A feckless boy is lured by
a wicked magician into a
trap but the scheme
backfires — the boy,
Aladdin, is left with a
magical lamp and a genie
who showers him with

riches. Aladdin's wealth
makes him an attractive
suitor for the sultan's
daughter, but when the
evil sorcerer returns to
kidnap the bride, the
young hero must rescue
his princess or die trying.
This classic retelling of
the ever-popular Middle
Eastern folktale has
entranced readers for
over a century. Originally
published in 1914 as part
of Sindbad the Sailor and
Other Stories from The

Arabian Nights, this
beautiful version by
Laurence Housman
features eight full-color
images by Edmund Dulac,
one of the era's most
famous illustrators.

The Television Studies
Reader brings together
key writings in the
expanding field of
television studies,
providing an overview of
the discipline and

addressing issues of industry, genre, audiences, production and ownership, and representation. The Reader charts the ways in which television and television studies are being redefined by new and 'alternative' ways of producing, broadcasting and watching TV, such as cable, satellite and digital broadcasting, home video, internet broadcasting, and interactive TV, as well as exploring the recent boom in genres such as reality TV and docusoaps. It brings together articles

from leading international scholars to provide perspectives on television programmes and practices from around the world, acknowledging both television's status as a global medium and the many and varied local contexts of its production and reception. Articles are grouped in seven themed sections, each with an introduction by the editors: Institutions of Television Spaces of Television Modes of Television Making Television Social Representation on

The Infamous Rosalie
Princeton University Press
Lisette, a Saint-Domingue-born Creole slave and daughter of an African-born bossale, has inherited not only the condition of slavery but the traumatic memory of the Middle Passage as well. The stories told to her by her grandmother and godmother, including the horrific voyage aboard the infamous slave ship *Rosalie*, have become part of her own story, the

one she tells in this haunting novel by the acclaimed Haitian writer Évelyne Trouillot. Inspired by the colonial tale of an African midwife who kept a cord of some seventy knots, each one marking a child she had killed at birth, the novel transports us back to Saint-Domingue, before it became Haiti. The year is 1750, and a rash of poisonings is sowing fear among the plantation masters, already unsettled by the unrest caused by Makandal, the legendary Maroon leader.

Through this tumultuous time, Lisette struggles to maintain her dignity and to imagine a future for her unborn child. In telling Lisette's story, Trouillot gives the revolution that will soon rock the island a human face and at long last sheds light on the invisible women and men of Haitian history. The original French edition of *Rosalie l'infâme* received the Prix Soroptimist de la romancière francophone, honoring a novel written by a woman from a French-speaking country which showcases the

cultural and literary diversity of the French-speaking world.

Hellenica Oxyrhynchia

Open Road +
Grove/Atlantic

This book recounts the events involving Raquel Liberman, an impoverished immigrant to Argentina that was forced by circumstances into prostitution, and the powerful Zwi Migdal, which controlled the recruitment and deployment of Jewish prostitutes in Argentina while maintaining mutually profitable

relations with corrupt politicians and policemen. Liberman's story is presented as an example of individual courage and determination in the face of the violence and corruption of the prostitution business. Her struggle with the Zwi Migdal and triumphant public victory over her oppressors was widely publicized in newspapers and magazines, and was a political cause celebre in its time. This book gives readers an intimate view of how the affair caught the public imagination,

and was interpreted and transformed by the artistic imagination. **Growing Stronger** Melville House Open wide! Dentists care for people's teeth. Give readers the inside scoop on what it's like to be a dentist. Readers will learn what dentists do, the tools they use, and how people get this exciting job. Communication Policies in Colombia Chronicle Books A passionate tale of love, freedom, and conquest from the New York Times bestselling author of The House of the Spirits,

Isabel Allende. Born into a poor family in Spain, Inés Suárez, finds herself condemned to a life of poverty without opportunity as a lowly seamstress. But it's the sixteenth century, the beginning of the Spanish conquest of the Americas. Struck by the same restless hope and opportunism, Inés uses her shiftless husband's disappearance to Peru as an excuse to embark on her own adventure. After learning of her husband's death in battle, she meets the fiery war hero, Pedro

de Valdivia and begins a love that not only changes her life but the course of history. Based on the real historical events that founded Chile, Allende takes us on a whirlwind adventure of love and loss seen through the eyes of a daring, complicated woman who fought for freedom.

