DUNN LEONIDAS

Home of the Brave

Vintage

This collection brings together some of Aldous Huxley's most famous works, all of which center around his ideas about the future of the human race. Huxley's most famous work, *Brave New World* takes the principles of

consumerism and mass production to the extreme in the high-tech dystopian future which he imagined was in store for humanity. *In Island*, written as a counterpart to *Brave New World*, Huxley offers an oppositional view: the idea of a utopian society where personal desire and social norms exist in perfect harmony. Lastly, this volume contains Huxley's essay *Brave New World*

Revisited , which re-evaluates humanity's decline towards the dystopian future Huxley imagined in *Brave New World* nearly thirty years before.

Brave New World

HarperCollins
A ten-year-old orphan comes to live in a lonely house on the Yorkshire moors and discovers an invalid cousin and the mysteries of a locked garden.

The Pilgrim's

Progress Little, Brown Books for Young Readers

The Hunchback of Notre-Dame is a French Gothic novel by Victor Hugo published in January 14, 1831.

The title refers to the Notre Dame Cathedral in Paris, on which the story is centered. Set in medieval Paris, it tells the story of the beautiful gypsy Esmeralda, condemned as a witch by the tormented archdeacon Claude Frollo, who lusts after her.

Quasimodo, the deformed bell ringer of Notre-Dame Cathedral, having fallen in love with the kindhearted Esmeralda, tries to save her by hiding her in the cathedral's tower.

A Farewell to Arms
Harper Collins

New York Times Bestseller Washington Post Bestseller Los Angeles Times Bestseller Stress Test is the story of Tim Geithner's education in financial crises. As president of the Federal Reserve Bank of New York and then as President Barack Obama's secretary of the Treasury, Timothy F. Geithner helped the United States navigate the worst financial crisis since the Great Depression, from boom to bust to rescue to recovery. In a candid, riveting, and historically illuminating memoir, he takes readers behind the scenes of the crisis, explaining the hard choices and politically unpalatable decisions he made to repair a broken financial system and prevent

the collapse of the Main Street economy. This is the inside story of how a small group of policy makers—in a thick fog of uncertainty, with unimaginably high stakes—helped avoid a second depression but lost the American people doing it. Stress Test is also a valuable guide to how governments can better manage financial crises, because this one won't be the last. Stress Test reveals a side of Secretary Geithner the public has never seen, starting with his childhood as an American abroad. He recounts his early days as a young Treasury official helping to fight the international financial crises of the 1990s, then describes what he saw, what he

did, and what he missed at the New York Fed before the Wall Street boom went bust. He takes readers inside the room as the crisis began, intensified, and burned out of control, discussing the most controversial episodes of his tenures at the New York Fed and the Treasury, including the rescue of Bear Stearns; the harrowing weekend when Lehman Brothers failed; the searing crucible of the AIG rescue as well as the furor over the firm's lavish bonuses; the battles inside the Obama administration over his widely criticized but ultimately successful plan to end the crisis; and the bracing fight for the most sweeping financial reforms in more than seventy years. Secretary

Geithner also describes the aftershocks of the crisis, including the administration's efforts to address high unemployment, a series of brutal political battles over deficits and debt, and the drama over Europe's repeated flirtations with the economic abyss. Secretary Geithner is not a politician, but he has things to say about politics—the silliness, the nastiness, the toll it took on his family. But in the end, *Stress Test* is a hopeful story about public service. In this revealing memoir, Tim Geithner explains how America withstood the ultimate stress test of its political and financial systems. *The Hunchback of Notre Dame Annotated* Harper Collins
Brave New World is a

dystopian social science fiction novel by English author Aldous Huxley, written in 1931 and published in 1932. Largely set in a futuristic World State, whose citizens are environmentally engineered into an intelligence-based social hierarchy, the novel anticipates huge scientific advancements in reproductive technology, sleep-learning, psychological manipulation and classical conditioning that are combined to make a dystopian society which is challenged by only a single individual: the story's protagonist. Huxley followed this book with a reassessment in essay form, *Brave New World Revisited* (1958), and with his final novel,

Island (1962), the utopian counterpart. The novel is often compared to George Orwell's *Nineteen Eighty-Four* (published 1949). In 1999, the Modern Library ranked *Brave New World* at number 5 on its list of the 100 best English-language novels of the 20th century. In 2003, Robert McCrum, writing for *The Observer*, included *Brave New World* chronologically at number 53 in "the top 100 greatest novels of all time", and the novel was listed at number 87 on *The Big Read* survey by the BBC. This edition pairs *Brave New World* with *Brave New World Revisited*, Huxley's book about the original novel. *Brave New World and Brave New World Revisited* Nayden

Kostov

While shipwrecked on the island of Pala, Will Farnaby, a disenchanted journalist, discovers a utopian society that has flourished for the past 120 years. Although he at first disregards the possibility of an ideal society, as Farnaby spends time with the people of Pala his ideas about humanity change.

