## KENDRICK CLARA

---

### Richard Schmid's Materials, Tools and Techniques Boom! Studios

The Landscape Painter's Workbook takes a modern approach to the time-honored techniques and essential elements of landscape painting, from accomplished artist, veteran art instructor, and established author Mitchell Albala.

### **Sharaz-De: Tales from the Arabian Nights** Courier Corporation

Collects Sharaz-de #1-6: A set of tales inspired by the Arabian Nights by European comics master Sergio Toppi, exploring a barbaric society where the supernatural is the only remedy to injustice, as Sharaz-de, captive to a cruel and despotic king, must each night spin tales to entertain her master and save her head from the executioner. Tales filled with evil spirits, treasures, risk, and danger, but with ever at their center the passions of gods and men. Translated from the original French publication.

### *A Guide for the Realist Painter* Watson-Guptill

Art Instruction on classical painting techniques and painting from life. New expanded edition of best seller by Richard Schmid.

### Landscape Painting Inside and Out Watson-Guptill

The whys and hows of the various aspects of landscape painting: angles and consequent values, perspective, painting of trees, more. 34 black-and-white reproductions of paintings by Carlson. 58 explanatory diagrams.

### Techniques for Rendering Sky, Terrain, Trees, and Water Watson-Guptill

The art of portraiture approached its apex during the sixteenth century in Europe with the discovery of oil painting when the old masters developed and refined techniques that remain

unsurpassed to this day. The ascendance of nonrepresentational art in the middle of the twentieth century displaced these venerable skills, especially in academic art circles. Fortunately for aspiring artists today who wish to learn the methods that allowed the Old Masters to achieve the luminous color and subtle tonalities so characteristic of their work, this knowledge has been preserved in hundreds of small traditional painting ateliers that persevered in the old ways in this country and throughout the world. Coming out of this dedicated movement, Portrait Painting Atelier is an essential resource for an art community still recovering from a time when solid instruction in art technique was unavailable in our schools. Of particular value here is a demonstration of the Old Masters' technique of layering paint over a toned-ground surface, a process that builds from the transparent dark areas to the more densely painted lights. This method unifies the entire painting, creating a beautiful glow that illuminates skin tones and softly blends all the color tones. Readers will also find valuable instruction in paint mediums from classic oil-based to alkyd-based, the interactive principles of composition and photograph-based composition, and the anatomy of the human face and the key relationships among its features. Richly illustrated with the work of preeminent masters such as Millet, Géricault, and van Gogh, as well as some of today's leading portrait artists—and featuring seven detailed step-by-step portrait demonstrations—Portrait Painting Atelier is the first book in many years to so comprehensively cover the concepts and techniques of traditional portraiture. *Essential Studies in Shape, Composition, and Color* Watson-Guptill

Written by a well-known artist and best-selling art-instruction author with almost rock-star popularity in the contemporary world of representational art, *Beginning Drawing Atelier*, with its unique workbook/sketchbook approach, and high-quality paper, offers a comprehensive and contemporary twist on traditional Atelier art instruction practices. Atelier education is centered on the belief that working in a studio, not sitting in the lecture hall, is the best place to learn about art. Every artist needs to learn basic drawing skills. In this elegant and inspiring workbook, master contemporary artist and best selling author Juliette Aristides breaks down the drawing process into small, manageable lessons; presents them progressively; introduces time-tested principles and techniques in the Atelier tradition that are easily accessible; and shares the language and context necessary to understand the artistic process and create superior, well-crafted drawings. What makes this approach unique is the fact that it includes blank pages for copying and practicing within each lesson, facilitating traditional Atelier methods. Ateliers have produced the greatest artists of all time--and now that educational model is experiencing a renaissance. These studios, in a return to classical art training, are based on the nineteenth-century model of teaching artists by pairing them with a master artist over a period of years. Students begin by copying masterworks, then gradually progress to painting as their skills develop. *Beginning Drawing Atelier* is like having an atelier in a book--and the master is Juliette Aristides, a classically trained artist. On every page, Aristides uses the works of Old Masters and today's most respected realist artists to demonstrate and teach the

principles of realist drawing and painting, taking students step by step through the learning curve yet allowing them to work at their own pace. Unique and inspiring, the approach in this new book offers serious art courses for serious art students.

