 The educational system of Colombia is described, and placement recommendations concerning Colombian students who want to study in the United States are presented. After describing

preschool and primary education, secondary school and nonformal/vocational education are described. Attention is directed to current secondary school curricula and the current grading system, as well as curricula and grading prior to 1974. Undergraduate admissions, credits, transfer practices, grading/examinations, and degrees and diplomas are discussed. The following levels of college studies are examined: intermediate professional studies, technological studies, university studies, specialist programs, master's programs, and doctoral programs. Guidelines and placement recommendations are presented as they pertain to Colombian

degrees and diplomas, military and police training, and transfer of credits from Colombian institutions. A list of higher education institutions that offer different levels of programs is appended. The list provides: the name of the institution; addresses and telephone (when available); 1981-1982 enrollment figures; the date of founding; the length of the programs; and the diploma, degree, or title awarded. Also appended are a list of courses for different programs of study and a list of secondary school courses by grade. (SW)

Botulinum Toxin

Introducing the first title in the Procedures in Cosmetic Dermatology Series! This breakthrough reference presents up-to-the-minute, practical guidance on the cosmetic and medical uses of botulinum

toxin A edited by the two foremost pioneers in the field, Alastair and Jean Carruthers. Succinctly written and lavishly illustrated, this resource focuses on the how to's of botox injection and offers step-by-step guidance on proper techniques, pitfalls, and tricks of the trade. An accompanying DVD shows clips of key techniques so readers can implement the newest procedures into their practice immediately. Covers the hottest topics including botox aesthetics, facial treatments, neck treatment, adjunctive treatment, pain relief, and facial asymmetry all in one concise, accessible volume. Provides the "tricks of the trade" of more than 25 practically-minded, technically skilled, hands-on clinicians. Features a wealth of color illustrations and photographs that depict cases as they present in practice. Discusses common pitfalls and emphasizes how to optimize outcomes, enabling readers to improve their technique. Highlights emerging topics in the field, with guidance on the newest developments in cosmetic surgery. Comes with a comprehensive, highly instructional DVD containing video clips of techniques and procedures as well as the experts' hints and tips. Series Editor: Jeffrey S. Dover MD, Adjunct Professor of Medicine, Dartmouth Medical School, Associate Clinical Professor of Dermatology, Yale University School of Medicine. Consultant in Medicine, Massachusetts General Hospital, Consultant Dermatologist, Dana Farber Cancer Institute, New England Baptist Hospital, Associate Chairman, Department of Dermatology, Beth Israel Deaconess Medical Center Boston, MA Guide to Latin American Scientific and Technical Periodicals

Issues for 1977-1979 include also Special List journals being indexed in cooperation with other institutions. Citations from these journals appear in other MEDLARS bibliographies and in MEDLING, but not in Index Medicus.
