Vortex Visions Little,
Brown
#1 NEW YORK TIMES
BESTSELLER • Millions of
people have fallen in love
with Auggie Pullman, an
ordinary boy with an
extraordinary face—who
shows us that kindness
brings us together no
matter how far apart we

are. Read the book that
inspired the Choose Kind
movement, a major
motion picture, and the
critically acclaimed
graphic novel *White Bird*.
And don't miss R.J.
Palacio's highly
anticipated new novel,
Pony, available now! I
won't describe what I look
like. Whatever you're
thinking, it's probably
worse. August Pullman
was born with a facial
difference that, up until

now, has prevented him
from going to a
mainstream school.
Starting 5th grade at
Beecher Prep, he wants
nothing more than to be
treated as an ordinary
kid—but his new
classmates can't get past
Auggie's extraordinary
face. Beginning from
Auggie's point of view and
expanding to include his
classmates, his sister, her
boyfriend, and others, the
perspectives converge to

form a portrait of one community's struggle with empathy, compassion, and acceptance. In a world where bullying among young people is an epidemic, this is a refreshing new narrative full of heart and hope. R.J. Palacio has called her debut novel "a meditation on kindness" —indeed, every reader will come away with a greater appreciation for the simple courage of friendship. Auggie is a hero to root for, a diamond in the rough who proves that you can't

blend in when you were born to stand out.

Ho for the good green wood! Ho for brave Robin Hood! The adventures that flowed from the pen of Alexandre Dumas are well loved. Less known today are his tales of Robin Hood. It is our pleasure to provide these two old works to a new public: readers of the 21st Century. English versions of "The Prince of Thieves" and "Robin Hood the Outlaw" have virtually disappeared from

bookshelves; they are now edited, corrected, and made accessible to the world in print and e-formats, by the Reginetta Press. This volume continues the story begun in "The Prince of Thieves." Read more of Robin and Marian's romance, and learn of Robin's unlucky betrayal by a woman; of Robin's valiant leadership of the Merrie Men including Little John, Will Scarlett, and Friar Tuck; their battles against the Sheriff of Nottingham – and the craven Prince John. Outwitting crafty

ecclesiastics along the way, Robin at last bows to King Richard Coeur-de-Lion. Retold in Alfred Allinson's lush translation from the original French, the hero's adventure winds to a stirring conclusion.

Reminiscent of Scheherazade and One Thousand and One Nights, Gianni Rodari's Telephone Tales is many stories within a story. Every night, a traveling father must finish a bedtime story in the time that a single coin will buy. One night, it's a carousel that adults cannot comprehend, but whose operator must be some sort of magician, the next, it's a land filled with butter men who melt in the sunshine Awarded the Hans Christian Anderson Award in 1970, Gianni

Rodari is widely considered to be Italy's most important children's author of the 20th century. Newly re-illustrated by Italian artist Valerio Vidali (The Forest), Telephone Tales entertains, while questioning and imagining other worlds.

The Ingredients of Love

Chronicle Books

Zeno's Conscience (La Coscienza di Zeno), by Italo Svevo, is a masterpiece of Italian literature of the 20th century. The book is narrated by Zeno Cosini, a

middle-aged man who decides to write his memories in an attempt to understand himself and his life. Through his reflections, the author explores themes such as identity, psychoanalysis, death, illness, and love. The narrative is filled with humor and irony, but it is also deeply philosophical and introspective. Zeno is a complex and contradictory character whose actions are often motivated by selfish and thoughtless impulses. The author accurately describes the human

mind, with its contradictions and weaknesses. Svevo is a master in creating memorable characters, such as the sisters Ada, whom he is in love with, and Augusta, and Guido, his rival in the conquest of Ada. Svevo's language is clear, innovative, and ironic. Zeno's Conscience is a work that challenges the reader to reflect on life and human nature, and continues to be one of the most important and influential works of Italian literature.

In a farmyard, in the middle of a forest, was a coffin, inside which lay an elderly scholar. In his hands was a book and between its pages were dried leaves and flowers full of stories. Hans

Christian Andersen (1805-1875) was a Danish author, poet and artist.

Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little

Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is

loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

—Jennifer Niven, author of *All the Bright Places* A space-obsessed boy and his dog, Carl Sagan, take a journey toward family, love, hope, and awe in this funny and moving novel for fans of *Counting*

by 7s, *Walk Two Moons*, and *The Curious Incident of the Dog in the Night-Time*. 11-year-old Alex Petroski loves space and rockets, his mom, his brother, and his dog Carl Sagan—named for his hero, the real-life astronomer. All he wants is to launch his golden iPod into space the way Carl Sagan (the man, not the dog) launched his Golden Record on the Voyager spacecraft in 1977. From Colorado to New Mexico, Las Vegas to L.A., Alex records a journey on his iPod to