Repase y escriba, 7th Edition combines solid grammar coverage with contemporary readings from a variety of sources, including literature, magazines, and newspapers. Readings are preceded by a short passage introducing the author and the context, and are followed by vocabulary, comprehension questions, and conversation prompts. The Sección léxica teaches students proverbs, idioms, and word families. There are

also topics for creative compositions with updated guidelines. With updated literary and cultural readings, Repase y Escriba includes an “oral exchange,” to make the text more useful when stressing conversation.

Aladdin and the Wonderful Lamp

Metropolitan Museum of Art

“[Ada Lovelace], like Steve Jobs, stands at the intersection of arts and technology.”—Walter Isaacson, author of *The Innovators* Over 150 years after her death, a widely-

used scientific computer program was named “Ada,” after Ada Lovelace, the only legitimate daughter of the eighteenth century’s version of a rock star, Lord Byron. Why? Because, after computer pioneers such as Alan Turing began to rediscover her, it slowly became apparent that she had been a key but overlooked figure in the invention of the computer. In Ada Lovelace, James Essinger makes the case that the computer age could have started two

centuries ago if Lovelace’s contemporaries had recognized her research and fully grasped its implications. It’s a remarkable tale, starting with the outrageous behavior of her father, which made Ada instantly famous upon birth. Ada would go on to overcome numerous obstacles to obtain a level of education typically forbidden to women of her day. She would eventually join forces with Charles Babbage, generally credited with inventing the computer, although as

Essinger makes clear, Babbage couldn’t have done it without Lovelace. Indeed, Lovelace wrote what is today considered the world’s first computer program—despite opposition that the principles of science were “beyond the strength of a woman’s physical power of application.” Based on ten years of research and filled with fascinating characters and observations of the period, not to mention numerous illustrations, Essinger tells Ada’s fascinating story in

unprecedented detail to absorbing and inspiring effect.

Mujeres sobre mujeres en los albores del siglo XXI

Working in Gender & Developmen

This book explores the impact of economic crises and free-market reforms on party systems and political representation in contemporary Latin America. It explains why some patterns of market reform align and stabilize party systems, whereas other patterns of reform leave party systems vulnerable to widespread

social protest and electoral instability. In contrast to other works on the topic, this book accounts for both the institutionalization and the breakdown of party systems, and it explains why Latin America turned to the Left politically in the aftermath of the market-reform process. Ultimately, it explains why this "left turn" was more radical in some countries than others and why it had such varied effects on national party systems. Picasso and Truth U of Nebraska Press

Latina superstar Thalia is back with Radiante!, a gorgeous guide for women seeking a fit and fabulous pregnancy. Having just enjoyed the same herself, Thalia is the perfect woman to advise and inspire, sharing nutrition advice, fitness tips, fashion dos and don'ts, and so much more. She's broken the book down into trimesters (including the little acknowledged but very real "fourth" trimester). Each section addresses a woman's state of mind, body, and spirit. Thalia

and her personal ob-gyn, Dr. Kramer, advise first time moms on the importance of prenatal care, what tests will be offered when, and how best to cope with any attendant anxieties. With its sound advice and Thalia's bright personality stamped on every page, *Radiante!* is a go-to resource for moms-to-be.

Death and the right hand Andrews McMeel Publishing

"Original and illuminating."—The New York Times Book Review
In her most ambitious

work since *In the Time of Butterflies*, Julia Alvarez tells the story of a woman whose poetry inspired one Caribbean revolution and of her daughter whose dedication to teaching strengthened another. Camila Henriquez Urena is about to retire from her longtime job teaching Spanish at Vassar College. Only now as she sorts through family papers does she begin to know the woman behind the legend of her mother, the revered Salome Urena, who died when Camila was three. In stark

