certified mountain guides Marc Chauvin and Rob Coppolillo The goals of the six-day Rock Guide Exam (RGE) are to assess and certify rock-climbing guides at the AMGA and IFMGA international standards and to further the general education of students.
