Why the Old Testament Matters Scepter Publishers

Acting as a historical detective, the author of this text strips away the layers of deception and propaganda that surround the Christian story in a quest to find the real Mary Magdalene, asking such questions as was she a reformed prostitute who spent the rest of her life in penitence; or was she merely one of the women who followed Jesus?

The Jewish Bible and the Christian Bible Simon and Schuster

Most Bible commentaries take us on a one-way trip from the twentieth century to the first century. But they leave us there, assuming that we can somehow make the return journey on our own. In other words, they focus on the original meaning of the passage but don't discuss its contemporary application. The information they offer is valuable -- but the job is only half done! The NIV Application Commentary Series helps us with both halves of the interpretive task. This new and unique series shows readers how to bring an ancient message into modern context. It explains not only what the Bible means but also how it can speak powerfully today.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

(NH V, 2) Saint Andrew Press

Many people today are thirsty for God and feel a desire for an intense, personal prayer life that is deep and ongoing. But they encounter obstacles that prevent them from following the path seriously, and especially from persevering on it. Time for God was written with these desires and difficulties in mind. In Time for God, author Jacques Philippe mainly concentrates on mental prayer: prayer that consists of facing God in solitude and silence for a time in order to enter into intimate, loving communion with him. Practicing this kind of prayer regularly is considered by all spiritual masters to be an indispensable path that gives access to genuine Christian life—a path to knowing and loving God that empowers us to respond to his call to holiness addressed to each individual. Philippe draws on years of experience as a spiritual guide to illuminate the fundamental principles of

mental prayer and describes some common mistakes and misconceptions that can lead it astray. With simplicity and clarity he explains the foundational principles for a healthy prayer life and gives advice for overcoming the various obstacles that arise when one sets off on the path of interior prayer.

Difficulties in Mental Prayer Bloomsbury Publishing

There are giants among us, passing largely unnoticed, intent on carrying out a secret plan to enslave all humanity. They may not look like giants today, but their bloodlines extend all the way back to the Nephilim--the offspring of angels who mated with human women--described in Genesis 6 when giants roamed the land. Gary Wayne, author of *The Genesis 6 Conspiracy: How Secret Societies and the Descendants of Giants Plan to Enslave Humankind*, details the role of modern-day Nephilim in Satan's plan to install the Antichrist at the End of Days. When God cast the angel Lucifer and his followers out of heaven, Lucifer set into motion a scheme to ensure the Nephilim survived. Why? Because from the bloodlines of these Nephilim the Antichrist will come. To keep his plan alive, Satan has enlisted the loyalty of secret societies such as the Freemasons, the Templars, and the Rosicrucians to conspire in teaching a theology and a history of the world that is contrary to the biblical one. This Genesis 6 Conspiracy marches toward the Great Tribulation, when the loyalty of the Terminal Generation--this generation--will be tested. The Bible, along with many other ancient sources, clearly records the existence of giants. Wayne provides copious citations from many society insiders, along with extensive Bible references, other religious references, and historical material to bolster his contention. What he uncovers will astonish you--and it will challenge you to prepare for the fulfilling of God's promises.

Learn to Read New Testament Greek Christian Fellowship Publishers

A different kind of evangelism book Just as the author's book *God's Not Dead* laid out the logical reasoning for God's existence, and *Man Myth Messiah* established the existence and identity of Jesus Christ, now Rice Brooks brings a definitive book on the logical necessity to make the proclamation of the Gospel our highest priority. In fact, it is actually the ultimate justice issue and, therefore, the most important of all human rights. Consciously or subconsciously, many now believe that demonstrating tolerance is more important than truth. Fundamentally, the right to know the truth is even greater than the freedom to believe. Because Jesus Christ is the Truth, then humanity shouldn't be denied the right to hear about Him, make its own decision, and then have the freedom to tell others. This unique book is written to achieve the following goals: To recast the gospel as a human rights issue To reset the gospel as our top priority To explain why truth exists in the first place To defend the truth of the Bible To explain why God's design and purpose make gender issues absurd To show that immorality is wrong regardless of the law of man What is truth? Does God really exist? Is the Bible true? All of this will be examined more closely in this book. Jesus claimed He was the Truth, not just spoke the truth. Therefore, if Christ is the Truth, and all deserve to know what is true, then the most basic right of all is to know Jesus Christ and make Him known.

Foucault's Pendulum Princeton University Press

What is the gospel? It seems like a simple question, yet it has been known to incite some heated responses, even in the church. How are we to formulate a clear, biblical understanding of the gospel? Tradition, reason, and experience all leave us ultimately disappointed. If we want answers,

we must turn to the Word of God. Greg Gilbert does so in *What Is the Gospel? Beginning with Paul's systematic presentation of the gospel in Romans and moving through the sermons in Acts*, Gilbert argues that the central structure of the gospel consists of four main subjects: God, man, Christ, and a response. The book carefully examines each and then explores the effects the gospel can have in individuals, churches, and the world. Both Christian and non-Christian readers will gain a clearer understanding of the gospel in this valuable resource.