contrast to Salome, who became the Dominican Republic's national poet at the age of seventeen, Camila has spent most of her life trying not to offend anybody. Her mother dedicated her life to educating young women to give them voice in their turbulent new nation; Camila has spent her life quietly and anonymously teaching the Spanish pluperfect to upper-class American girls with no notion of revolution, no knowledge of Salome Urena. Now, in 1960, Camila must choose

a final destination for herself. Where will she spend the rest of her days? News of the revolution in Cuba mirrors her own internal upheaval. In the process of deciding her future, Camila uncovers the truth of her mother's tragic personal life and, finally, finds a place for her own passion and commitment. Julia Alvarez has won a large and devoted audience by brilliantly illuminating the history of modern Caribbean America through the personal stories of its

people. As a Latina, as a poet and novelist, and as a university professor, Julia Alvarez brings her own experience to this exquisite story. Julia Alvarez's new novel, *Afterlife*, is available now. [In the Name of Salome](#)
Penguin
The Hellenica
Oxyrhynchia, substantial fragments of history by an anonymous 4th century writer, cover the years 410 BC and 396 BC a period which is at the heart of most students' study of Greek history. *Design and Democracy*

HarperCollins
This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite

clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background

notes by the modern English historian Paul Harris.

Martin Scorsese

Routledge
From satyrs and sea creatures to griffins and dragons, monsters lay at the heart of the medieval world. Believed to dwell in exotic, remote areas, these inexplicable parts of God's creation aroused fear, curiosity, and wonder in equal measure. Powerfully captured in the illustrations of manuscripts, such as bestiaries, travel books, and devotional works,

they continue to delight audiences today with their vitality and humor.

Medieval Monsters shows how strange creatures sparked artists' imaginations to remarkable heights. Half-human hybrids of land and sea mingle with bewitching demons, blemmyae, cyclops, and multi-headed beasts of nightmare and comic grotesques. Over 100 wondrous and terrifying images offer a fascinating insight into the medieval mind.

 explores the world's most popular form of television drama; the soap opera. From Denver to Delhi, Moscow to Manchester, audiences eagerly await the next episode of *As the World Turns*, *The Rich Also Weep* or *Eastenders*. But the popularity of soap operas in Britain and the US pales in comparison to the role that they play in media cultures in other parts of the world. *To Be Continued...* investigates both the cultural specificity of television

soap operas and their reception in other cultures, covering soap production and soap watching in the U.S., Asia, Europe, Australia and Latin America. The contributors consider the nature of soap as a media text, the history of the serial narrative as a form, and the role of the soap opera in the development of feminist media criticism. *To Be Continued...* presents the first scholarly examination of soap opera as global media phenomenon.  A groundbreaking reassessment of Picasso by one of today's preeminent art historians Picasso and Truth offers a breathtaking and original new look at the most significant artist of the modern era. From Pablo Picasso's early *The Blue Room* to the later *Guernica*, eminent art historian T. J. Clark offers a striking reassessment of the artist's paintings from the 1920s and 1930s. Why was the space of a room so basic to Picasso's worldview? And what

happened to his art when he began to feel that room-space become too confined—too little exposed to the catastrophes of the twentieth century? Clark explores the role of space and the interior, and the battle between intimacy and monstrosity, in Picasso's art. Based on the A. W. Mellon Lectures in the Fine Arts delivered at the National Gallery of Art, this volume remedies the biographical and idolatrous tendencies of most studies on Picasso, reasserting the structure

and substance of the artist's work. With compelling insight, Clark focuses on three central works—the large-scale *Guitar and Mandolin on a Table* (1924), *The Three Dancers* (1925), and *The Painter and His Model* (1927)—and explores Picasso's answer to Nietzsche's belief that the age-old commitment to truth was imploding in modern European culture. Masterful in its historical contextualization, Picasso and Truth rescues Picasso from the celebrity culture that trivializes his

accomplishments and returns us to the tragic vision of his art—humane and appalling, naïve and difficult, in mourning for a lost nineteenth century, yet utterly exposed to the hell of Europe between the wars. Published in association with the Center for Advanced Study in the Visual Arts, National Gallery of Art, Washington, DC Please note: All images in this ebook are presented in black and white and have been reduced in size.