show other lifeforms what life on earth, his earth, is like. But his destination keeps changing. And the funny, lost, remarkable people he meets along the way can only partially prepare him for the secrets he'll uncover—from the truth about his long-dead dad to the fact that, for a kid with a troubled mom and a mostly not-around brother, he has way more family than he ever knew. Jack Cheng's debut is full of joy, optimism, determination, and unbelievable heart. To

read the first page is to fall in love with Alex and his view of our big, beautiful, complicated world. To read the last is to know he and his story will stay with you a long, long time. Race is real because we perceive it. Racism is real because we enact it. But the appeal to science to strengthen racist ideologies is on the rise - and increasingly part of the public discourse on

politics, migration, education, sport and intelligence. Stereotypes and myths about race are expressed not just by overt racists, but also by well-intentioned people whose experience and cultural baggage steer them towards views that are not supported by the modern study of human genetics. Even some scientists are uncomfortable expressing opinions deriving from their research where it relates to race. Yet, if understood correctly, science and history can

be powerful allies against racism, granting the clearest view of how people actually are, rather than how we judge them to be. HOW TO ARGUE WITH A RACIST is a vital manifesto for a twenty-first century understanding of human evolution and variation, and a timely weapon against the misuse of science to justify bigotry. The Desert Chief Simon and Schuster When an advert appears in the newspaper for children to take part in a secret mission, children

everywhere sit a series of odd tests. In the end, just Reynie, Kate, Sticky and Constance succeed. They have three things in common: they are honest, talented and orphans. They must go undercover and work as a team to save themselves, but also the world.

Cosima Random House Benjamin Malaussene is a scapegoat. He works for the complaints department of large Parisian department store. One day, when a bomb explodes in the toy department, he decides to

Set in Reformation Europe, Q begins with Luther's nailing of his 95 theses on the door of the cathedral church in Wittenberg. Q traces the adventures and conflicts of two central characters:

an Anabaptist, a member of the most radical of the Protestant sects and the anarchists of the Reformation, and a Catholic spy and informer, on their thrilling journey across Germany, Italy and the Netherlands. The four young writers who shelter behind the pseudonym Luther Blissett have created a world of intrigue, violence and intense political and religious passion. Far from the traditional example of historical fiction, Q is the stuff of which cults are made.

 Avete mai ceduto alle pressanti richieste di vostro figlio, che vuole giocattoli costosi o proprio quella marca di cereali per la colazione? Avete comprato un libro solo perché compariva nella classifica dei bestseller? Vi siete mai soffermati ad ammirare il nuovo idolo delle ragazzine? Avete mai dormito abbracciati all'iPhone sotto le

coperte? Avete cliccato Mi piace su una pagina di Facebook, sottoscritto una carta fedeltà o infilato in borsa una bottiglietta di disinfettante per le mani? Se la risposta è sì... allora i brand vi hanno lavato il cervello. Il visionario del marketing Martin Lindstrom lo sa bene, perché da più di vent'anni combatte in prima linea nelle guerre del branding. E ora ha deciso di puntare i riflettori sui suoi colleghi per rivelare tutti i trucchi e le trappole psicologiche con cui il marketing e i pubblicitari nascondono la

verità, ci manipolano la mente e ci persuadono nel fare acquisti. Attingendo alle sue esperienze in alcune delle aziende più grandi e ricche del mondo, e sulla base di ricerche innovative che ha condotto appositamente per questo libro, Lindstrom svela alcuni segreti del marketing: - nuove scoperte che evidenziano come la pubblicità si rivolga intenzionalmente a bambini sempre più piccoli o come certe aziende alterano le

formule dei loro prodotti per far sì che generino dipendenza fisica - i risultati di uno studio, condotto con la risonanza magnetica, che ha svelato a cosa pensiamo davvero quando vediamo un certo messaggio pubblicitario - come il marketing e i commercianti sfruttano il panico, alimentando nell'opinione pubblica la paura di epidemie globali, disastri naturali e contaminazione degli alimenti - le ricerche delle neuroscienze che dimostrano quanto siamo dipendenti dai nostri

iPhone e Blackberry (e la scioccante verità che affrancarci dall'assuefazione ai telefoni cellulari può essere più difficile che liberarci dalla droga o dall'alcol) - come le aziende raccolgono di nascosto le tracce che lasciamo nel mondo digitale, per setacciare i

dettagli più intimi della nostra vita privata e poi usano quelle informazioni per mostrarci offerte tarate al millimetro sui nostri profili psicologici. Prendendo le mosse dalle conclusioni del classico bestseller I persuasori occulti di Vance Packard, scritto oltre cinquant'anni fa, questa inchiesta incendiaria ci presenta i

persuasori occulti del ventesimo secolo e ci spiega perché sono più insidiosi e diffusi che mai. Lettura irrinunciabile per il consumatore informato di oggi, Le bugie del marketing ci insegna a difenderci dai giganti globali che cospirano per strapparci i nostri sudati guadagni.