Toward an Old Testament Theology Scepter Publishers

Dr. Bailey's commentary on the Gospel of Mark is a powerful account of the life of Christ which will allow you to gain a deeper knowledge and understanding of His sacrificial love, His divine power, and His saving grace. Seeing the intense focus of Christ to only do the will of His Father will inspire, encourage, and enable you to press on to hit the mark of the high calling of God in Christ Jesus.

An Introduction to the History of the Bible José M. Herrou Aragón

Peter Jensen examines the role of the Bible in divine revelation, beginning from biblical categories of the knowledge of God and the gospel. In the *Contours of Christian Theology*.

The Gospel of the Essenes Zondervan

This book, based upon a Jordan Lecture in Comparative Religion of 1959, traces the development of mystical thought during the formative periods of the Hindu and Muslim traditions. The religions are discussed separately but comparisons are offered wherever appropriate. The part on Hinduism focuses on the classical Upanishads, the Yogasutras, the Bhagavad-Gita, and Ramanuja's commentary on them. For Islam, the focus is on the monistic revolution introduced by Abu Yazid, which Zaehner traces to the influence of Indian thought and through Junayd's restoration of the theistic balance to the monism of the late writings of Ghazali.

L'apocalypse de Paul Whatever Happened to the Gospel?Rediscover the Main Thing

Presents an alternative interpretation of early Christian history that claims that Jesus intended to establish a royal dynasty, based on his descent from King David, for the spiritual and political redemption of the Jews.

The Jesus Dynasty Wentworth Press

Long beloved of Catholics worldwide, this book helps you conquer the obstacles that confront most people when they begin to try to pray regularly. Eugene Boylan discusses the nature and ways of prayer, the difficulties that you're likely to face if you don't pray, the purpose of meditation, and more. He examines all this not from a theoretical standpoint, but from the perspective of the individual Catholic who's trying to pray better. As such, this book offers you solid encouragement to press on in prayer.

Greek Verbs, Irregular and Defective Thomas Nelson

The genetic predisposition to help our close relatives ("altruism"), which was vital to survival in our ancestors on the plains of Africa tens of thousands to tens of millions of years ago, is a fatal defect in an overcrowded world where our neighbors are no longer closely related and are engaged in a life and death struggle for survival. I have referred to this as 'The One Big Happy Family Delusion' and it is central to the suicidal utopian delusions of the political left, which arise due to the temporary abundance of resources and relative peace made possible by the merciless rape of the earth. Liberal political views that made sense in the past are bringing about the collapse of modern democratic

societies and perhaps of civilization itself. Though this is obvious to any bright ten year old with access to the net or even satellite tv, it is totally opaque to the liberal/democratic/neomarxist/neofascist/third world supremacist/20,30,40 something Googloids and iPhoneers, who will soon take over and destroy prosperity and peace in America and the UK, and then the world, both directly, and by leaving it open to destruction by the Mexican Cartels, Islamic Jihadists and far above and beyond all, the Seven Sociopaths who rule China. America and the world are in the process of collapse from excessive population growth, most of it for the last century, and now all of it, due to 3rd world people. Consumption of resources and the addition of 2 billion more ca. 2100 will collapse industrial civilization and bring about starvation, disease, violence and war on a staggering scale. The earth loses at least 1% of its topsoil every year, so as it nears 2100, most of its food growing capacity will be gone. Billions will die and nuclear war is all but certain. In America, this is being hugely accelerated by massive immigration and immigrant reproduction, combined with abuses made possible by democracy. Depraved human nature inexorably turns the dream of democracy and diversity into a nightmare of crime and poverty. Ignorance of basic biology and psychology leads to the social engineering delusions of the partially educated who control democratic societies. Few understand that if you help one person you harm someone else-there is no free lunch and every single item anyone consumes destroys the earth beyond repair.