*Color and Light* Andrews McMeel Publishing

*Alla Prima II Companion* is a comprehensive guide outlining Richard Schmid's material, tool and techniques written from the perspective of his student Katie Swatland. The book offers full explanations of all painting preparations, with step-by-step images illustrating each process. Both Katie Swatland and Richard Schmid offer painting demonstrations with sequential images showing the developmental stages of Richard's paintings.

*Color Choices* Kendall Hunt Publishing Company

This comprehensive guide explores one of the great traditions of Western painting: alla prima, or direct, painting. Bold brushwork and a painterly surface are the hallmarks of this renowned technique, and one of the great masters of alla prima was Arthur DeCosta, the legendary Pennsylvania Academy of Fine Arts teacher. In *Alla Prima*, author Al Gury reveals the step-by-step lessons he learned in his years of study with DeCosta. From start to finish, with clear explanations of color mixing, palettes, drawing and layering, structure, brushwork, and more, Gury guides readers through the full alla prima process. Portraiture, still life, figure, and landscapes are explored, all illustrated with the work of the greats, from Rubens, Rembrandt, and Velazquez, through Degas, Manet, and Cezanne, to Sargent and Whistler. Today alla prima is the ideal choice for artists who want to

return to skill-based training yet retain a contemporary style—and *Alla Prima* is the perfect guide to the technique.

**Richard Schmid Paints Landscapes**

North Light Books

These pages practically glow with Kevin Macpherson's rich and powerful paintings! He shares his techniques for quickly capturing the mood of a scene in bold, direct brushstrokes, with step-by-step instructions that make it easy—simply a matter of painting the colors you see. Follow his lead and you too, can create landscapes and still lifes in a vibrant, impressionistic style.

*Perspective Made Easy* Watson-Guptill 7th Edition, 8th printing of the original 1941 publication, many added color plates and addenda by Evelyn Payne Hatcher, the artist/author's daughter. A must for art collectors, artists, teachers and art dealers.

**Practical Sermons** Titan Books (US, CA)

Shares tips and techniques on creating a realistic picture of aliens and creatures, places, and machines.

**Old Master Techniques and Contemporary Applications** The

Monacelli Press, LLC

THE LANDSCAPES, ENHANCED EDITION by American Artist Richard Schmid. This large format book of Richard Schmid's sixty-five years as a landscape painter, with over 300 color images, has been color enhanced using the latest state of the art printing technology, and further enriched with added text and many new original drawings in the margins. This is the visual tale of an artist and his life-long romance with the colors and light of our earth. With delightfully candid narrative and over 300 full color images,

Richard reveals what it is like to go out and capture life as it is happening. The reader will discover how landscape painting is unlike any other form of art; and that artistic skill is only one of the many abilities demanded.

Alla Prima II International Artist Pub Incorporated

The illustrator Andrew Loomis (1892-1959) is revered amongst artists - including the great American painter Norman Rockwell and comics superstar Alex Ross - for his mastery of figure drawing and clean, Realist style. His hugely influential series of art instruction books have never been bettered.

*Drawing the Head and Hands* is the second in Titan's programme of facsimile editions, returning these classic titles to print for the first time in decades.

*Painting Portraits and Figures in Watercolor* Watson-Guptill

The #1 bestselling author Iris Johansen delivers the first in a trilogy that will begin to answer questions that have haunted her legion of fans for over a decade, in her next novel of breathtaking suspense *Eve Duncan's* mission in life is to bring closure to the families who have experienced the agony of a missing child. As a forensic sculptor, she is able to piece together bones, create a face, and bring an identity to a child who would have otherwise gone unidentified...maybe forever. *Eve* is brilliant, and driven, and tormented--because her own daughter, *Bonnie*, was taken from her years ago. And *Eve* has never discovered what happened to her. But now a name from the past resurfaces, thanks to CIA agent *Catherine Ling* who knows all too well what it's like to lose a child. After teaming up with *Agent Ling* to find her missing son, *Eve* and *Catherine* share a bond forged by their mutual pain. Now,