Hyweb Technology Co. Ltd.

Considered by many the greatest war novel of all time, *All Quiet on the Western Front* is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under

the first bombardment in the trenches.

Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that

meaninglessly pits young men of the same generation but different uniforms against one another . . .

. . . if only he can come out of the war alive.

“The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure.”—The New York Times Book Review

The original uncut edition of STRANGER IN A STRANGE LAND by Hugo Award winner Robert A Heinlein - one of the most beloved, celebrated science-fiction novels of all time. Epic, ambitious and entertaining, STRANGER IN A STRANGE LAND caused controversy and uproar when it was first published and is still topical and challenging today. Twenty-five years ago, the first manned mission to Mars was lost, and all

hands presumed dead. But someone survived... Born on the doomed spaceship and raised by the Martians who saved his life, Valentine Michael Smith has never seen a human being until the day a second expedition to Mars discovers him. Upon his return to Earth, a young nurse named Jill Boardman sneaks into Smith's hospital room and shares a glass of water with him, a simple act for her but a sacred ritual on Mars. Now, connected by an incredible bond, Smith, Jill and a writer named Jubal must fight to protect a right we all take for granted: the right to love.

7 Bravery-Boosting Paths to Career Bliss

Simon and Schuster
From the salons of Oscar Wilde's decadent

London to the modern bohemian radicalism of Bloomsbury, Aldous Huxley's *Eyeless in Gaza* offers us a portrait of early twentieth century England through the lens of Anthony Beavis, a rakish upper-class Englishman whose story loosely parallels that of the author's own life.

I had to accept that I wasn't just Arthur Leywin anymore, and that I could no longer be limited by the circumstances of my birth. If I was going to escape, if I was going to go toe-to-toe with the most powerful beings in this world, I needed to push myself to my utmost limit...and then I needed to push even further. After nearly dying as a victim of his own strength, Arthur Leywin wakes to find himself far from the continent where he was born for the second time. Alone, broken, and with no way to tell his family he's alive, Arthur must rebuild his strength to survive. As he ascends through an ancient dungeon filled with hostile beasts and

devious trials, he discovers an ancient, absolute power - a power that will either ruin him or take him to new heights. But the dungeon won't give up its knowledge easily. Before he can plunder its depths, Arthur must learn to untangle the threads of fate. He must band together with the unlikeliest of allies if he hopes to escape with his life.

The Personal History of David Copperfield

Harper Collins

The first book in Chris Colfer's #1 New York Times bestselling series The Land of Stories about two siblings who fall into a fairy-tale world! Alex and Conner Bailey's world is about to change forever, in this fast-paced adventure that uniquely combines our modern day world

with the enchanting realm of classic fairy tales. The Land of Stories tells the tale of twins Alex and Conner. Through the mysterious powers of a cherished book of stories, they leave their world behind and find themselves in a foreign land full of wonder and magic where they come face-to-face with fairy tale characters they grew up reading about. But after a series of encounters with witches, wolves, goblins, and trolls alike, getting back home is going to be harder than they thought.

Brave New World
Dalkey Archive Press
Kek comes from Africa. In America he sees snow for the first time, and feels its sting. He's never walked on ice,

and he falls. He wonders if the people in this new place will be like the winter - cold and unkind. In Africa, Kek lived with his mother, father, and brother. But only he and his mother have survived, and now she's missing. Kek is on his own. Slowly, he makes friends: a girl who is in foster care; an old woman who owns a rundown farm, and a cow whose name means "family" in Kek's native language. As Kek awaits word of his mother's fate, he weathers the tough Minnesota winter by finding warmth in his new friendships, strength in his memories, and belief in his new country. Bestselling author Katherine Applegate presents a beautifully wrought novel about

an immigrant's journey from hardship to hope. Home of the Brave is a 2008 Bank Street - Best Children's Book of the Year.

The Read-Aloud

Family Saddleback Educational Publ
When the novel Brave New World first appeared in 1932, its shocking analysis of a scientific dictatorship seemed a projection into the remote future. Here, in one of the most important and fascinating books of his career, Aldous Huxley

uses his tremendous knowledge of human relations to compare the modern-day world with his prophetic fantasy. He scrutinizes threats to humanity, such as overpopulation, propoganda, and chemical persuasion, and explains why we have found it virtually impossible to avoid them. Brave New World Revisited is a trenchant plea that humankind should educate itself for freedom before it is too late.