Consequently, social policies everywhere are unsustainable and one by one all societies without stringent controls on selfishness will collapse into anarchy or dictatorship. The most basic facts, almost never mentioned, are that there are not enough resources in America or the world to lift a significant percentage of the poor out of poverty and keep them there. The attempt to do this is bankrupting America and destroying the world. The earth's capacity to produce food decreases daily, as does our genetic quality. And now, as always, by far the greatest enemy of the poor is other poor and not the rich. Without dramatic and immediate changes, there is no hope for preventing the collapse of America, or any country that follows a democratic system

Rediscover the Main Thing Global Oriental

From master-expositor and Bible teacher John MacArthur, a revelatory exploration of what the apostle Paul actually taught about the good news of Jesus The apostle Paul penned a number of very pithy, focused passages in his letters to the early church that summarize the gospel message in just a few well-chosen words. Each of these key texts has a unique emphasis highlighting some essential aspect of the Good News. The chapters in this revelatory new book closely examine those vital gospel texts, one verse at a time. John MacArthur, host of the popular media ministry Grace to You, president of the Master's University and Seminary, and longtime pastor at Grace Community Church, tackles such questions as, What is the gospel? What are the essential elements of the message? How can we be certain we have it right? And how should Christians be proclaiming the Good News to the world? As always, the answers John MacArthur gives are clear, compelling, well-reasoned, easy to grasp, and above all, thoroughly biblical. The Gospel According to Paul is written in a style that is easily accessible to lay people, including those who know very little about the Bible, while being of great value to seasoned pastors and experienced ministers.

Houghton Mifflin Harcourt

Exploring the difficulty in determining the true nature, method, scope, and motivation for Old

Testament theology, this book proposes the promise of God as the center of Old Testament theology and applies the solution to each of its eras.

Their Forms, Meaning and Quantity: Embracing All the Tenses Used by the Greek Writers, with References to the Passages in which They are Found Crossway

Most anyone interested in such topics as creation mythology, Jungian theory, or the idea of "secret teachings" in ancient Judaism and Christianity has found "gnosticism" compelling. Yet the term "gnosticism," which often connotes a single rebellious movement against the prevailing religions of late antiquity, gives the false impression of a monolithic religious phenomenon. Here Michael Williams challenges the validity of the widely invoked category of ancient "gnosticism" and the ways it has been described. Presenting such famous writings and movements as the Apocryphon of John and Valentinian Christianity, Williams uncovers the similarities and differences among some major traditions widely categorized as gnostic. He provides an eloquent, systematic argument for a more accurate way to discuss these interpretive approaches. The modern construct "gnosticism" is not justified by any ancient self-definition, and many of the most commonly cited religious features that supposedly define gnosticism phenomenologically turn out to be questionable. Exploring the sample sets of "gnostic" teachings, Williams refutes generalizations concerning asceticism and libertinism, attitudes toward the body and the created world, and alleged features of protest, parasitism, and elitism. He sketches a fresh model for understanding ancient innovations on more "mainstream" Judaism and Christianity, a model that is informed by modern research on dynamics in new religious movements and is freed from the false stereotypes from which the category "gnosticism" has been constructed.

To Know Jesus Christ and to Make Him Known TrustedBooks

In this fascinating book, Gary Renard and his Ascended Master Teachers, Arten and Pursah, teach you how to integrate advanced spiritual principles into your everyday life. Doing so leads beyond theory to an experience of the Divine and the undoing of the ego. Your progress will be accelerated to such a degree that, with continued practice, you can't help but stop the need to reincarnate . . .

once and for all. Like Gary's first book, *The Disappearance of the Universe*, this work elaborates on the teachings of two spiritual classics, *The Gospel of Thomas* and *A Course in Miracles*. By focusing on a unique brand of quantum forgiveness, rather than the old-fashioned kind, and taking the understanding of the importance of thought up to a whole new level, your goal will become nothing less than to break the cycle of birth and death.

The New Testament and Gnosis Thomas Nelson

This wide-ranging handbook presents an overview of our current knowledge on the history of the Bible. Divided into three parts, it shows how the collections of canonical and apocryphal books were formed, explains the transmission and translation of the Biblical texts and describes biblical interpretation in Judaism and Christianity. Incorporating the immense amount of information that has become available since the discovery of the Dead Sea Scrolls, the author sets out to bridge the gaps between widely different areas and trends in the field of Biblical Studies: canonical and apocryphal literature, written and oral traditions, rabbinic and Christian exegesis and modern critical exegesis, and literal and allegorical interpretation, among others. Uniquely, Trebolle Barrera also looks at the "Wirkungsgeschichte" of the Bible in relation to the Greek and Roman world, the Renaissance and the Enlightenment. Scholars, students and interested lay persons alike will benefit from the wealth of general information found here as well as detailed discussion on many topics currently under debate, from the significance of Qumran to the influence of the Semitic and Greek world on Christianity.

An Argument for Dismantling a Dubious Category Scepter Publishers

An enduring academic favorite now updated for the first time in fifteen years, this user-friendly introduction to New Testament Greek keeps discussion of grammar as non-technical as possible. Author David Alan Black provides tools and exercises for bringing the student to the experience of reading from the Greek New Testament after just seventeen lessons. Among the revisions to this third edition are updated discussions and scholarship, further back matter vocabulary references, and additional appendices.