Catherine challenges Eve with a name: John Gallo. A man from Eve's past. A man, seemingly raised from the dead, whose whereabouts are unknown. Could Gallo be the missing piece to the puzzle that has haunted Eve for years? Why was he in Atlanta just before Bonnie's disappearance? With a brilliant narrative that goes back to Eve Duncan's early life, exploring her history and motivations like no other novel before, Eve reveals long-guarded secrets and is guaranteed to leave Johansen fans panting for more.

Harley Brown's Eternal Truths for Every Artist Andrews McMeel Publishing

Using clear and concise language and in-depth, step-by-step demonstrations, author and renowned artist Mary Whyte guides beginning and intermediate watercolorists through the entire painting process, from selecting materials to fundamental techniques to working with models. Going beyond the practical application of techniques, Whyte helps new artists learn to capture not just the model's physical likeness, but their unique personality and spirit. Richly illustrated, the book features Mary Whyte's vibrant empathetic watercolors and works by such masters of watercolor as Mary Cassatt, Thomas Eakins, Winslow Homer, John Singer Sargent, and Georgia O'Keeffe.

Advanced Techniques and Concepts from the Renaissance to the Present

Courier Corporation

Discusses color relationships and the color wheel, tells how to develop color schemes, and shows a variety of paintings

*The LANDSCAPES* St. Martin's Press

Paint with passion, purpose and pleasure  
What do you want your landscape painting to say about this place, this moment? How do you use the visual

vocabulary - line, shape, value, color, edges - to say it? With this book, your conversation with nature will direct your brush. With an exhilarating, synergistic combination of indoor and outdoor painting, Kevin Macpherson shows you how to create personal, poetic landscapes that capture the feeling of being there. Learn how to:

- Use a limited palette in a way that is more liberating than limiting
- Experience nature to the fullest and capture its vibrancy back in the studio through photos, sketches and outdoor studies
- Cope with the fleeting qualities of atmosphere and light by establishing a value plan early and sticking with it
- Incorporate impressionistic touches of broken color to give your landscape a depth and vibrancy that enhances its realism
- Approach painting as a layering and corrective process that encourages non-formulaic solutions

Stimulating warm-up exercises in the studio prepare you for your adventures outside, while eight step-by-step demonstrations show you how to put these methods into action. Throughout, Macpherson's own light-filled landscapes illustrate the power of these techniques. Full of fresh air and fresh art, *Landscape Painting Inside and Out* will guide and encourage beginners while challenging more accomplished artists to bring greater vitality and a more natural, less formulaic finish to their paintings.

**The Art Spirit** Courier Corporation

Look around and select a subject that you can see painted. That will paint itself. Do the obvious thing before you do the superhuman thing. It may have been accidental, but you knew enough to let this alone. The good painter is always making use of accidents. Never try to repeat a success. Swing a bigger brush — you don't know what fun you

are missing. For 31 years, Charles Hawthorne spoke in this manner to students of his famous Cape Cod School of Art. The essence of that instruction has been collected from students' notes and captured in this book, retaining the personal feeling and the sense of on-the-spot inspiration of the original classroom. Even though Hawthorne is addressing himself to specific problems in specific paintings, his comments are so revealing that they will be found applicable a hundred times to your own work. The book is divided into sections on the outdoor model, still life, landscape, the indoor model, and watercolor. Each section begins with a concise essay and continues with comments on basic elements: general

character, color, form, seeing, posture, etc. It is in the matter of color that students will especially feel themselves in the presence of a master guide and critic. Hawthorne's ability to see color and, more important, to make the student see color, is a lesson that will aid student painters and anyone else interested in any phase of art. Although it does not pretend to be a comprehensive or closely ordered course, this book does have much to offer. It also represents the artistic insight of one of the finest painter-teachers of the twentieth century. "An excellent introduction for laymen and students alike." — Time "To read these notes and comments ... is in itself an education. One cannot help but gain great help." — School Arts
